# Biodiversity is life Biodiversity is our life

Have you ever realized the value of  
variety of life on earth for mankind?

## International Conference on “Biodiversity is Our Life” (IC Biour-life)

To be held on  
Shah Abdul Latif University (SALU),  
Khairpur (Mir's), Sindh-Pakistan

Organized by  
Center for Biodiversity & Conservation (CBC)

29-31  
December 2010

The world is in middle of celebration of 'International Year of Biodiversity (IYB)'. It is great success in the account of CBD.

Since, the Director of CBC-SALU nominated as Focal Person by the Higher Education Commission, Islamabad to the Ministry of Environment, Government of Pakistan for organizing events to celebrate IYB-2010 in all the universities of Pakistan. In this connection various activities/events are going on in all universities of Pakistan.

One step ahead, CBC-SALU has announced to hold International Conference on "BIODIVERSITY IS OUR LIFE" scheduled 29-31 December 2010 to assess all the undertaken activities across the year and foresee its magnitude of impact at various levels in terms of awareness. I trust most significant outcome will be achieved. So let's say GOOD LUCK to post IYB 2010 agenda.
