

German Development Cooperation in Asia

Portfolio:
Biodiversity and Climate Change

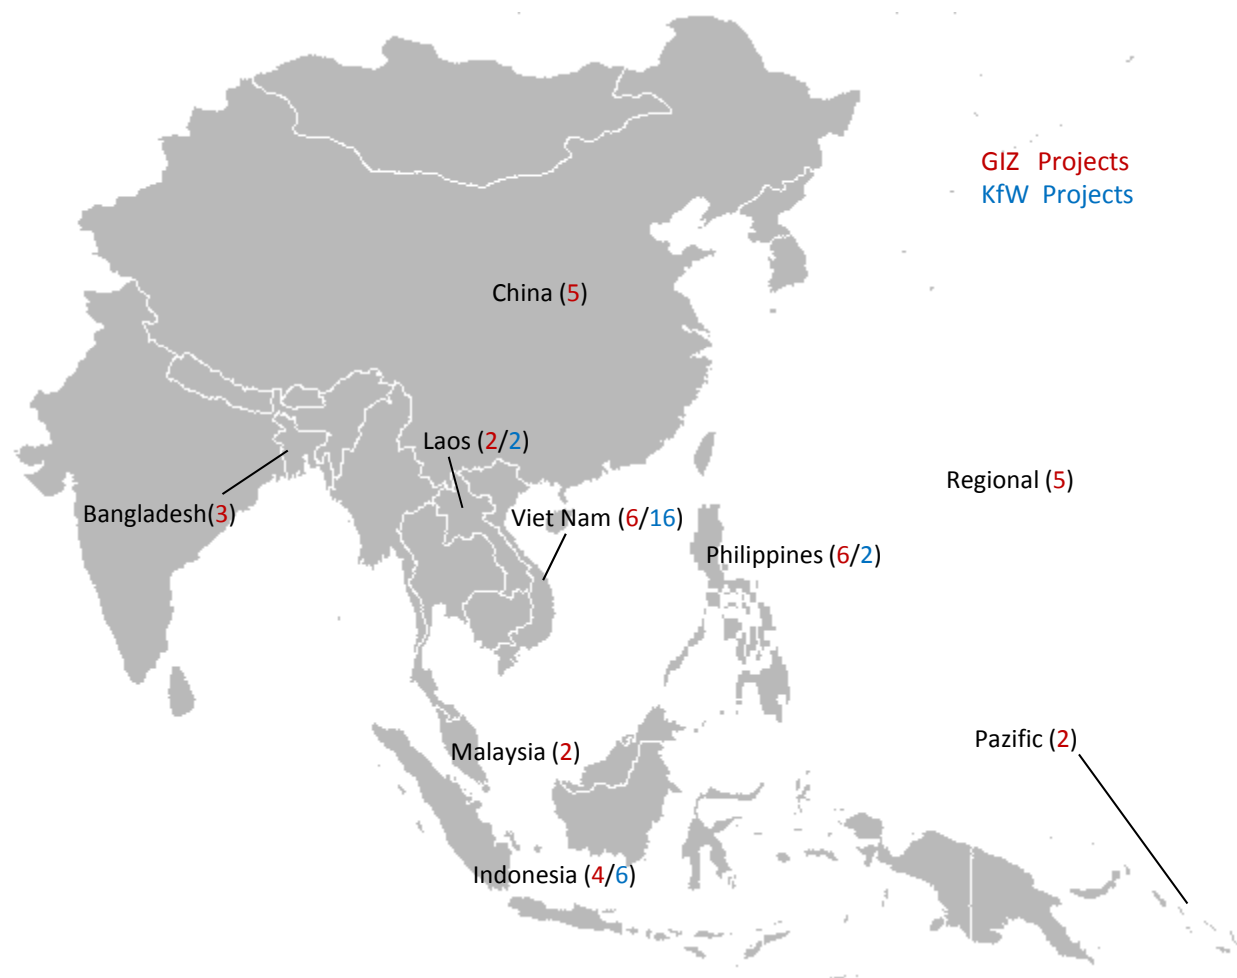

GIZ
Biodiversity and Climate Change
Portfolio Overview

Biodiversity Projects in Asia German Development Cooperation

Total Numbers of projects: **61**

- GIZ Projects: 35
- KfW Projects: 26

Focus on REDD

Indonesia

Forests and Climate Change Programme (FORCLIME)

Cooperation: KfW (20 Mio €, in preperation)

Focus: REDD-Mechanismen, Sustainable Use

Merang Reduced Emissions from Deforestation and Degradation Pilot Project (BMU)

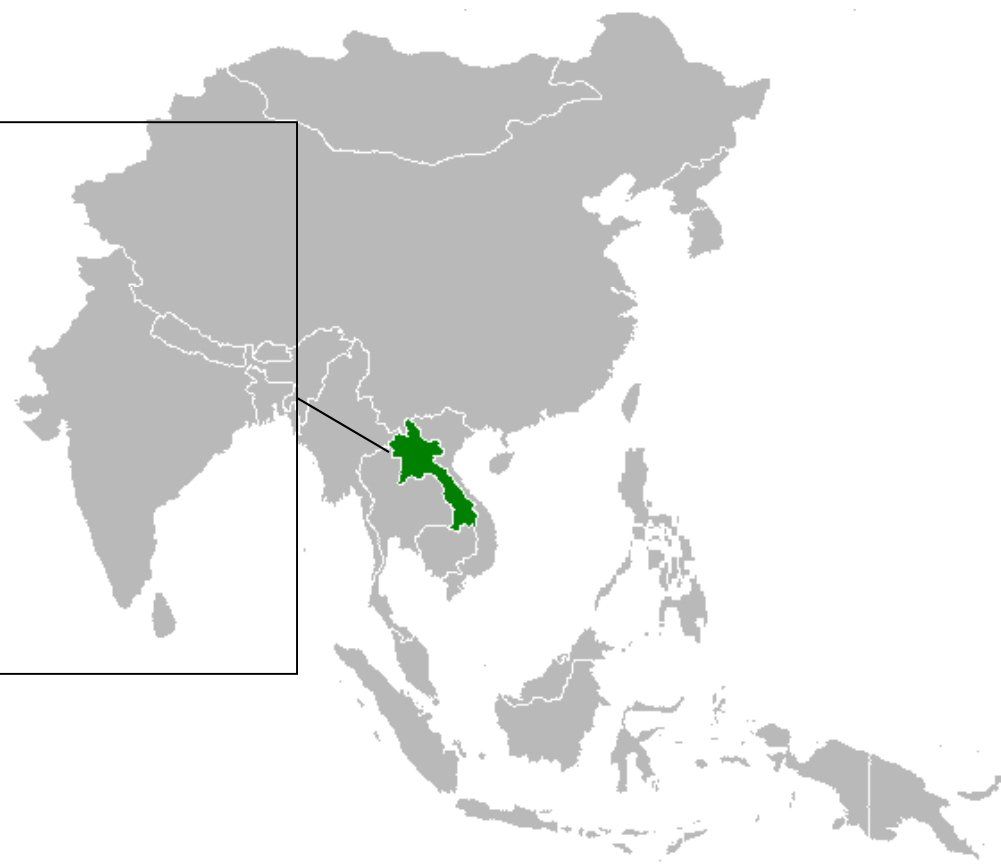

REDD II – Upgrading Merang REDD Pilot Project Knowledge Management (BMU)

Focus on REDD

Lao PDR

CliPAD-Climate Protection through
Avoided Deforestation

Focus: Sustainable Forestry, REDD

Focus on REDD

Philippines

Programme for Sustainable Management of Natural Resources

Focus: Sustainable Resource Management, Community Forest Management

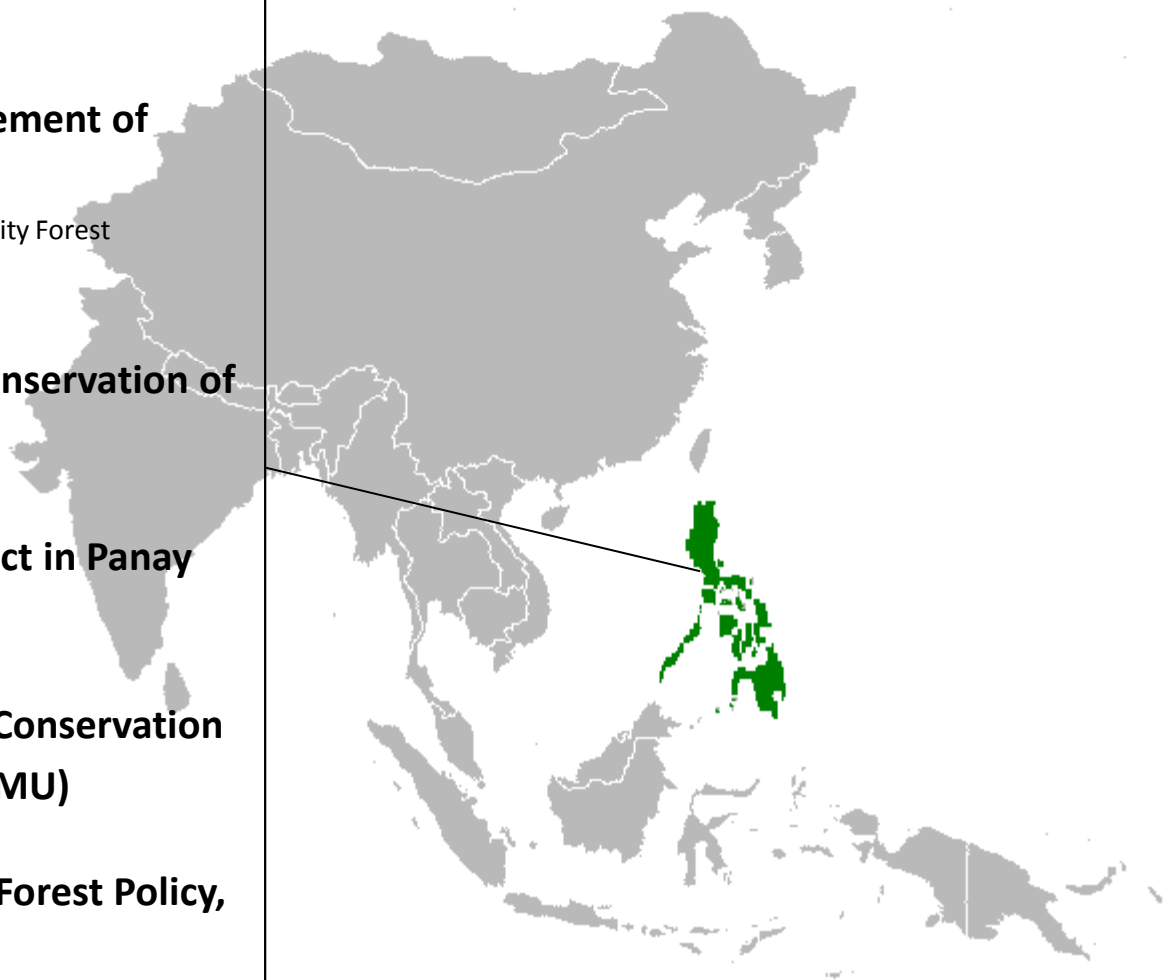

Adaption to Climate Change and Conservation of Biodiversity (ACCBio)

Forest and Climate Protection Project in Panay (BMU)

Adaptation to Climate Change and Conservation of Biodiversity in the Philippines (BMU)

Climate-relevant Modernisation of Forest Policy, and Piloting of REDD (BMU)

16.03.2011

Viet Nam

Management of Natural Resources in the Coastal Zone of Soc Trang Province

Focus: Sustainable Resource Management, Protected Areas

Environmental Protection and Management of Natural Resources in Dak Nong Province

Focus: Sustainable Forest Management

Nature Conservation and Sustainable Management of Natural Resources in the Phong Nha-Ke Bang National Park Region

Cooperation: KfW (12,63 Mio €; 2008-2016)

Focus: Conservation and Sustainable Forest Management

Promotion of Sustainable Management of Natural Forest and Marketing of Important Forest Products

Focus: Sustainable Forest Management

Conserving Biodiversity in Forest Ecosystems

Focus: Protected Forest Areas

Sustainable Management of Coastal Forest Ecosystems in Bac Lieu Province (BMU)

Focus on REDD

Focus on REDD

Regional: Asia

ASEAN Centre for Biodiversity: Biodiversity and Climate Change (ACB)

Focus: Policy Advise

ASEAN-German Programme on Response to Climate Change: Agriculture, Forestry and related Sectors

Focus: Agrobiodiversity, Sustainable Use

Adaptation and Mitigation Strategies in Support of AFCC

Focus: REDD-Mechanism, Sustainable Forest Management

Protection of Sustainable Policy Initiatives in the Management of Natural Ressources in the Hindu Kush Himalayas (ICIMOD)

Focus: Sustainable Resource Management

Sustainable Watershed Management in the Lower Mekong Basin

Focus: Sustainable Resource Management

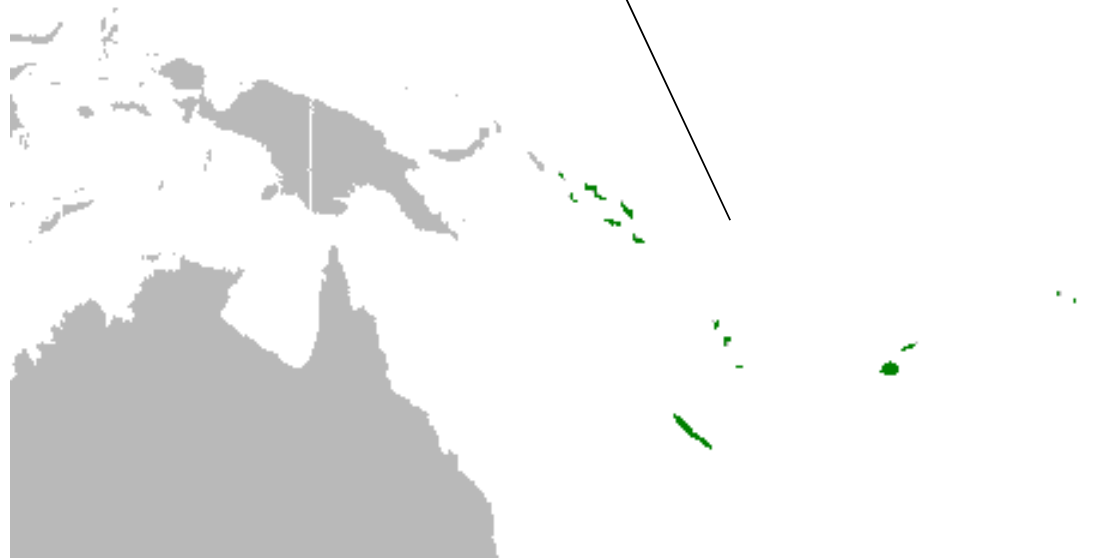

Focus on REDD

Regional: Pazifik

Adaptation to Climate Change in the Pacific Island Region (BMZ)

Focus: REDD-Mechanism

Forest Protection and Climate Change in the Pacific (BMU)

Focus on REDD

Regional: Asia

ASEAN Centre for Biodiversity: Biodiversity and Climate Change (ACB)

Focus: Policy Advise

ASEAN-German Programme on Response to Climate Change: Agriculture, Forestry and related Sectors

Focus: Agrobiodiversity, Sustainable Use

Adaptation and Mitigation Strategies in Support of AFCC

Focus: REDD-Mechanism, Sustainable Forest Management

Protection of Sustainable Policy Initiatives in the Management of Natural Ressources in the Hindu Kush Himalayas (ICIMOD)

Focus: Sustainable Resource Management

Sustainable Watershed Management in the Lower Mekong Basin

Focus: Sustainable Resource Management

Who is ACB

- ACB is an intergovernmental regional centre of excellence established through an agreement among the Governments of the Member States of ASEAN.
- ACB reports to the ASEAN Secretariat, ASOEN who constitute the Governing Board; ACB coordinates its activities through AMS Contact Points.
- ACB focuses on 12 thematic areas that are of global and regional importance and that reflect the commitments primarily towards the CBD and with other multilateral environmental agreements such as CITES and RAMSAR, among others, for which the majority of the ASEAN Member States are Parties.
- GIZ provides technical and financial support to ACB from 2010 to 2015.

ACB facilitates cooperation and coordination among ASEAN Member States and with relevant national governments, regional and international organizations on the conservation and sustainable use of biological diversity.

ACB builds strategic networks and partnerships geared to mobilize resources towards optimally augmenting effective programs on biodiversity conservation.

ACB CORE OBJECTIVES

- Provide a framework and mechanism for sharing information, experiences, best practices and lessons learned for efficient access by AMS
- Facilitate discussion and resolution of cross-country biodiversity conservation issues
- Provide capacity building and technology transfer services
- Enhance common understanding of biodiversity conservation issues to strengthen compliance with multilateral agreements on biodiversity
- Promote public and leadership awareness of the values of biodiversity

ACB Thematic Concerns

- ❖ **Access and benefit sharing**
- ❖ **Agro-biodiversity and biosafety**
- ❖ **Biodiversity information management**
- ❖ **Business and biodiversity**
- ❖ **Climate change and biodiversity**
- ❖ **Ecotourism and biodiversity conservation**
- ❖ **Global Taxonomic Initiative**
- ❖ **Invasive alien species**
- ❖ **Payment for ecosystem services**
- ❖ **Peatland management and biodiversity**
- ❖ **Protected area management**
- ❖ **Wildlife management**

GIZ – ACB

Biodiversity and Climate Change Project - BCCP

- **Project Objective:** ACB is equipped with advisory strategies and instruments to advise AMS on biodiversity conservation related measures of climate protection and adaptation to climate change.
- **Objective of EU-Combi Module:** Enhancing the economics for ecosystem services in South-East Asia: Instruments for biodiversity conservation through payment mechanisms for ecosystem services in designated areas in Thailand as a model for South-East Asian countries
- **Further fields** of interest will be developed under supplementary financing from BMZ (approved). The offer is under preparation.
