# **Governmental Agreement 220-2011**

**Approve the National Biodiversity Policy**

**Implementation and coordination of biodiversity management assigned to CONAP**

**Public institutions who's work relates to biological diversity must comply with the Biodiversity Policy**

# **NATIONAL BIODIVERSITY POLICY**

## **PURPOSE**

# Purpose

- Actions oriented by key stakeholders in Governmental, non governmental and private sectors
- Clear rules that define responsibilities, obligations, rights and attributions of for stakeholder and sector
- Biological diversity as collective heritage, based on the perceptions, conceptions and rights of each stakeholder

# Foundations

---

Biological diversity valuation is the basis to guarantee **sustainable human development**, climate change adaptation, human health, reduction of social and environmental vulnerabilities and food security.

# Foundations

---

Operative foundations include **conservation, sustainable use** and the fair and equitable distribution of benefits derived from the use of biological diversity and ecosystem services.

# Foundations

---

It directly allows the implementation of the **Convention on Biological Diversity**, in a manner that is coherent with the Milenium Development Goals, the Universal Declaration on Human Rights and national policies including Decentralization, Climate Change and Integral Rural Development Policies.

Diversidad  
biológica en la  
mitigación y  
adaptación al  
cambio climático

**Eje 5 Instrumentalización de la Política Nacional de Diversidad Biológica**

**NATIONAL BIODIVERSITY  
POLICY**

A diagram consisting of two rectangular boxes. The top box is labeled 'NATIONAL BIODIVERSITY POLICY' and the bottom box is labeled 'NATIONAL BIODIVERSITY STRATEGY'. A curved arrow points from the bottom-left corner of the top box to the top-left corner of the bottom box. Both boxes have a multi-colored border with segments of purple, green, blue, orange, and yellow.

**NATIONAL BIODIVERSITY  
STRATEGY**

# **POLÍTICA NACIONAL DE DIVERSIDAD BIOLÓGICA**

## **LA ESTRATEGIA NACIONAL DE DIVERSIDAD BIOLÓGICA**

# NBSAP development process

---

**Regional workshops in  
Guatemala City with the  
participation of key  
stakeholders**

**Collective traditional  
knowledge - workshops**

**Rural workshops – at a  
local level**

# OPERATIVE STRATEGIES

---

and institutional  
development**

**Valuation of Biological  
Diversity**

**Sustainable Productive  
Landscapes and territorial  
planning for conservation**

# OPERATIVE STRATEGIES

---

**Attention to threats to  
biodiversity**

**Restoration**

1

**Institucionalidad territorial y  
articulación de actores**

2

**Conciencia y Valoración**

3

**Ecosistemas productivos  
sostenibles y planificación  
territorial para la conservación**

4

**Atención a amenazas sobre la  
diversidad biológica**

5

**Restauración**

A close-up photograph of a green dragonfly perched on a human finger against a clear blue sky. The dragonfly has a vibrant green body, large transparent wings with intricate vein patterns, and a long, segmented abdomen. Its legs are dark and spiny. The human finger it is resting on is in the lower-left foreground, showing skin texture. The background is a solid, clear blue sky.
