SIDE EVENT INFORMATION

The Secretariat is pleased to announce that the tentative programme of COP 9 side events is now available. Well over 200 requests were submitted for side events during COP-9. Allocation of side events was determined by availability of rooms and date of receipt of submissions. To the extent possible, we have worked to allocate side event dates and times as requested. It should be noted that side events may be rescheduled in the interests of official sessions of the meeting. Should there are any difficulties with the date and time allocated to your side event, please contact the designated on-site CBD focal person, Ms. Lisa Pedicelli, at the following coordinates:

In order that the Secretariat may publish a Compendium of side events held during the meeting, side event organizers are invited to send a short abstract on the objective, as well as a summary of the event, to Ms. Pedicelli by no later than 30 June 2008. Any submission received after the deadline will not be included in the Compendium.

Please take note of the following:

1. All meeting rooms for side-events are equipped for PowerPoint presentations (LCD projector with screen + computer), and are at no cost to the organizers;
2. It should be noted that Modern Times GmbH should only be contacted when equipment other than that indicated under 1 above is required. Any equipment ordered from Modern Times is on a commercial basis. Requests for special equipment received after the set deadline (30 April 2008) will not be considered;
3. Side-event organizers wishing to offer food are kindly requested to directly contact the (exclusive) in-house caterer based at the venue where their side-event is scheduled to take place. It is the responsibility of the side-events organizers to notify the caterer in the event of change of venue. List of caterers along with an indicative menu list can be found below;
4. It should be noted that food and drinks are not allowed inside the meeting rooms. The food and beverages ordered will be provided at the entrance of the meeting room;
5. Please book a slot for the testing of your presentation/equipment for your side-event prior its start, using the binder which will be made available within the meeting venue.
Catering:

It should be noted that in-house caterers have the exclusivity to service the side-events held at their venue e.g. the Maritim hotel cannot provide food for an event taking place at a venue other that the Maritim and vice-versa.

Additional information on daily lunch menus can be found at the computer centre, located in room Beethoven on-site. The Catering proposed to participants during the meetings reflects the spirit of biodiversity, offers regional specialities as well as organic food.
