Subject: Global Strategy for Plant Conservation

Dear Zedan,

Refer to CBD Notification on 22 January 2001, The Office of Environmental Policy and Planning would like to submit new of Thailand to the above subject that Thailand agree with formulating the Global Strategy for Plant Conservation since the strategy can serve countries for scientific and information exchange including technology for plant conservation. Our implementation concerning this issue are CITES and Plant Protection.

Hope this comment will be useful for you.

Yours Sincerely,

Sirikul Bunpapong
