# FUNDACIÓN BIODIVERSIDAD

## ABOUT US

Public Foundation of the Spanish Ministry for Ecological Transition.

Set up in 1998 to the conservation and sustainable use of biodiversity.

Multidisciplinary, specialised and motivated team of about 70 people.

Expert in the management of public funds and the development of large and multi-stakeholder projects.

## WHAT WE DO

We protect Biodiversity, that is, life on Earth, social wellbeing and a sustainable economic development. We create jobs with positive social impact.

RELATIONS

## HOW DO WE WORK

**Donors:** channeling funds (calls for proposals) to support organisations such as NGOs, research bodies, universities or foundations. Each year we collaborate on over 250 projects

**Executive Agency:** carrying out projects directly, basically through the execution of big conservation projects at national and international level co-funded by EU Funds. Promoting collaborative networks like the green business network.
