CONFERENCE OF THE PARTIES TO THE  
CONVENTION ON BIOLOGICAL DIVERSITY  
Seventh meeting  
Kuala Lumpur, 9-20 and 27 February 2004  
Item 16 of the provisional agenda\*

**LIST OF MEETINGS AND DOCUMENTS PREPARED BY THE SECRETARIAT BETWEEN  
THE SIXTH AND SEVENTH MEETINGS OF THE CONFERENCE OF THE PARTIES**

*Note by the Executive Secretary*

1. In 2002, the Secretariat published a Guide to Documents of the Convention on Biological Diversity to assist Governments, policy makers, researchers, practitioners, and other stakeholders to search more efficiently through the large amount of printed material that has been prepared within the Convention process. That publication was made available to the sixth meeting of the Conference of the Parties, and available in hardcopy and electronically on the Secretariat's homepage in printer-friendly format.
2. Between the sixth and seventh meetings of the Conference of the Parties (April 2002-February 2004), the Secretariat will have organized 51 meetings, including:
  - Two meetings of the Subsidiary Body on Scientific, Technical and Technological Advice (SBSTTA);
  - One Open-Ended Inter-Sessional Meeting on the Multi-Year Programme of Work of the Conference of the Parties up to 2010;
  - Two meetings of ad hoc open-ended working groups (on access and benefit-sharing and Article 8(j) and related provisions);
  - Ten meetings of ad hoc technical expert groups (genetic use restriction technology, biological diversity and climate change, mountain biodiversity, protected areas, forest biodiversity, traditional knowledge, mariculture, dry and sub-humid lands, marine and coastal biological diversity);
  - Six regional meetings (clearing-house mechanism and regional preparatory meetings);
  - Three expert meetings (on inland water ecosystems and the Global Strategy for Plant Conservation);

---

\* UNEP/CBD/COP/7/1 and Corr.1.

/...

- One meeting of the Consultative Working Group of Experts on Communication, Education and Public Awareness;
- Five liaison group meetings (on inland waters, biosafety, protected areas, global strategy for plant conservation, biosafety clearing-house);
- Four workshops (on sustainable use, protected forest areas, incentive measures, liability and redress);
- One open-ended expert workshop (on access and benefit-sharing); and
- Two meetings on the ecosystem approach and the 2010 target.

3. The list of all meetings is contained in annex II to the present note.

4. As of 22 December 2003, the Secretariat has prepared and/or made available 393 documents to facilitate these meetings. More documents are under preparation and finalization for the upcoming meetings up to the seventh meeting of the Conference of the Parties. Most of these documents have elaborated in detail scientific and technical as well as progress in implementation with respect to individual thematic areas and cross-cutting issues, and thus are of value not only to policy deliberation but also to researches in thematic areas and cross-cutting issues. The list of all official documents prepared for meetings organized by the Secretariat between the sixth and seventh meetings of the Conference of the Parties (May 2002-February 2004) is contained in annex I to the present note. It may be used as an addendum to the Guide to Documents of the Convention on Biological Diversity published by the Secretariat in 2002.
