alien species which  
threaten ecosystems,  
habitats or species

# Target 9

**“By 2020 invasive alien species and pathways are identified and prioritized, priority species are controlled or eradicated, and measures are in place to manage pathways to prevent their introduction and establishment”**

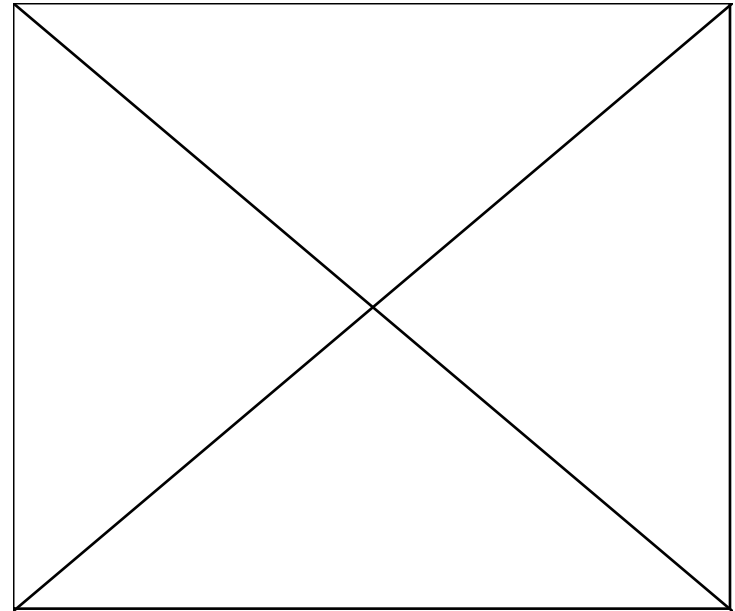

# Pathways of potential hazard to biodiversity entering to SIDS

The records cover the world's merchant fleet with some 100.000s of cargo ships, tankers, ferries, cruise ships, yachts and tugs in a week.
