held under the Convention.<sup>2</sup> Matters concerning progress and participation are dealt with in a note by the Executive Secretary on the subject (UNEP/CBD/WG8J/8/2). In addition, the Executive Secretary has provided an update on indicators relevant for traditional knowledge and customary sustainable use (UNEP/CBD/WG8J/8/9).

13. The document on progress and participation (UNEP/CBD/WG8J/8/2) contains a draft recommendation, which aims to recommit to the relevant decisions from both the tenth and eleventh meetings of the Conference of the Parties and thus does not propose new and additional draft decisions at this time. The note on indicators (UNEP/CBD/WG8J/8/9) contains, in section IV, draft recommendations regarding indicators for the consideration of the Working Group, in order to encourage further progress on this matter. Also, as the in-depth dialogue (item 6) has been adopted as a tool to assist the integration of Article 8(j) and related provisions as a cross-cutting issue into the other areas of work of the Convention, Parties may wish to consider the draft recommendation contained in section III of UNEP/CBD/WG8J/8/3 regarding the in-depth dialogue, along with the recommendation on progress and participation under agenda item 3.

#### **ITEM 4. MULTI-YEAR PROGRAMME OF WORK ON THE IMPLEMENTATION OF ARTICLE 8(j) AND RELATED PROVISIONS OF THE CONVENTION ON BIOLOGICAL DIVERSITY**

15. Agenda item 4 covers the various matters relating to the revised programme of work for Article 8(j) and related provisions, including consideration of a draft plan of action for customary sustainable use,<sup>3</sup> best-practice guidelines that would facilitate enhancement of repatriation of indigenous and traditional knowledge;<sup>4</sup> how tasks 7, 10 and 12<sup>5</sup> could best contribute to the work under the Convention and the Nagoya Protocol and *sui generis* systems for the protection, preservation and promotion of traditional knowledge, innovations and practices.

<sup>2</sup> Including through the Voluntary Fund for the participation of indigenous and local communities in meetings held under the Convention.

<sup>3</sup> Article 10(c) as a new major component of work of the revised programme of work on Article 8(j) and related provisions.

<sup>4</sup> Task 15 of the revised programme of work on Article 8(j) and related provisions.

<sup>5</sup> **Task 7.** Based on tasks 1, 2 and 4, the **Working Group** to develop guidelines for the development of mechanisms, legislation or other appropriate initiatives to ensure: (i) that indigenous and local communities obtain a fair and equitable share of benefits arising from the use and application of their knowledge, innovations and practices; (ii) that private and public institutions interested in using such knowledge, practices and innovations obtain the prior informed approval of the indigenous and local communities; (iii) advancement of the identification of the obligations of countries of origin, as well as Parties and Governments where such knowledge, innovations and practices and the associated genetic resources are used. Element 5. Exchange and dissemination of information.

**Task 10.** The Ad Hoc **Working Group** to develop standards and guidelines for the reporting and prevention of unlawful appropriation of traditional knowledge and related genetic resources.

**Task 12.** The **Working Group** to develop guidelines that will assist Parties and Governments in the development of legislation or other mechanisms, as appropriate, to implement Article 8(j) and its related provisions (which could include *sui generis* systems), and definitions of relevant key terms and concepts in Article 8(j) and related provisions at international, regional and national levels, that recognize, safeguard and fully guarantee the rights of indigenous and local communities over their traditional knowledge, innovations and practices, within the context of the Convention.

**(a) *Article 10(c), as a new major component of work of the revised work programme for Article 8(j) and related provisions***

***Consideration of a draft plan of action***

16. In its decision XI/14 F, the Conference of the Parties agreed on the development of a plan of action on customary sustainable use, as a new major component of the revised programme of work on Article 8(j) and related provisions. In paragraph 10 of the same decision, the Conference of the Parties also agreed on the following three priority tasks:

(a) To incorporate customary sustainable use practices or policy, as appropriate, with the full and effective participation of indigenous and local communities, into national biodiversity strategies and action plans, as a strategic way to maintain biocultural values and achieve human well-being, and to report on this in national reports;

(b) To promote and strengthen community-based initiatives that support and contribute to the implementation of Article 10(c) and enhance customary sustainable use; and to collaborate with indigenous and local communities in joint activities to achieve enhanced implementation of Article 10(c);

(c) To identify best practices (e.g. case-studies, mechanisms, legislation and other appropriate initiatives) to:

- (i) Promote, in accordance with national legislation and applicable international obligations, the full and effective participation of indigenous and local communities, and also their prior and informed consent to or approval of, and involvement in, the establishment, expansion, governance and management of protected areas, including marine protected areas, that may affect indigenous and local communities;
- (ii) Encourage the application of traditional knowledge and customary sustainable use in protected areas, including marine protected areas, as appropriate;
- (iii) Promote the use of community protocols in assisting indigenous and local communities to affirm and promote customary sustainable use in protected areas, including marine protected areas, in accordance with traditional cultural practices;

17. In paragraph 4 of the same decision, the Conference of the Parties requested the Executive Secretary to develop a draft plan of action for customary sustainable use, building on the Addis Ababa Principles and Guidelines, the ecosystem approach and relevant materials, in particular from other multilateral environmental agreements and relevant instruments of the Food and Agricultural Organization of the United Nations, based on the priority tasks, submissions and other relevant information, including a gap analysis. The Executive Secretary was also requested, when developing the draft plan of action, to include a proposal for phased implementation, based on the priority tasks, submissions and other relevant information, including a gap analysis and consideration of funding and technical support for developing and least developed countries. Taking all this into account, the Executive Secretary has made available a note on Article 10, with a focus of Article 10(c), as a major component of work of the work programme for Article 8(j) and related provisions (UNEP/CBD/WG8J/8/7) containing, in its annex, a draft plan of action for customary sustainable use. The note also contains draft recommendations for phased implementation, as well as consideration of funding and technical support for developing and least developed countries, for consideration by the Working Group.

18. In support of this agenda item, the Executive Secretary has also made available a compilation of views received on the development of the plan of action for customary sustainable use of biological diversity (UNEP/CBD/WG8J/8/INF/9). In order to take advantage of relevant input received from a related multi-party initiative referred to as the International Indigenous Land and Sea Managers Conference (26-31 May, 2013, Darwin, Australia) and the World Indigenous Network (WIN), a report of that meeting is made available as UNEP/CBD/WG8J/8/INF/12.

19. Under this agenda item, the Working Group is invited to consider the draft plan of action annexed to document UNEP/CBD/WG8J/8/7 and make recommendations concerning its possible adoption to the twelfth meeting of the Conference of the Parties.

**(b) *Best-practice guidelines that would facilitate enhancement of the repatriation of traditional knowledge (task 15)***

20. In decision XI/14 D, the Conference of the Parties adopted the terms of reference<sup>6</sup> to advance task 15, in light of other related and ongoing activities. In order to assist Parties, the Executive Secretary was requested to compile information received from Parties, other Governments, relevant international organizations, non-governmental organizations, and indigenous and local communities on national and/or international best practices relevant to task 15. These submissions are made available in an information document (UNEP/WG8J/8/INF/7).

21. Furthermore, recognizing that cultural property and heritage is within the mandate of the United Nations Educational, Scientific and Cultural Organization (UNESCO), the Conference of the Parties requested the Executive Secretary to seek cooperation with UNESCO in analysing whether and how the different international legal instruments that address cultural property and heritage of indigenous and local communities contribute to the repatriation of indigenous and traditional knowledge relevant to the conservation and sustainable use of biodiversity. Further to this, the Executive Secretary consulted UNESCO and has included advice received in section III of the note on development of best-practice guidelines for the repatriation of traditional knowledge relevant to the conservation and sustainable use of biological diversity (UNEP/CBD/WG8J/8/5). Also, to assist participants in considering the various forms of traditional knowledge, a list and brief technical explanation of the various forms in which traditional knowledge can be found (WIPO/GRTKF/IC/17/INF/9) has been made available at <http://www.cbd.int/doc/?meeting=WG8J-08>, under other documents.

22. Taking all this into account, as requested in decision XI/14 D, paragraph 6, the Executive Secretary has developed draft guidelines to promote the repatriation of traditional knowledge and related information relevant to the conservation and sustainable use of biological diversity, in order to facilitate the recovery of traditional knowledge of biological diversity and made it available in the annex to document UNEP/CBD/WG8J/8/5, which also contains in section VII, draft recommendations for consideration by the Working Group on how to take this matter forward.

**(c) *How tasks 7, 10 and 12 could best contribute to work under the Convention and to the Nagoya Protocol***

23. In decision XI/14 C, the Conference of the Parties decided to advance tasks 7, 10 and 12 of the revised programme of work on Article 8(j) and related provisions. In paragraph 2 of the same decision, the Conference of the Parties requested the Executive Secretary to commission three studies on tasks 7, 10 and 12, respectively, subject to the availability of financial resources and taking into account the work of relevant bodies, to identify how their implementation could best contribute to the work under the Convention and the Nagoya Protocol. In paragraph 3 of the same decision, Parties, Governments, relevant international organizations and indigenous and local communities were requested to submit their views on

---

<sup>6</sup> Decision XI/14, D, annex.

the draft studies. Those views have been compiled and are made available as an information document (UNEP/CBD/WG8J/8/INF/6).

24. In order to work within available resources and to avoid overlap and duplication, as well as to promote harmonization between the tasks, and taking into account current work on both *sui generis* systems and terms and definitions, the Executive Secretary commissioned a single study on the three tasks. To ensure that Parties, Governments, relevant international organizations and indigenous and local communities were provided with ample opportunity to consider the draft study and to provide views for incorporation into the final study, the Executive Secretary made the draft study available for an online peer-review process in July 2013. The final expert study, which incorporates the results of the peer-review process, is made available as an information document (UNEP/CBD/WG8J/8/INF/5).

25. To assist the Working Group in its consideration of these matters, the Executive Secretary has provided a note on how tasks 7, 10 and 12 could best contribute to work under the Convention and to the Nagoya Protocol (UNEP/CBD/WG8J/8/4), which may be used as a framework for the way forward, taking into account developments since the adoption of the programme of work<sup>2</sup>, the need for consistency of language, and avoiding overlap and duplication. Section IV of the note contains draft recommendations for the consideration of the Working Group to take these tasks forward.

**(d) *Sui generis systems for the protection, preservation and promotion of traditional knowledge, innovations and practices***

26. In decision XI/14 E, Parties decided to extend and broaden the dialogue regarding *sui generis* systems to include preservation and promotion of traditional knowledge relating to biological diversity. In order to assist the Working Group in its deliberations, the Conference of the Parties requested the Executive Secretary to compile input received from Parties, Governments, international organizations, non-governmental organizations, and indigenous and local communities regarding their experiences, case-studies, and views regarding a broad range of *sui generis* systems and their mechanisms, including community protocols, policy, and administrative or legislative measures, which have contributed to respect for and protection, preservation and promotion of the wider application of traditional knowledge, in order to assist countries to evaluate which mechanisms may be applicable in their national context. Input received is compiled and made available as an information document (UNEP/CBD/WG8J/8/INF/8).

27. Furthermore, in paragraph 4 of the same decision, Parties and Governments were invited, in light of the Nagoya Protocol, to report on any regional measures taken to protect traditional knowledge held across national and international boundaries, and evidence of the effectiveness of such measures. In the same decision, the Executive Secretary was requested to compile and analyse information received and to include it as a new element on regional measures in the revised note on possible elements of *sui generis* systems for the protection, preservation and promotion of traditional knowledge relevant to conservation and sustainable use of biological diversity (UNEP/CBD/WG8J/8/6/Add.1). The Conference of the Parties also invited Parties to consider the terms and definitions developed in response to decision VII/16 H, and to submit views, including additional terms and definitions for possible inclusion, to the Executive Secretary. The Executive Secretary compiled these views and, based on information received, revised the terms and definitions as a draft glossary which is available as the annex to UNEP/CBD/WG8J/8/6/Add.1.

28. Participants should note the potential overlap between work on *sui generis* systems with task 12 which, amongst others things, aims to assist Parties and Governments in the development of legislation or other mechanisms, as appropriate, to implement Article 8(j) and its related provisions (which could include *sui generis* systems) and definitions of relevant key terms and concepts in Article 8(j) and related provisions at international, regional and national levels. Also in order to remain coordinated and in harmony with WIPO concerning their work on traditional knowledge, the Glossary of key terms related to

intellectual property and traditional knowledge (WIPO/GRTKF/TWG/2/INF/2) is made available, under other documents. to assist the Working Group in taking these matters forward in a coordinated manner, The Executive Secretary has prepared a note on development of elements of *sui generis* systems for the protection, preservation and promotion of traditional knowledge, innovations and practices relating to biological Diversity (UNEP/CBD/WG8J/8/6). Section II of the note contains draft recommendations for consideration by the Working Group in order to take forward the work on *sui generis* systems, whilst avoiding potential overlap and duplication with work requested under task 12.

#### **ITEM 5. RECOMMENDATIONS FROM THE UNITED NATIONS PERMANENT FORUM ON INDIGENOUS ISSUES**

29. Under this item, the Working Group is invited to consider the new recommendations arising from both the eleventh (2012) and twelfth (2013) sessions of the United Nations Permanent Forum on Indigenous Issues (UNPFII) pertaining to the Convention. In decision XI/14 G, paragraph 2, the Conference of the Parties noted the recommendations contained in paragraphs 26 and 27<sup>8</sup> concerning the use of the term “*indigenous peoples and local communities*”, of the report of the tenth session of UNPFII (E/2011/43 and E/C.19/2011/14), and requested the Working Group, taking into account submissions by Parties, other Governments, relevant stakeholders and indigenous and local communities, to consider this matter and all its implications for the Convention on Biological Diversity and its Parties, for further consideration by the Conference of the Parties.

30. The Secretariat has provided a note containing the recent recommendations of UNPFII to the Convention on Biological Diversity (UNEP/CBD/WG8J/8/8), including a concise update on recommendations already in process and recommendations not yet considered by the Working Group, as well as recommendations 26 and 27 of the report of the tenth session. Based on this, the Working Group may wish to make recommendations to the twelfth meeting of the Conference of the Parties.

31. Furthermore, to assist the Working Group in its deliberations, the Executive Secretary has made available a compilation of views received in response to decision XI/14 G, paragraph 2, on the use of the term “indigenous peoples” as UNEP/CBD/WG8J/8/INF/10, as well as UNEP/CBD/WG8J/8/INF/10/Add.1 which includes documents referred to in the compilation.

#### **ITEM 6. IN-DEPTH DIALOGUE ON THEMATIC AREAS AND OTHER CROSS-CUTTING ISSUES**

32. In decision XI/14 A, paragraph 7, the Conference of the Parties decided that the topic for the in-depth dialogue to be held at the eighth meeting of the Working Group shall be: “*Connecting traditional knowledge systems and science, such as IPBES, including gender dimensions.*”

33. To assist the Working Group, a note by the Executive Secretary on the subject is made available (UNEP/CBD/WG8J/8/3) along with a compilation of views concerning this topic (UNEP/CBD/WG8J/8/INF/2). Parties are also requested in document UNEP/CBD/WG8J/8/3 to propose a topic for the next in-depth dialogue at the ninth meeting of the Working Group for consideration of the

---

<sup>8</sup> Recommendation 26. Affirmation of the status of indigenous peoples as “peoples” is important in fully respecting and protecting their human rights. Consistent with its 2010 report (E/2010/43-E/C.19/2010/15), the Permanent Forum calls upon the parties to the Convention on Biological Diversity, and especially including the Nagoya Protocol, to adopt the terminology “indigenous peoples and local communities” as an accurate reflection of the distinct identities developed by those entities since the adoption of the Convention almost 20 years ago; and Recommendation 27. The Permanent Forum reiterates to the parties to the Convention on Biological Diversity, and especially to the parties to the Nagoya Protocol, the importance of respecting and protecting indigenous peoples’ rights to genetic resources consistent with the United Nations Declaration on the Rights of Indigenous Peoples. Consistent with the objective of “fair and equitable” benefit sharing in the Convention and Protocol, all rights based on customary use must be safeguarded and not only “established” rights. The Committee on the Elimination of Racial Discrimination has concluded that such kinds of distinctions would be discriminatory.

twelfth meeting of the Conference of the Parties. As is the practice in the in-depth dialogue, a summary report will be drafted and attached to the report of the meeting.

**ITEM 7. OTHER MATTERS**

34. Under this agenda item, Parties may wish to raise other matters related to the subject matter of the meeting.

**ITEM 8. ADOPTION OF THE REPORT**

35. The Working Group will be invited to adopt its report, which will be submitted for the consideration of the Conference of the Parties at its twelfth meeting.

**ITEM 9. CLOSURE OF THE MEETING**

36. The eighth meeting of the Ad Hoc Open-ended Inter-Sessional Working Group on Article 8(j) and Related Provisions is expected to be closed at 6 p.m. on Friday, 11 October 2013.
