Using National Reporting to Improve NBSAP Implementation and Development of the Post-2020 Global Biodiversity Framework

CBD COP 14 6NR Workshop: Friday 23 November 2018, 10:00 am – 4:00 pm

Aswan-JUSCANZ Room, Building 1

https://www.cbd.int/meetings/NR-OM-2018-01

During this one-day workshop, with colleagues from around the world, Parties will share experiences and work together to overcome challenges related to developing a high quality, data-driven, gender responsive Sixth National Report (6NR). This workshop is a continuation of the series of 6NR Technical Support workshops that were organized prior to SBSTTA 21, during SBSTTA 22, and at regional and sub-regional levels. By 31 December 2018, Parties are requested to submit a 6NR that describes the measures they are taking to implement the CBD and its Strategic Plan for 2011-2020, and the effectiveness of those actions in meeting the Convention's objectives.
