

## Response from China

## ANNEX I

**QUESTIONNAIRE ON DOMESTIC NEEDS AND PRIORITIES FOR CAPACITY-BUILDING AND DEVELOPMENT IN SUPPORT OF THE IMPLEMENTATION OF THE NAGOYA PROTOCOL ON ACCESS AND BENEFIT-SHARING**

**1. KEY AREAS FOR CAPACITY-BUILDING AND DEVELOPMENT**

Article 22, paragraph 4, of the Nagoya Protocol provides the following indicative list of key areas for capacity-building and development in support of the effective implementation of the Protocol:

- (a) Capacity to implement, and to comply with the obligations of the Protocol;
- (b) Capacity to negotiate mutually agreed terms;
- (c) Capacity to develop, implement and enforce domestic legislative, administrative or policy measures on access and benefit-sharing; and
- (d) Capacity of countries to develop their endogenous research capabilities to add value to their own genetic resources.

*In addition to the key areas listed above, please indicate any other key area for capacity-building and development in relation to your domestic needs and priorities in support of the implementation of the Protocol, taking into account the capacity needs and priorities of indigenous and local communities and relevant stakeholders.*

capacity to monitor and track the utilization of genetic resources and associated traditional knowledges, including capacity to capture the utilization information

**2. MEASURES TO BUILD OR DEVELOP CAPACITY UNDER EACH OF THE KEY AREAS AND PREFERRED MECHANISMS FOR THEIR IMPLEMENTATION.****A. Measures to build or develop capacity under each of the key areas for capacity-building and development**

Article 22, paragraph 5, of the Nagoya Protocol provides an indicative list of measures on which to build or develop capacity. In addition to that list, other possible measures have been identified by Parties, international organizations, indigenous and local communities and relevant stakeholders in the submissions of views and information in relation to capacity-building and development (UNEP/CBD/ICNP/1/INF/3) and during the capacity-building workshop on access and benefit-sharing held in Montreal 4-5 June 2011 (UNEP/CBD/ICNP/1/INF/6).

The following table takes into account the list of measures included in Article 22, paragraph 5, as well as the measures identified in the above mentioned documents to build or develop capacity under each of the key areas included in section 1 above.

On the basis of the tables provided below:

1. Please **rank as high, medium or low priority** your domestic capacity building and development needs for each of the measures listed.

2. Please **indicate the time frame** within which you wish your domestic capacity-building and development needs to be addressed: short, medium or long term.<sup>2</sup>
3. Please **indicate any additional measures** you wish to include under each of the key areas.
4. For each measure, please **indicate your preferred mechanism** which could assist in addressing the capacity needs related to that measure.

### B. Particular capacity needs and priorities of indigenous and local communities and relevant stakeholders

In accordance with Article 22, paragraph 3, indigenous and local communities and relevant stakeholders are invited to provide views and information on measures, in addition to those listed above, needed to address their particular capacity needs and priorities to support implementation of the Nagoya Protocol.

On the basis of the table provided below:

1. Please **rank as high, medium or low priority** your domestic capacity needs for each of the measures listed.

2. Please **indicate the time frame** within which you wish your domestic capacity-building and development needs to be addressed: **short, medium or long term**<sup>3</sup>.
3. Please **indicate any additional measures** you wish to include.
4. For each measure, please **indicate your preferred mechanism** which could assist in addressing the capacity needs related to that measure.

### C. Preferred mechanisms to address capacity needs

<sup>3</sup> These time frames are to be understood as follows: (a) short term: within 2 years; (b) medium term: within 2 to 5 years; and (c) long term: more than 5 years.

With a view to identifying the most appropriate capacity-building and development mechanisms to address the needs identified above:

1. Please **rank as high, medium or low priority** your preferred broad categories of mechanisms to address your capacity needs for the implementation of capacity-building and development measures.
2. For each of the broad categories **select up to three mechanisms**, as proposed below, which in your opinion are the most appropriate to address your capacity needs and priorities.
3. Please **indicate any additional mechanisms** you may wish to include.
4. For each of the mechanisms selected, please **indicate whether these are to be implemented at multiple levels, at the international level, at regional and subregional levels or at national level**

## ANNEX II

### QUESTIONNAIRE ON PROPOSED ELEMENTS OF THE STRATEGIC FRAMEWORK FOR CAPACITY-BUILDING AND DEVELOPMENT UNDER THE NAGOYA PROTOCOL ON ACCESS AND BENEFIT-SHARING

*Please provide your views and suggestions for each of the proposed elements of the strategic framework.*

#### 1. OBJECTIVES

In accordance with Article 22 of the Nagoya Protocol, the objective of the strategic framework is to assist Parties in the capacity-building, capacity development and strengthening of human resources and institutional capacities in developing country Parties, in particular the least developed countries and small island developing States among them, and Parties with economies in transition to effectively implement the Protocol.

*Please provide any views on the possible objective(s) for the strategic framework.*

The objective of this strategic framework is also to :

- (1) Assist countries to develop their endogenous research capabilities to add value to their own genetic resources by promoting technology transfer between user and provider,
- (2) Increase the capacity to monitor and track the utilization of genetic resources and associated traditional knowledges

#### 2. EXPERIENCE AND LESSONS LEARNED FROM PAST AND ONGOING ACCESS AND BENEFIT-SHARING CAPACITY-BUILDING AND DEVELOPMENT INITIATIVES.

*Please provide a short description of your experience and lessons learned from past and ongoing access and benefit-sharing capacity-building and development initiatives which could contribute to the development and implementation of the strategic framework.*

<Text entry>

### 3. GUIDING PRINCIPLES AND APPROACHES TO CAPACITY-BUILDING AND DEVELOPMENT

The preamble of the recommendation 1/2 of the Intergovernmental Committee provides a preliminary list of principles and approaches to guide capacity-building and development in support of the implementation of the Nagoya Protocol, as follows:

- a) To be demand-driven, based on the needs and priorities identified through national self-assessments;
- b) To take note of experiences and lessons learned from past and on-going ABS capacity-building initiatives;
- c) To emphasize the role of bilateral and multilateral cooperation;
- d) To ensure full involvement of indigenous and local communities and relevant stakeholders, including women, in capacity-building and development initiatives; and
- e) To recognize the usefulness and cost-effectiveness of subregional and regional approaches to capacity-building and development in particular where countries have similar biological resources and common capacity-building needs.

The list below contains the GEF operational principles for effective capacity-building.<sup>4</sup>

Please indicate from this list which of these principles and approaches could be reflected in the strategic framework to guide capacity-building and development initiatives under the Nagoya Protocol by **placing a cross (X)**.

- Ensure national ownership and leadership
- Ensure multi-stakeholder consultations and decision-making
- Base capacity building efforts in self-needs assessment
- Adopt a holistic approach to capacity-building
- Integrate capacity-building in wider sustainable development efforts
- Promote partnerships
- Accommodate the dynamic nature of capacity-building
- Adopt a learning-by-doing approach
- Combine programmatic and project-based approaches
- Combine process as well as product-based approaches
- Promote regional approaches

**Other** <please specify>

### 4. KEY AREAS FOR CAPACITY-BUILDING AND DEVELOPMENT AND MEASURES TO BUILD OR DEVELOP CAPACITY UNDER THE KEY AREAS

This element of the strategic framework will be based on the responses to the questionnaire on domestic needs and priorities (Annex I).

### 5. MECHANISMS FOR THE IMPLEMENTATION OF CAPACITY-BUILDING AND DEVELOPMENT MEASURES

<sup>4</sup> GEF/C.22/8 "Strategic Approach to Enhancing Capacity Building" (2003). Definitions of the operational principles can be found in the annex to the document.

This element of the strategic framework will be based on the responses to the questionnaire on domestic needs and priorities (Annex I).

## 6. COORDINATION MECHANISM

Article 22, paragraph 6, of the Protocol provides that information on capacity-building and development initiatives at national, regional and international levels should be provided to the Access and Benefit-sharing Clearing-house with a view to promoting synergy and coordination on capacity-building and development for access and benefit-sharing.

*In addition to reporting to the Access and Benefit-sharing Clearing-House, other possible elements for a coordination mechanism are listed below. Please indicate which of these, in your opinion, could be useful element(s) for a coordination mechanism to promote synergy and coordination on capacity-building and development under the Nagoya Protocol by placing a cross (X).*

- Liaison group providing advice to the SCBD on ways to improve coordination
- Coordination meetings of government agencies, donors and relevant organizations involved with capacity-building
- Online forums and networks linking government agencies, donors and relevant organizations involved with capacity-building through internet-based tools

**Other** <please specify>

*Please provide views regarding a coordination mechanism for capacity-building and development under the Nagoya Protocol.*

## 8. MONITORING AND REVIEW

*Please provide views on how the strategic framework could be monitored and reviewed.*

The strategic framework shall be monitored and reviewed on regular basis by Conference of the Parties Serving as the Meeting of the Parties to Nagoya Protocol.

*Please indicate whether, in your opinion, the development of a set of indicators to facilitate the monitoring and review of the strategic framework would be useful.*

The development of a set of indicators is necessary during the monitoring and review process.

*If you think the development of indicators could support the monitoring and review of the strategic framework, please indicate whether, in your opinion, it would be most appropriate to develop the indicators at the national and/or international level. If possible, please also provide examples of such indicators (e.g existence of a legislative framework to implement the Protocol).*

Such indicators shall be selected on the basis of capacity building and development issues to be addressed, and also in consistence with projects or activities in the future.

- 1.Number of conferences, workshops and training courses have been held(international)
- 2.Number of trained personnel from governmental sectors(international)
- 3.Number of personnel have been trained on MAT negotiation(international)
- 4.Financial resources availability(international)

## **9. POSSIBLE SEQUENCE OF ACTIONS FOR THE IMPLEMENTATION OF THE STRATEGIC FRAMEWORK**

*Please provide your views and/or information regarding possible sequence of actions for the implementation of the strategic framework, including a possible roadmap of activities to assist countries in defining their priorities and corresponding timelines. This could include actions at the international, regional and national levels.*
