

COP 10 and Protected Areas

Capacity building for the implementation of the PoWPAs

Introduction to the Working Groups

1. What is happening **NOW** in terms of capacity building for PA management and PoWPA implementation:

Who

- in the countries
- at the regional level

What

- PA planning and management
- Stakeholder involvement
- Communication
- Other....

How

- workshops, seminars (initiated through projects, central authorities, NGO, others)
- university courses
- master courses
- periodical professional development for PA staff and/or others

2. What would be needed to improve PoWPA implementation in the **FUTURE**?

a. **WHO** should be trained?

Who **can make a difference** in PoWPA implementation?

- Identify institutions, organizations that should benefit from training
- Would be a “train of trainers” approach help the capacity building process? If yes, can you identify future trainers?

2. What would be needed to improve PoWPA implementation in the **FUTURE**?

b. WHAT is needed?

- Indicate **key topics** for capacity building
 - Site level planning and management
 - Network planning and management
 - Stakeholder involvement
 - Communication
 - Others

2. What would be needed to improve PoWPA implementation in the **FUTURE**?

c. HOW should be the capacity building done?

Indicate what kind of approaches and what kind of tools you would see for the capacity building programmes?

- Special PA training programmes
- University programmes, master programmes
- On-line trainings
- On-job trainings
- Study tours
- Toolboxes, guidelines
