### 3. Develop & revisit scenarios

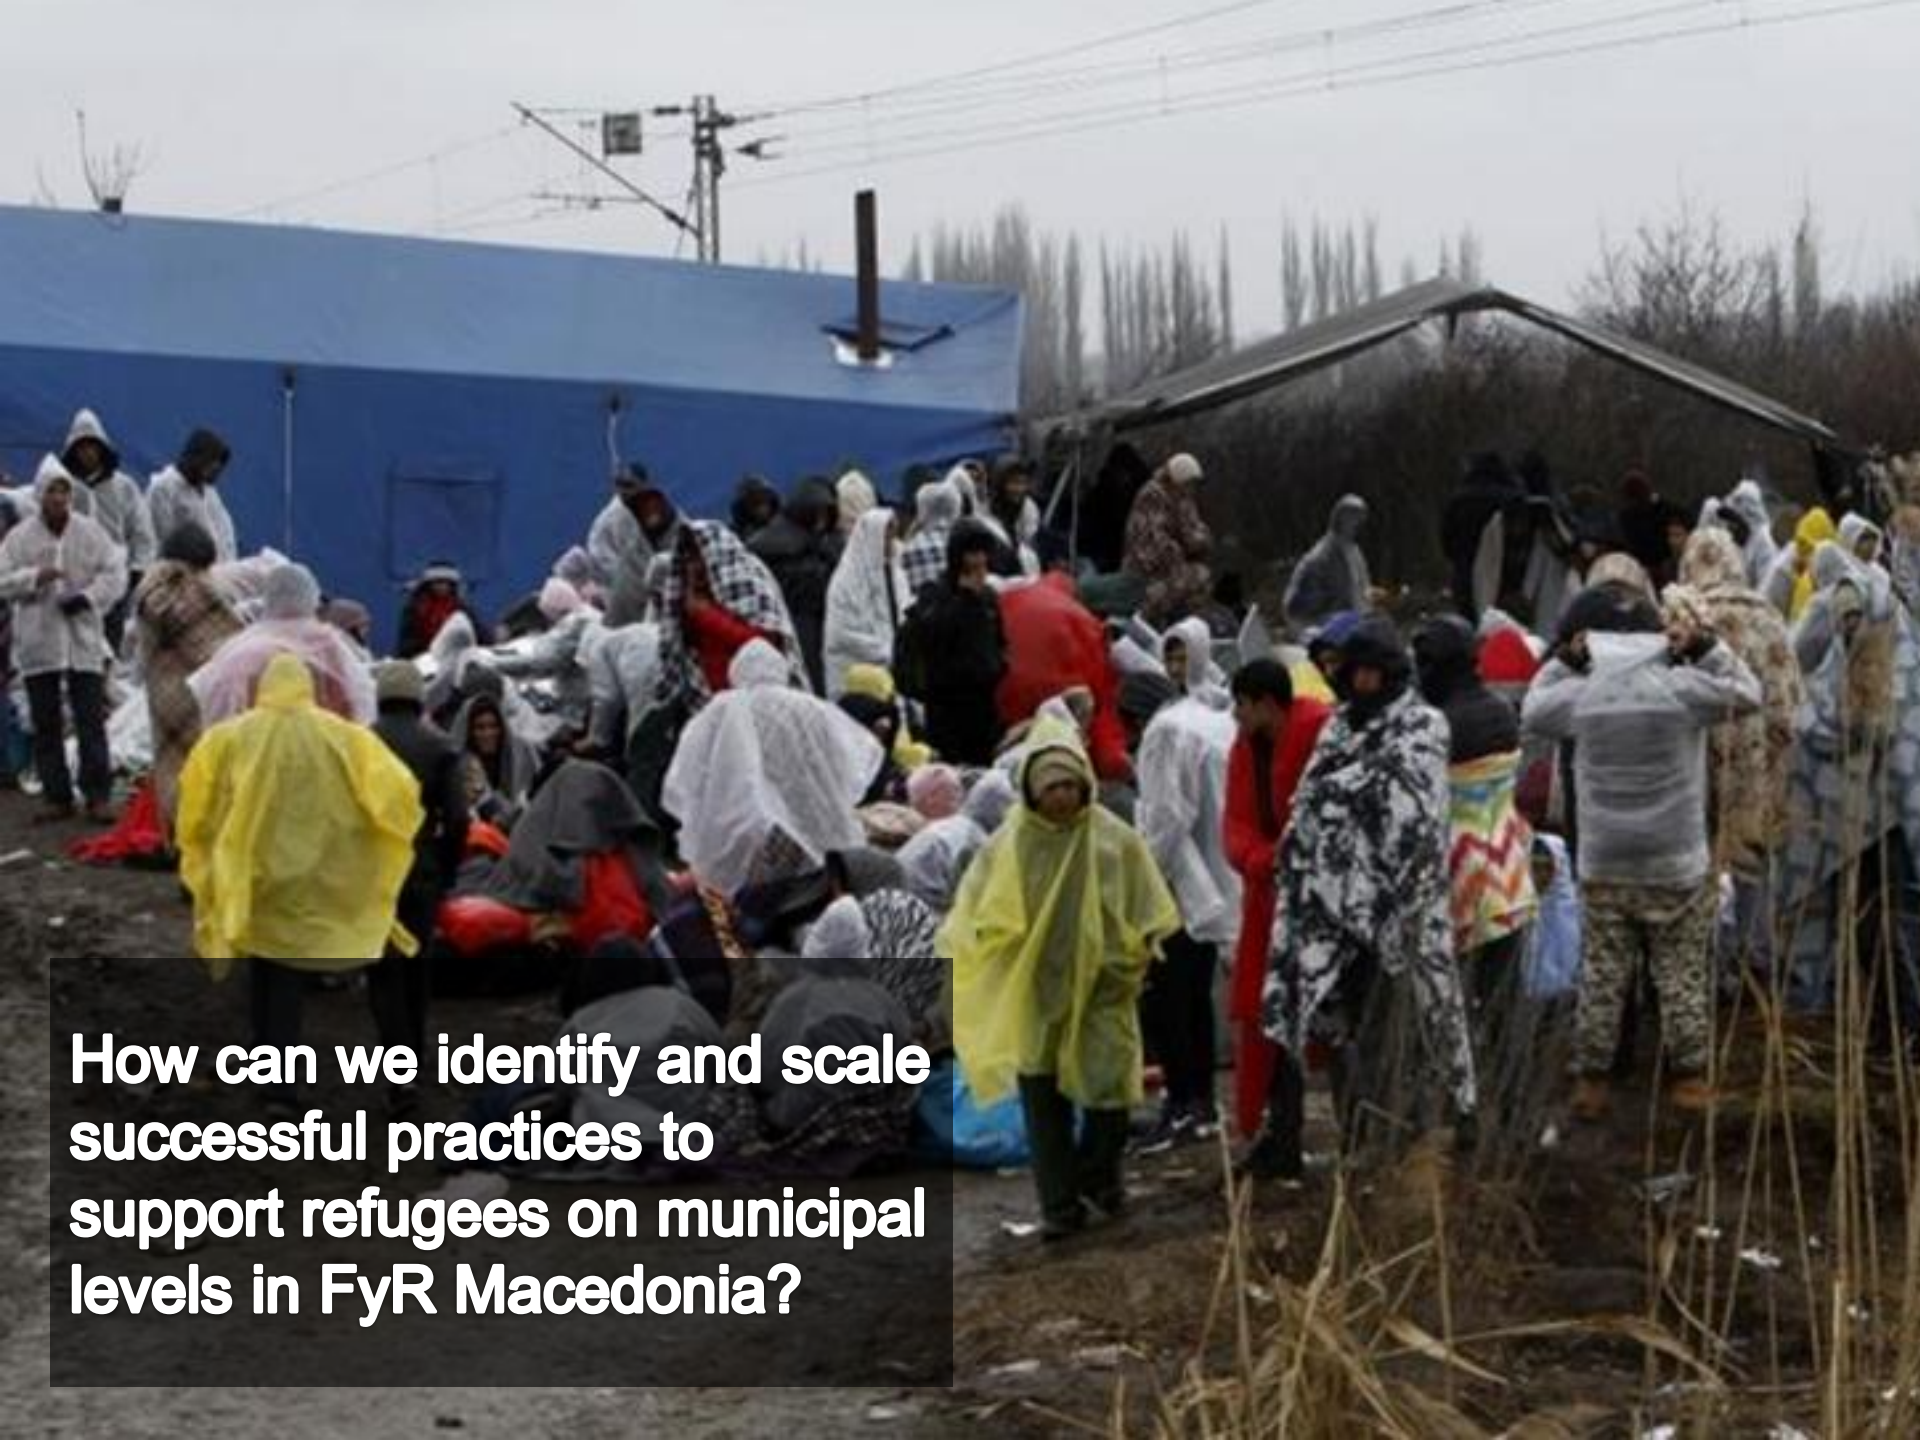

An overhead view of a group of approximately 15 women and children sitting on a large blue mat on the ground. They are arranged in a loose circle, some holding infants. The women are wearing colorful traditional clothing and headscarves. The setting is outdoors on a dirt ground with some green plants and a stone wall in the background. The text '4. Map assets & identify positive outliers' is overlaid in the center of the image.
