\* Targets 16, 17 and 19.1 will be included in an addendum to the present conference room paper.

**TARGET 19.2**

Strengthen capacity-building and development, access to and transfer of technology, and promote development of and access to innovation and technical and scientific cooperation, including through South-South, North-South and triangular cooperation, to meet the needs for effective implementation, particularly in developing countries, fostering joint technology development and joint scientific research programmes for the conservation and sustainable use of biodiversity and strengthening scientific research and monitoring capacities, commensurate with the ambition of the goals and targets of the framework.

**TARGET 20**

Ensure that [the best available] [quality] [data,] information and knowledge, including the traditional knowledge, innovations [, and] practices [and technologies] of indigenous peoples and local communities with their [prior and informed consent, or free, prior and informed consent, or approval and involvement,] [under mutually agreed terms and subject to national legislation] [are available and accessible to decision makers, practitioners and the public to guide] [to contribute to] decision-making for effective [and equitable] governance, integrated and participatory management of biodiversity, and strengthen communication, awareness-raising, education, monitoring, research and knowledge management.

**TARGET 21**

Ensure the full, equitable, inclusive, effective and gender-responsive representation and participation in decision-making, and access to [justice and] information related to biodiversity by indigenous peoples and local communities, respecting [and recognizing] their cultures and their rights over lands, territories [, and] resources, and traditional knowledge, [including as set out in] [while acting in accordance with] [in line with] [the United Nations Declaration on the Rights of Indigenous Peoples] [and international human rights law] [in accordance with relevant national legislation and international instruments,] as well as by women [, and] girls, children and youth, and persons with disabilities [and ensuring [access to justice] [and] [the protection of environmental human rights defenders, and their access to justice]] [while enhancing the engagement of all relevant stakeholders].

**TARGET 22**

[Target 22: By 2030, ensure to women and girls [and young people in all their diversity] [and persons of diverse gender identities] [and youth], including those with disabilities, [equitable access and benefits from conservation and sustainable use of biodiversity,] as well as their informed and effective representation and participation at all levels of policy-making, implementation and decision-making related to biodiversity through mainstreaming gender across all biodiversity objectives and goals.]

*Alt Target 22:* [Enable the gender-responsive] [Ensure gender equality in the] implementation of the framework by ensuring that women and girls have equal opportunity and capacity to contribute to the three objectives of the Convention [including by recognizing equal rights and access to land and natural resources of women and girls and their meaningful and informed participation in policy and decision-making] [as well as full, equitable, meaningful participation and leadership at all levels of action, engagement, policy and decision-making related to biodiversity].
