

LIST OF CAPACITY-BUILDING ACTIVITIES FACILITATED OR SUPPORTED BY THE SECRETARIAT SINCE THE THIRTEENTH MEETING OF THE CONFERENCE OF THE PARTIES

A. CROSS-CUTTING CAPACITY-BUILDING ACTIVITIES, TOOLS AND SERVICES IMPLEMENTED/COORDINATED BY THE SECRETARIAT							
Timeline	Activity	Level of implementation	Sub-activity(ies) and outputs	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
2017-2020	#1. Develop tools to enable Parties and Indigenous Peoples and Local Communities (IPLCs) to assess and communicate their capacity-building (CB) and technical and scientific cooperation (TSC) needs through the clearing-house mechanism (CHM)	Fully implemented (on going activity)	Traditional Knowledge Information Portal https://www.cbd.int/tk/ Bio-Bridge Platform https://www.cbd.int/biobridge/platform	NA	NA	NA	Republic of Korea (BBI)
2017-2020	#2. Develop and maintain a capacity development web portal and online searchable databases for CB and TSC initiatives, resources and opportunities (including CB and technical support providers) in the CHM	Partially implemented (on going activity)	Databases established and accessible through the CHM, including the ABS-CH, BCH and the BBI platform. Dedicated web pages created for capacity-building, technical and scientific cooperation and knowledge management accessible on the CBD website: https://www.cbd.int/cb https://www.cbd.int/tsc https://www.cbd.int/km	NA	NA	NA	NA
2017-2020	#3. Maintain the SCBD e learning platform (Learning Management System) to facilitate the hosting and delivery of e-learning courses/ modules with input from Parties and IPLCs	Fully implemented (on going activity)	Dedicated webpage created to link e-learning platform to CBD website: https://www.cbd.int/cb/E-learning/ 10 courses consisting of more than 35 e-learning modules on access and benefit-sharing, biosafety, economics, trade and biodiversity, protected areas	2311 users	75	United Nations System Staff College	Japan (JBF)

A. CROSS-CUTTING CAPACITY-BUILDING ACTIVITIES, TOOLS AND SERVICES IMPLEMENTED/COORDINATED BY THE SECRETARIAT

Timeline	Activity	Level of implementation	Sub-activity(ies) and outputs	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
2017-2020	#4. Establish a help desk to support Parties in articulating their CB/TSC needs and elaborating their requests for assistance and coordinate the matching of requests for assistance received with available support (resources, expertise and support tools)	Fully implemented	BBI helpdesk support https://www.cbd.int/biobridge/platform	NA	Global	Various	Republic of Korea (BBI)
2017-2020	#5. Conduct matchmaking roundtables in the margins of CBD meetings / workshops to link Parties that have technical and scientific needs with Parties or institutions that are able to provide assistance to meet those needs through mutual partnerships, including IPLCs' full and effective participation.	Fully implemented	Regional BBI round table: Asia-Pacific (Incheon, Republic of Korea, 15-18 October 2017) https://www.cbd.int/meetings/TS/CWS-2017-01	36 (21:15)	24	Korean National Institute of Biological Resources	Republic of Korea (BBI)
			Regional BBI round table: Africa (Entebbe, Uganda, 7-9 November 2017) https://www.cbd.int/meetings/TS/CWS-2017-02	36 (21:15)	28	NEMA Uganda	Republic of Korea (BBI)
			Regional BBI round table: Latin America and the Caribbean (Bogota, Colombia, 27-29 November 2017) https://www.cbd.int/meetings/TS/CWS-2017-03	29 (17:12)	21	Alexander von Humboldt Institute, Government of Colombia	Republic of Korea (BBI)
			Regional BBI round table: Central and Eastern Europe (CEE) and Central Asian Republics (Minsk, Belarus, 26-28 February 2018) https://www.cbd.int/meetings/TS/CWS-2017-04	20 (3:17)	14	Institute of Genetics and Cytology, Belarus	Republic of Korea (BBI)
			Regional BBI round table: Western Europe and Others Group (Brussels, Belgium, 21 September 2018)	31 (18:13)	17	Royal Belgian Institute of Natural Sciences	Republic of Korea (BBI)

A. CROSS-CUTTING CAPACITY-BUILDING ACTIVITIES, TOOLS AND SERVICES IMPLEMENTED/COORDINATED BY THE SECRETARIAT

Timeline	Activity	Level of implementation	Sub-activity(ies) and outputs	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			https://www.cbd.int/meetings/TS-C-WS-2018-02				
2018-2020	#6. Establish/strengthen partnerships with education and training institutions and networks, including those from IPLCs, to enhance research and training for the effective implementation of the Convention and its Protocols.	Fully Implemented (On-going activity)	BBI-funded demonstration project on accelerating the conservation of Asian Big Cats using technology, implemented by Seoul National University and Amity Institute of Forestry and Wildlife of India in March 2018 (https://attachments.cbd.int/bbi/bi-india-final-report.pdf)	27	2	SNU, UNIST, WII, AIFW	Republic of Korea (BBI)
			BBI-funded demonstration project on promoting cooperation to protect traditional knowledge in China and other Asian countries, implemented by the Nanjing Institute of Environmental Sciences and the China Institute for Environment and Resource Protection of Minority Area at the Minzu University of China in June 2018 (https://attachments.cbd.int/bbi/bi-china-final-report.pdf)				Republic of Korea (BBI)
			BBI-funded demonstration project on mapping and identifying endangered ecosystems in Brazil, Argentina, and Uruguay, implemented by the Federal University of Santa Catarina, Brazil, in April 2019				Republic of Korea (BBI)

A. CROSS-CUTTING CAPACITY-BUILDING ACTIVITIES, TOOLS AND SERVICES IMPLEMENTED/COORDINATED BY THE SECRETARIAT

Timeline	Activity	Level of implementation	Sub-activity(ies) and outputs	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			<p>https://chm.cbd.int/api/v2013/documents/2FD32A0E-876F-B848-49C6-B553F2861AEF/attachments/bbi-brazil-final-report.pdf</p> <p>BBI funded project on the use of modern molecular methods and technologies in research on Sri Lanka's angiosperm flora, and the development of a globally recognized network of scientific experts, implemented by the National Botanic Gardens of Sri Lanka in collaboration with the University of Colombo, the Singapore Botanic Gardens and the Royal Botanic Garden of Edinburgh in December 2019 (https://attachments.cbd.int/bbi-sri-lanka-final-report.pdf)</p>				
2018-2020	#7. Develop and apply quality assurance systems for the CB and TSC activities, materials and tools developed or facilitated by the Secretariat in collaboration with partner organizations.	Not implemented	No funding secured				
2018-2020	#8. Establish monitoring and evaluation (M&E) mechanisms for CB and TSC activities, materials and tools supported and facilitated by the Secretariat in collaboration with partner organizations.	Partially implemented	The Secretariat developed a draft internal monitoring and evaluation strategy and standard operating procedures for carry-out workshops. It also standardized the process for nominating participants as well as the common formats for the				

A. CROSS-CUTTING CAPACITY-BUILDING ACTIVITIES, TOOLS AND SERVICES IMPLEMENTED/COORDINATED BY THE SECRETARIAT

Timeline	Activity	Level of implementation	Sub-activity(ies) and outputs	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			various databases accessible through the clearing-house mechanism				
2017-2020	#9. Develop and maintain a follow-up support mechanism for beneficiaries (alumni) of CB and TSC activities supported or facilitated by the Secretariat in collaboration with partners to foster peer-to-peer learning and experience-sharing among practitioners from Parties.	Partially implemented	Some examples of support networks include: the global network of legal experts on access and benefit-sharing, the regional network of laboratories for LMO detection, and the regional implementation support networks for protected areas				

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
Aichi Biodiversity Target 1							
2017-2018	#10. Develop tools and guidelines on CEPA and NBSAPs and encourage their use	Fully implemented	The 2007 CEPA Toolkit for National Focal Points and NSAP Coordinators is available on the CBD website https://www.cbd.int/cepa/toolkit/2008/cepa/index.htm			IUCN-Commission on Education and Communication (CEC)	Japan (JBF)
2017-2018	#11. Organize workshops on messaging within the framework of CEPA and the UN Decade on Biodiversity	Partially implemented	Meetings of the Informal Advisory Committee on CEPA (Montreal, 11-13 October 2017, 5-6 July 2018) https://www.cbd.int/doc/c/6936/63ea/b47d7e9417f0757099638c23/cepa-iac-2018-01-01-en.pdf			IUCN-CEC WWF UEBT UN Foundation TNC FPP UNCCD FAO	Japan (JBF) Germany (IKI) European Union Canada

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding

2017-2020	#12. Support the GYBN in organizing and delivering three follow-up regional capacity-building workshops for youth (including preparatory webinars);	Fully implemented	Youth capacity-building webinars to support their participation in the SBSTTA-21, November 2017	6		GYBN	Japan (JBF)

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
	preparing a supportive capacity-building toolkit on the basis of guidelines prepared in 2016, in facilitating the participation of youths in relevant CBD meetings, and organizing a global youth and biodiversity summit		African Regional Youth Capacity-Building Workshop on Biodiversity, Muldersdrift, South Africa, 11-20 August 2017 A follow-up workshop was organized in November 2018	46	16	GYBN Umwelt und Entwicklung / DNR Forum South Africa	Japan (JBF) South Africa
			Regional Youth Capacity-Building Workshop on Biodiversity for Latin America and the Caribbean, Bogota, 2-5 May 2017 A follow-up workshop was organized in February 2019	28	13	GYBN, Alexander von Humboldt Institute	Japan (JBF)
			Regional Youth Capacity-Building Workshop on Biodiversity for Asia, Singapore, 22-27 May 2017 A follow-up workshop was organized in October 2018	29	19	GYBN, National Parks Board of Singapore	Japan (JBF) Singapore
2017-2018	#13. Develop a revised CEPA toolkit and make it available through the CHM	Fully implemented	An e-learning course on Communicating the Value of Biodiversity was developed jointly with UNDP and made available on UNDP's Learning for Nature platform https://www.learningfornature.org/en/courses/communicating-the-value-of-biodiversity/#learndash-course-content . A version of the CEPA toolkit, including considerations for access and benefit-sharing, was			UNDP	Japan (JBF)

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			also developed in collaboration with UNDP and made available on the ABS clearing-house: (https://www.cbd.int/abs/awareness-raising/#cepa-toolkit)				
2017-2020	#14. Develop and make available technical tools and guidelines on implementation of surveys to assess levels of public awareness	Partially implemented	<p>The Secretariat continues to work with the UEBT Biodiversity Barometer, which has, since 2009, been measuring consumer awareness of biodiversity and how this affects their purchasing decisions http://www.biodiversitybarometer.org/united-nations-target</p> <p>Work on methodologies for measuring attitudes with different target groups has also been done with UEBT, WWF and WAZA, among others.</p>	68,000	16	UEBT WWF WAZA	Germany (IKI) IPSOS others
2017-2020	#15. Facilitate the development of generic (model) K-university biodiversity-related curricula for use at the national and regional levels with full and effective participation of IPLCs	Partially implemented	<p>Worked with UNESCO in the context of the Decade of Education for Sustainable Development on a variety of national programmes and international work. Report on the activities during the decade includes biodiversity activities https://unesdoc.unesco.org/ark:/48223/pf0000230171</p> <p>Implementation of the activities continues in the context of post DESD programmes of work.</p>			UNESCO IUCN-CEC	

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
Aichi Biodiversity Target 2							
2017-2018	#16. Support capacity-building for mainstreaming biodiversity into development processes, poverty eradication and the implementation of the 2030 Agenda	Fully implemented	Activities on mainstreaming biodiversity and ecosystem services across sectors being implemented as part of the INTERACT-Bio project in Brazil, India and Tanzania to provide expanding urban communities with tools for managing nature-based solutions in land use, infrastructure and development planning. https://cbc.iclei.org/project/interact-bio/	N/A	3	ICLEI	Germany (IKI)
2017-2018	#17. Develop a toolkit to guide the integration of biodiversity and ecosystem services into public urban infrastructure development	Fully implemented	Collaborated on relevant publications in 2019 with the World Bank and WRI in the context of the Global Partnership on Sustainable Cities (see https://www.worldbank.org/en/news/feature/2019/03/21/green-and-gray) Singapore Index on Cities' Biodiversity updated in green/blue infrastructure through 4th Technical Review October 2019 - to be published in 2021 as CBD Technical Series Co-authored "Research gaps in knowledge of the impact of urban growth on biodiversity", https://www.nature.com/articles/s41893-019-0436-6?proof=t		Global	ICLEI World Bank World Resources Institute (WRI) Singapore National Parks Board	WB-GEF 6 Platform for Sustainable Cities Singapore National Parks Board The Nature Conservancy

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
2017-2020	#18. Organize capacity-building workshops on ecosystem accounting	Fully implemented	The Secretariat contributed to the series of global webinars held by the CBD-BIOFIN regional technical support nodes in 2017 and 2018 http://www.biodiversityfinance.net/knowledge-platform/biofin-webinars			UNDP-BIOFIN	UNDP BIOFIN
2017-2020	#19. Develop e-learning material on ecosystem accounting	Fully implemented	Contributed to the development of an e-learning course on biodiversity valuation and made it available on the Biodiversity E-learning Platform: https://scbd.unssc.org/course/index.php?categoryid=7		Global	UNDP	
2017-2020	#20. Compile and make available examples of case studies or success stories of mainstreaming biodiversity across key sectors and subnational and local governments, including IPLC stories, through a platform with the CHM	Fully implemented (on going activity for business)	Report “Mainstreaming Biodiversity: The Subnational Government Experience” by the Group of Leading Subnational Governments and Regions for Sustainable Development (Regions4SD) will be made available at SBI 3 https://www.cbd.int/doc/nbsap/sbsap/mainstreaming-biodiversity-subnational.pdf Database featuring case studies, tools and mechanisms for biodiversity mainstreaming into business practices developed and made available: https://www.cbd.int/business/resources.shtml		Global	Regions 4SD Group of Leading Subnational Governments	

Aichi Biodiversity Target 3

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
2017-2018	#21. Develop guidance and learning materials on the full implementation of Aichi Target 3 on incentive measures, including a set of good practice cases studies and lessons learned	Fully implemented	<p>The BIOFIN methodology includes guidance on incentive measures that are harmful for biodiversity https://www.cbd.int/incentives/ The PINE Database (Policy Instruments for the Environment) contains a collection of good practice cases on incentive measures https://pinedatabase.oecd.org/</p> <p>The OECD 2018 publication “Tracking Economic Instruments and Finance for Biodiversity” summarizes biodiversity related measures countries have put in place http://www.oecd.org/environment/resources/Tracking-Economic-Instruments-and-Finance-for-Biodiversity.pdf</p> <p>CBD Technical Series No. 56 also provides guidance, including cases studies and lessons learned, on incentive measures: https://www.cbd.int/doc/publications/cbd-ts-56-en.pdf</p>		35 110	UNDP BIOFIN OECD UNEP	UNDP BIOFIN Germany European Union Norway Belgium-Flanders Switzerland OECD Member States
2017-2020	#22. Develop an e-learning tool on the full implementation of Aichi target 3 on incentive measures and the milestones for its adoption, including a set of good practice cases and lessons learned	Partially implemented	Contributed to the launch of a MOOC on biodiversity finance in the margins of COP 14, which covers incentive measures			UNDP BIOFIN	

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			including identifying and addressing harmful incentives https://www.learningfornature.org/en/courses/biodiversity-finance/				
Aichi Biodiversity Target 4							
2017-2018	#23. Develop guidance and learning materials for business on options to contribute to the implementation of the Aichi Biodiversity Targets	Partially implemented	Guidance document for reporting by businesses on actions related to biodiversity was prepared and made available to SBI 2 (July 2018) https://www.cbd.int/doc/c/ff6d/906c/ebebc273f27f8e9416bba00b/sbi-02-04-add2-en.pdf				
2017-2018	#24. Organize technical workshops on business and biodiversity reporting.	Fully implemented	UNEP-WCMC organized two workshops on aligning biodiversity measures for business in Brussels (March 2019) and Rio de Janeiro (October 2019) and a series of online discussions with experts from relevant organizations to explore synergies and build a common ground for different tools and methodologies available for corporate disclosure. The findings of this work will be presented at SBI3 https://ec.europa.eu/environment/biodiversity/business/news/news-173_en.htm			UNEP-WCMC	
2017-2018	#25. Develop a good practice guide on identifying and assessing biodiversity and ecosystem services values for businesses	Partially implemented (on going activity)	The “We Value Nature Campaign” supports companies to better identify, measure, value and prioritise their impacts and			UNEP-WCMC IUCN	

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			dependencies on nature with an approach to natural capital https://www.iucn.org/regions/eur/ope/our-work/nature-based-solutions/we-value-nature				
2017-2020	#26. Develop guidelines and capacity-building materials for urban-based biodiversity and ecosystems	Fully implemented	The Secretariat has cooperated with ICLEI in developing and implementing two projects having produced many reference materials: Interactive Action on Biodiversity (Interact Bio) project in Brazil, Tanzania and India (https://cbc.iclei.org/project/interact-bio/) Urban Natural Assets for Africa (UNA Africa), Rivers for Life (UNA Rivers) and Coasts for Life (UNA Coasts) projects (https://cbc.iclei.org/urban-natural-assets/)		6	ICLEI	Germany (IKI)
Aichi Biodiversity Target 4 and others (1, 2, 3, 4, 5, 8, 9, 10, 11, 12, 14, 15, 18 and 20)							
2017-2020	#27. Promote technical and scientific cooperation among Parties on tourism development in sensitive coastal and marine ecosystems	Fully implemented	Training workshop on Tourism Partnerships and Concessions in Protected Areas, Maputo, Mozambique, 27-28 June 2017 https://attachments.cbd.int/bbi/bi-iucn-tapas-pilot-project-final-report.pdf	12 (5:7)	8	IUCN TAPAS Group ANAC	Republic of Korea (BBI) Germany
			Training Workshop on Tourism Partnerships and Concessions in	11 (5:6)	6	IUCN TAPAS Group,	Republic of Korea (BBI) Germany

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			Protected Areas, Windhoek, Namibia, 20-21 June 2017			Government of Namibia	
			Training Workshop on Tourism Partnerships and Concessions in Protected Areas, Wetland Park, South Africa, 30 May–2 June 2017	32 (12:20)	13	IUCN TAPAS Group, iSimangaliso Wetland Park, South Africa	Republic of Korea (BBI) Germany
2017-2020	#28. Organize training activities (seminars and online courses) on sustainable tourism with partners.	Fully implemented	Seminars in Brazil (BRAZTOA, 2018) and Russia (Moscow, St. Petersburg with Slava Foundation). Linking Tourism & Conservation (LT&C) membership (see https://www.ltandc.org/)		Global Brazil Russia	BRAZTOA Slava Foundation	
			Two massive open online courses (MOOC) were launched in collaboration with UNDP in 2017 on greening consumption and production (https://www.learningfornature.org/en/courses/sustainable-consumption-and-production/), and on resilience thinking (https://www.learningfornature.org/en/courses/nbsap-understanding-resilience-thinking/#learndash-course-content)	1,371	138	UNDP NBSAP Forum The Nature Conservancy Stockholm Resilience Centre Pronatura ECOSUR	UNDP
2017-2020	#29. Review, publish and promote the new "User's Guidelines on Biodiversity and Tourism Development"	Fully implemented	Guidelines for Tourism Partnerships and Concessions for Protected Areas: Generating Sustainable Revenues for Conservation and Development		Global Southern Africa	IUCN Tourism and Protected Areas Specialist Group (TAPAS)	Germany (BMU) Republic of Korea (BBI)

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			available at http://www.cbd.int/tourism Guidelines on Biodiversity and Tourism Development https://www.cbd.int/doc/publications/tou-gdl-en.pdf User's manual on Managing Tourism and Biodiversity https://www.cbd.int/doc/programmes/socio-eco/tourism/tourism-manual-en.pdf				
Aichi Biodiversity Target 5, 14 and 15							
2017-2020	#30. Organize and facilitate regional capacity-building workshops on the design of national restoration assessments and plans to achieve Targets 5, 14 and 15	Fully implemented (on going)	Capacity-development workshop for Central, Eastern and Southern Africa on the restoration of forests and other ecosystems, Durban, South Africa, 2 - 6 October 2017 Workshop report: https://04234808-387d-4309-b7c5-afdc9704dbd2.filesusr.com/ugd/f03e0f_2480f6a2e11c466cac17864997952ba1.pdf Workshop page: https://www.feri-biodiversity.org/durban	26 (18:8)	25	Government of South Africa	Republic of Korea (FERI)
			Capacity-building workshop for the Mediterranean on the restoration of forests and other	12 (8:4)	11	FAO, Government of South Africa	Republic of Korea (FERI)

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			ecosystems, Agadir, Morocco, 20-24 March 2017 Workshop page: https://www.feri-biodiversity.org/agadir				
			Sub-regional Exchange for the Pacific on the Restoration of Forests and Other Ecosystems within a landscape approach, Nadi, Fiji, 28-31 May 2019 Workshop page: https://www.feri-biodiversity.org/nadi	21 (18:3)	10	FAO Pacific Community	Republic of Korea (FERI) GIZ
			Sub-regional Exchange for the Caribbean on the Restoration of Forests and Other Ecosystems, Castries, Saint Lucia, 9-13 March 2020 Workshop page: https://www.feri-biodiversity.org/castries	21 (9:12)	11	Government of Saint Lucia CARICOM OECS	Republic of Korea (FERI) European Union
2017-2018	#31. Develop a training package for the restoration workshops	Fully implemented	Country dossiers were prepared for each participant country prior to the workshops, summarizing their national targets and commitments with regards to ecosystem loss and restoration. These dossiers were used for the interactive sessions during the workshops: https://www.feri-biodiversity.org/country-data				Republic of Korea (FERI)
2017-2020	#32. Provide technical support to enable Parties to implement pilot projects in the context of the Forest Ecosystem Restoration Initiative (FERI)	Fully implemented (on going)	Policy brief: 'Partnering with Nature: The case for natural regeneration in forest and landscape restoration'			SER	Republic of Korea (FERI)

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
			Available at: https://www.feri-biodiversity.org/resources				
			Companion suite of resources to the Short-Term Action Plan on Ecosystem Restoration (outreach, website, brochure) https://www.feri-biodiversity.org/staper			SER	Republic of Korea (FERI)
			Contribution to The Economics of Ecosystem Restoration study on the costs and benefits of restoration			FAO FLRM CIFOR	Republic of Korea (FERI)
			Piloting decision-support platform to assist countries in optimizing restoration strategies			IIS CIFOR	Republic of Korea (FERI)
2017-2020	#33. Identify and make available best practices and lessons learned in the design of national restoration plans	Not implemented					
2017-2020	#34. Conduct/compile and disseminate case studies showcasing how countries are practically working towards reaching targets 5, 11, 14 and 15 in a coordinated manner	Not implemented					
2017-2020	#35. Support the efforts of the Parties in implementing the short-term action plan on ecosystem restoration by facilitating CB activities (including south-south cooperation workshops) and updating the information on guidance, tools and initiatives relating to ecosystem restoration and making it available through the CHM	Partially implemented	Companion suite of resources to the Short-Term Action Plan on Ecosystem Restoration (outreach, website, brochure) lists resources available from partners under each step of the plan - https://www.feri-biodiversity.org/staper			SER	Republic of Korea (FERI)
Aichi Biodiversity Target 5 and other forest-related targets (1, 2, 3, 4, 5, 7, 9, 10, 11, 12, 13, 14, 15, 18, 19, 20)							
2017-2020	#36. Develop and implement targeted CB activities to support the	Fully implemented	The Secretariat, through FERI, supported twelve ecosystem		12	UWICER GDANCP-MoE	Republic of Korea (FERI)

B. SUBSTANTIVE CAPACITY-BUILDING ACTIVITIES FOR THE EFFECTIVE IMPLEMENTATION OF THE CONVENTION ON BIOLOGICAL DIVERSITY, INCLUDING THOSE RELATING TO DIFFERENT AICHI BIODIVERSITY TARGETS

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of Countries	Partner(s)	Source of Funding
	implementation of forest Aichi targets and streamline forest-related reporting and linkages to Sustainable Development Goals		restoration projects during the period 2017-2020 in Bhutan, Cambodia, Chile, Colombia, Guatemala, Lebanon, Kenya, Madagascar, Mexico, Niger/Burkina Faso, Peru and Uruguay https://www.feri-biodiversity.org/currentprojects			CONAF Bioersity International ITTO St Joseph University Plants for Life Madagascar National Parks Reforestamos AGHRYMET CIMA Cordillera Azul MVOTMA	
2017-2020	#37. Organize two regional workshops, in collaboration with relevant partners, on sustainable wildlife management, including legal reforms, regional collaboration, involvement of local communities, law enforcement techniques and transnational enforcement operations	Fully implemented	Second Wildlife Forum: Sustainable Use for Conservation and Livelihoods, 21 November 2018, CBD-COP 14, Egypt http://www.fao.org/forestry/wildlife-partnership/95663/en/	170 (500 online)		Collaborative Partnership on Sustainable Wildlife Management (CPW)	
			Consultative Workshop on Sustainable Wildlife Management Beyond 2020, Cambridge, United Kingdom, 25-26 June 2019 https://www.cbd.int/doc/c/2d1f/ab01/681ae86a81ab601e585ecfe0/wg2020-01-inf-03-en.pdf	40		Collaborative Partnership on Sustainable Wildlife Management (CPW)	
			Side event in the margins of CITES COP 18: Sustainable Harvest and Trade of Wild Meat, Geneva, Switzerland, 17 August 2019			Collaborative Partnership on Sustainable Wildlife Management (CPW)

Timeline	Activity	Level of implementation	Sub-activity	Participants Gender (M:F)	No. of countries	Partner(s)	Source of funding
2017-2020	#99. Support selected developing countries to implement pilot projects to develop and apply practical measures and approaches for integrated implementation of the Cartagena Protocol and the CBD at the national level and share emerging good practices and lessons learned	Fully implemented	<p>Small grants were provided to 10 countries to implement pilot projects to foster integrated implementation. National workshops and seminars were organized by each participating country resulting in the development of a national mainstreaming strategy in Cambodia, Cameroon, Cuba, Ghana, Mongolia, Nigeria, Peru, Togo, Venezuela and Vietnam</p> <p>Selected countries were announced through notification 2017-064 (https://www.cbd.int/doc/notifications/2017/ntf-2017-064-bs-en.pdf). Further information on the project is available at https://bch.cbd.int/protocol/issues/mainstreaming_activities.shtml</p>		10	National governments	Japan (JBF)
2017-2020	#100. Organize training courses in risk assessment of LMOs	Fully implemented	<p>Latin American Training Course on Risk Assessment of Living Modified Organisms, Panama City, Panama, 20 - 24 August 2018</p> <p>Workshop report: https://www.cbd.int/doc/c/2729/0074/ad37d38efd9dcd09fdb48e07/cp-rarm-cb-2018-01-02-en.pdf</p>	36 (17:19)	16	Government of Panama (Ministry of Environment)	Republic of Korea (Biosafety Capacity-Building Initiative) UNEP-GEF Panama Biosafety project
