

Global Environment Facility: Investing in our planet

FINANCING ACHIEVEMENT OF THE AICHI TARGETS

FACT 1

Build capacity to strengthen policy and regulatory frameworks for mainstreaming biodiversity

FACT 2

Change policies and programs that encourage economically inefficient uses of ecosystems and species

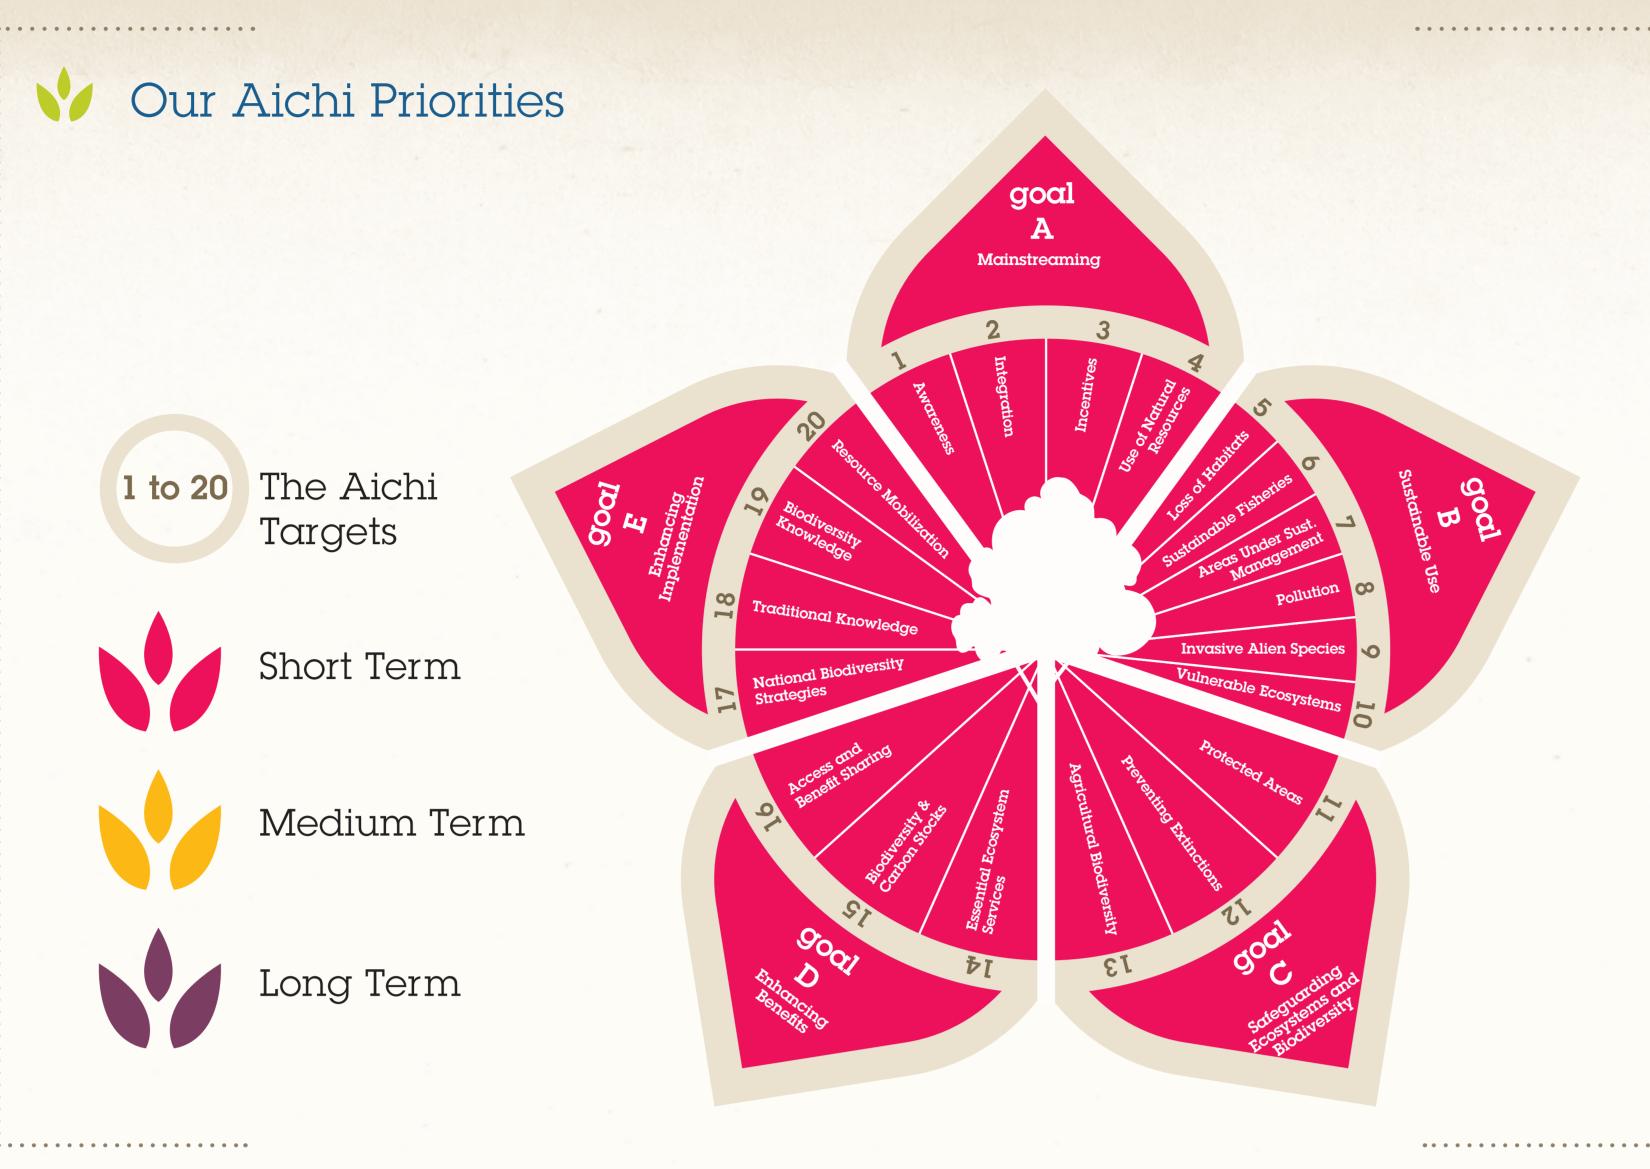

FACT 3

Remove the barriers to enhancing, scaling up, replicating, and extending environmental certification systems in productive landscapes and seascapes

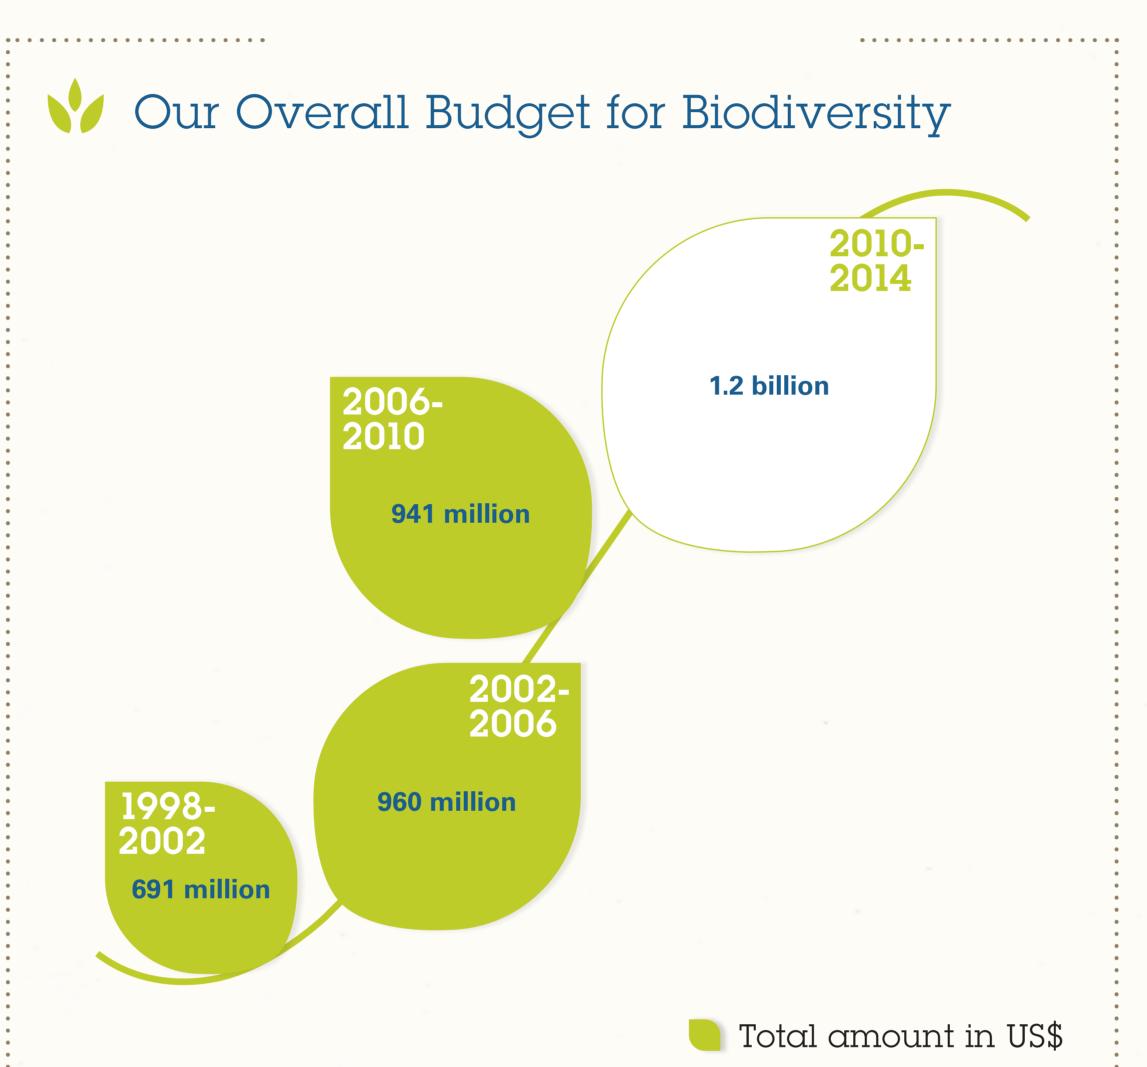

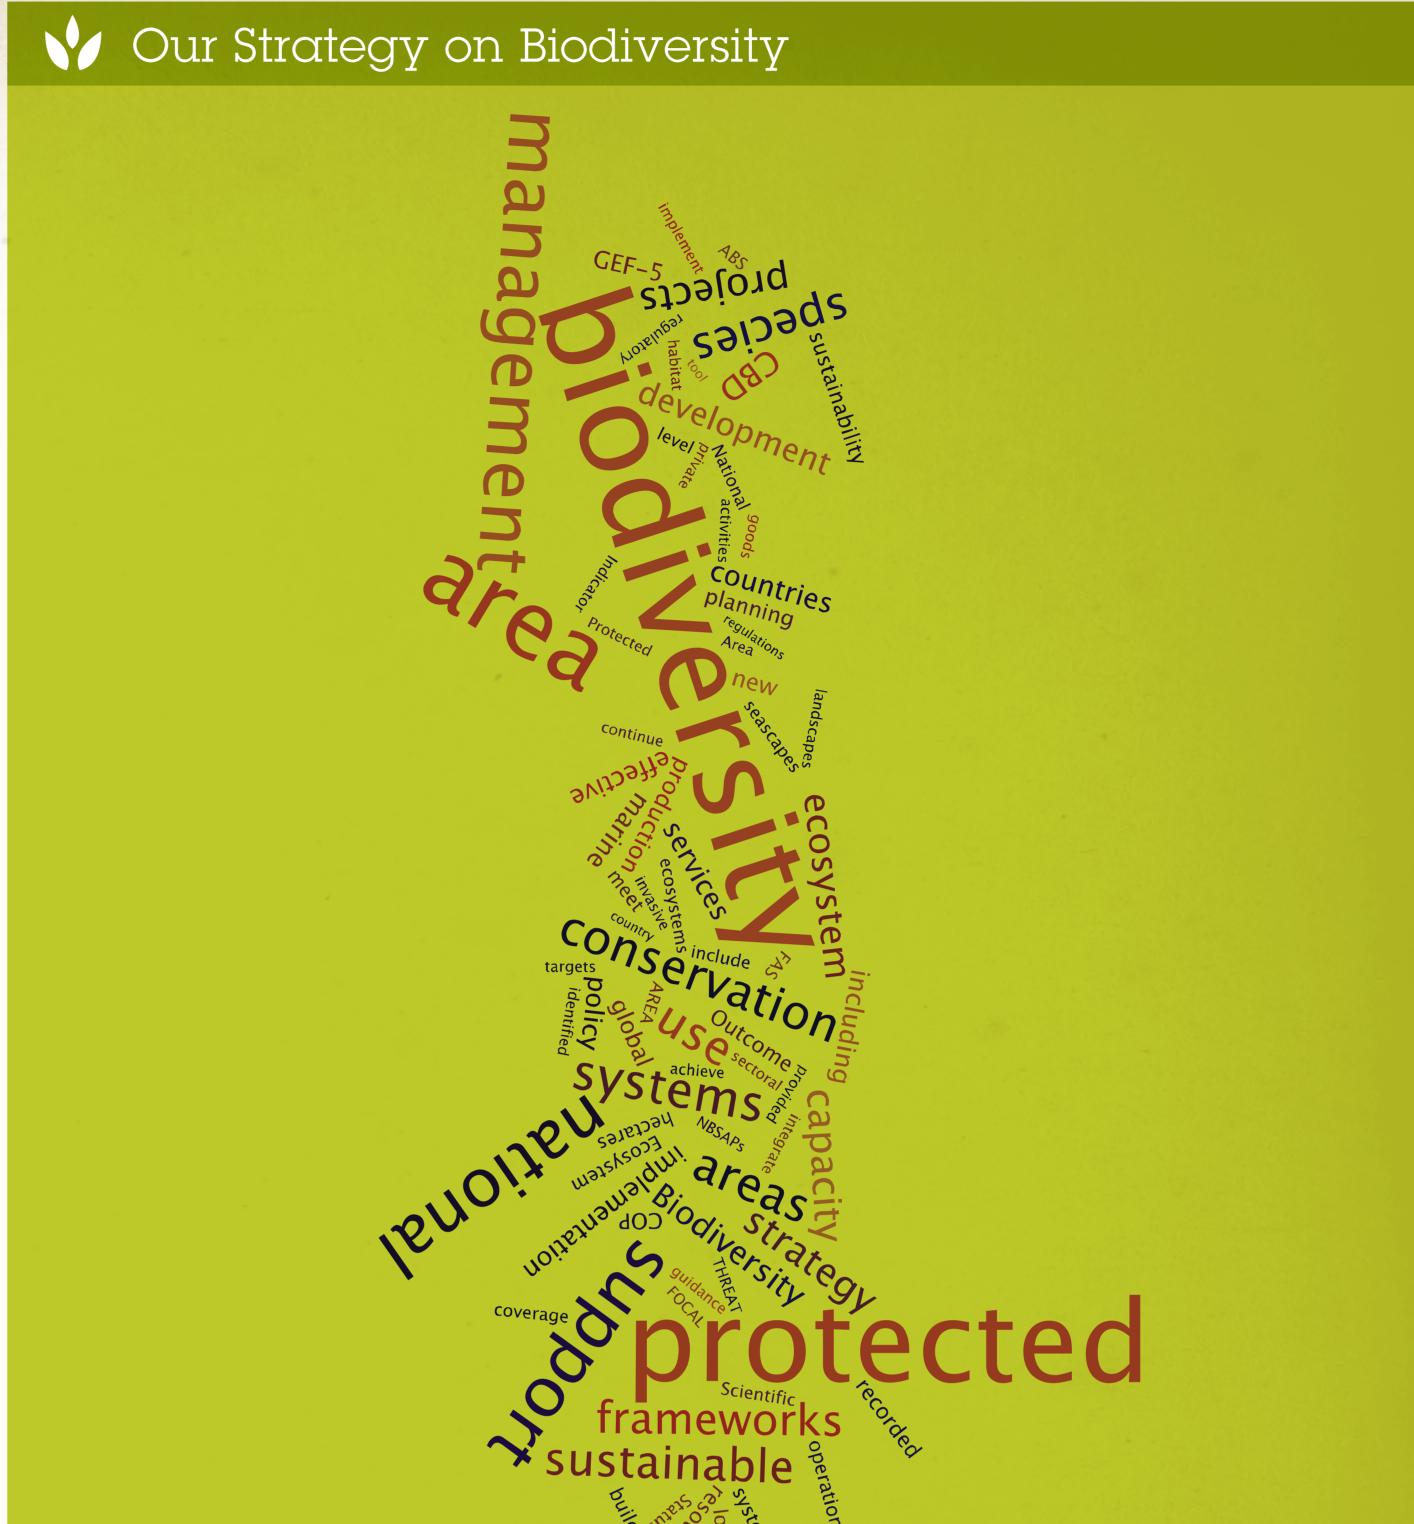

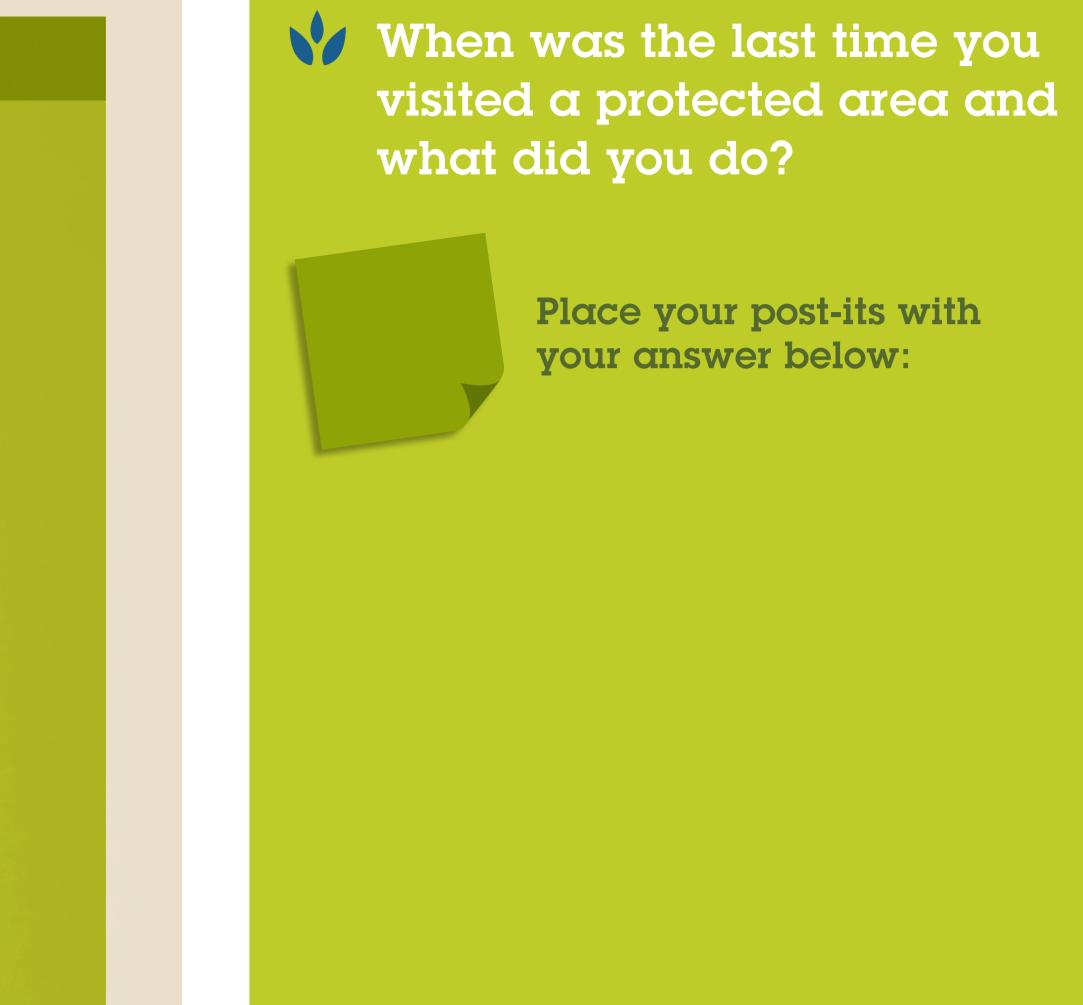

The GEF Strengthening the Protected Area Network Project has provided us with the necessary resources and expertise to realize the vision of our protected areas. The Namibian Government has come to understand the importance of our protected areas not only for conservation but also as engines for economic development, and subsequently increased its annual investment in our protected area system by over 300% in the last four years (2006-2010).

> – Ben Beytell, Director, Directorate of Parks and Wildlife Management, Ministry of Environment and Tourism.

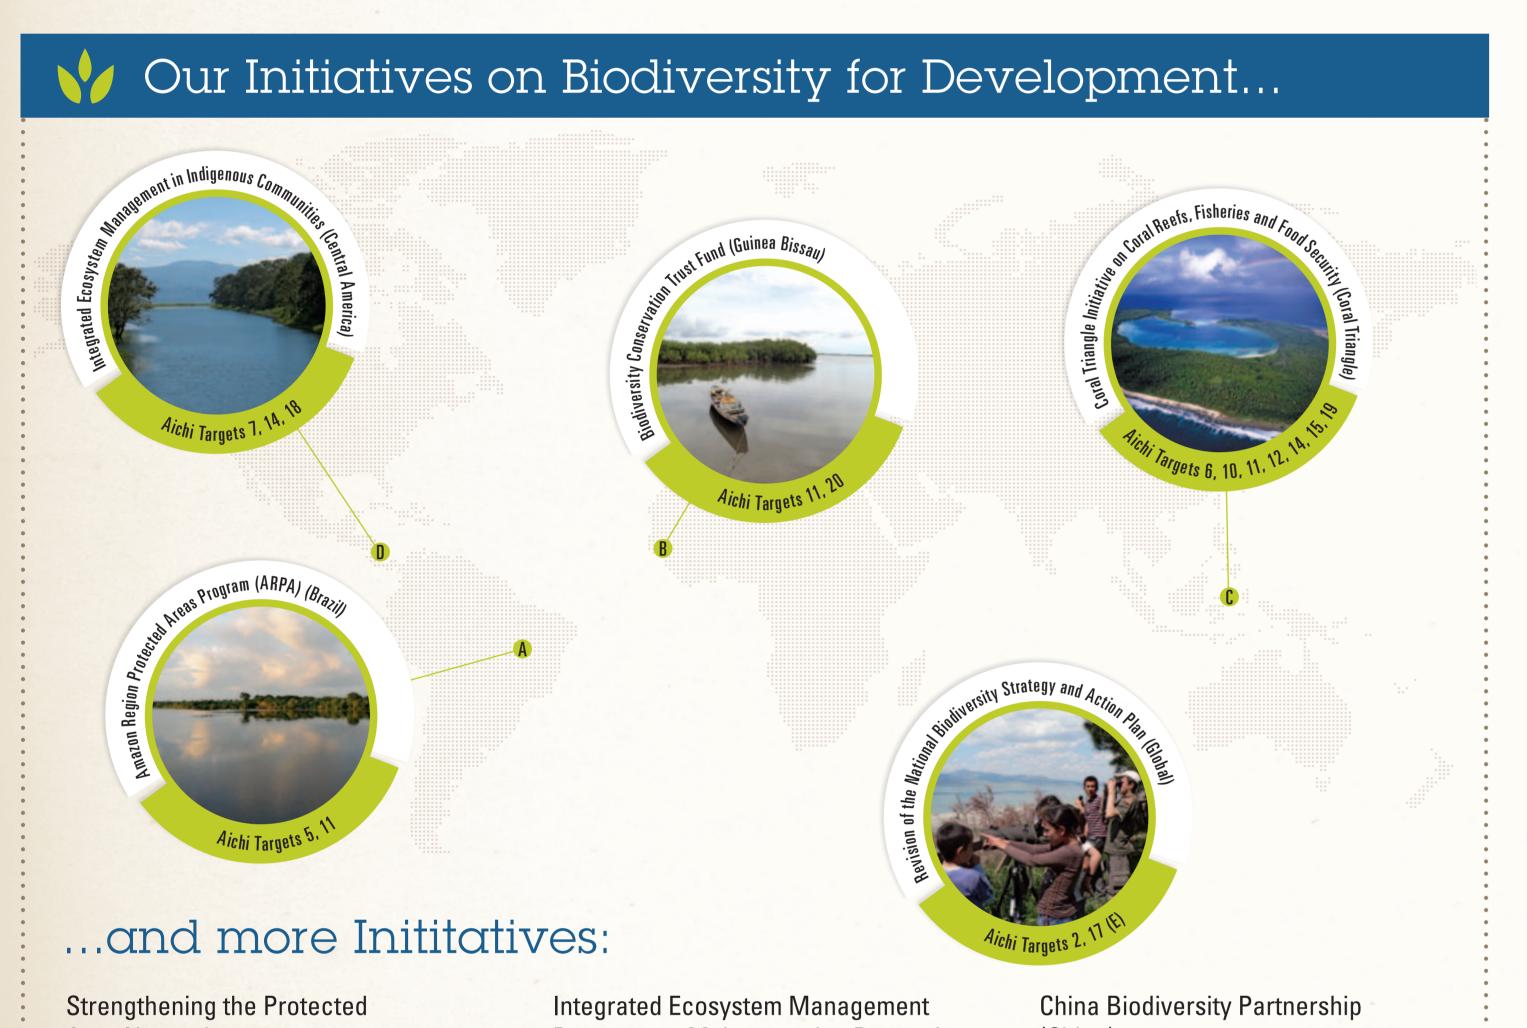

By 2020 I want you to:

GEF has provided and leveraged in co-financing in support of more than PROJECTS in countries. DID YOU KNOW?

hectares of productive landscapes and seascapes. As the largest funding mechanism for PROTECTED AREAS GLOBALLY, GEF has invested in

2,809 protected areas covering 780 million hectares.

The GEF has supported the mainstreaming of biodiversity into

for Mainstreaming Biodiversity

GEF-5 Biodiversity Strategy

Our Main Approaches for Mainstreaming

Raising awareness of the economic valuation of biodiversity

and its contribution to sustainable development and corporate

interests is often a necessary precursor to policy and behavior change.

economically inefficient uses of ecosystems and species; implementing

payments for environmental services; or removing barriers to extending

Biodiversity mainstreaming incentives for public and private actors

can then be created by: changing policies that currently encourage

Strengthen Policy and Regulatory Frameworks

Strengthening the Protected
