

# **DIGITAL BIODIVERSITY**

#### Digital Learning-Practice Communities in IUNCBD's 2020 Action Plan

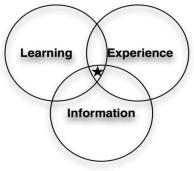

#### massimo zortea

October 15th 2012 – CBD/COP11 Hyderabad

1. What's a Digital Learning-Practice Community?

- \* DLPC: a digital, smart environment
- \* digital multimedia library (pdf/doc, video, audio)
- \* data base management
- \* information + communication + dialogue
- \* tutoring / animation
- \* opportunities for initial / lifelong learning
- \* experiences/best practice sharing

## 2. Why is a DLPC useful for IUNCND?

#### THE CHALLENGE? → LINKING EDUCATION-SCIENCE- POLICY-SOCIETY

#### THE GOAL? → HIGHER EDUCATION AND CAPACITY BUILDING SUITABLE FOR SUPPORTING THE CBD IMPLEMENTATION

#### THE TOOL?

→ RETHINKING AND DIGITALIZING TARGET, GROUPS, TIMING, METHODS, ENVIRONMENTS, INSTRUMENTS

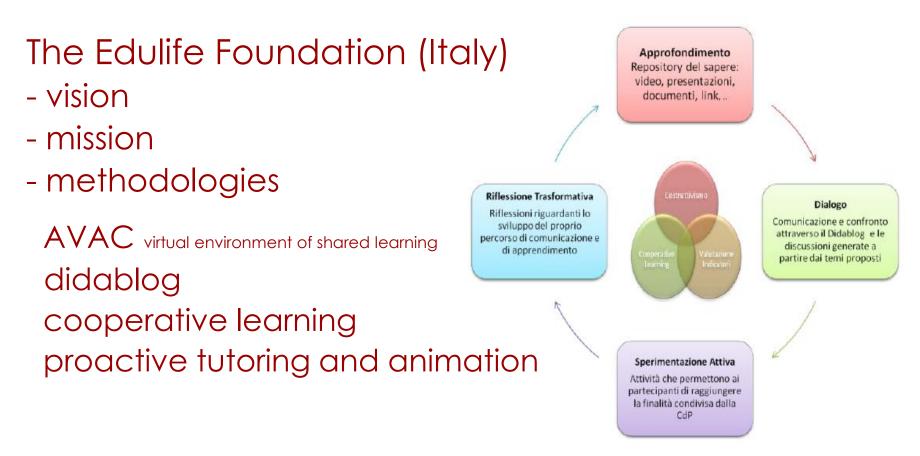

## 3. What is needed to build a DLPC?

- \* Expertise (no self made communities...)
- \* Combining informatic and pedagogic science
- \* Proactive tutoring / monitoring
- \* Planned management of contents and activities
- \* Flexibility and adaptive mind-set open to diversities

#### 4. Who is helping IUNCBD to achieve this result?

a long time experienced partner in DLPC!

# 5. What DLPC is IUNCBD managing actually?

the pilot project of a Latin-American Online Forum Biodiversity and Health

- → follow up of the CBD Workshop on BD and H (Manaus)
- → systematization and diffusion of materials and results
- → animation of a **debate**
- → outputs: 1 analysis, 2 questionnaires, 1 online forum, 1 final report

USB Universidad San Buenaventura Colombia (IUNCBD's partner)

- + CEV Centro de Educación Virtual
- + IUNCBD Research Group
- = Interdisciplinary Research and Technical Team (IRTT)
