SECOND GLOBAL THEMATIC DIALOGUE
FOR INDIGENOUS PEOPLES AND LOCAL
COMMUNITIES ON THE POST-2020
GLOBAL BIODIVERSITY FRAMEWORK
Online, 1-3 December 2020

ANNOTATED PROVISIONAL AGENDA

1. At its fourteenth meeting, the Conference of the Parties to the Convention on Biological Diversity adopted a decision setting out a preparatory process for the development of the post-2020 global biodiversity framework ([decision 14/34](#)).
2. In addition, in [decision 14/17](#) (para. 13), the Conference of the Parties requested Parties to facilitate and support the participation of indigenous peoples and local communities in the discussion and processes related to the post-2020 global biodiversity framework. The second Global Thematic Dialogue for Indigenous Peoples and Local Communities on the Post-2020 Global Biodiversity Framework has been organized in response to that request. Made possible by the generous financial support of the Campaign for Nature,¹ the Dialogue has been organized by the Secretariat of the Convention jointly with the International Indigenous Forum on Biodiversity (IIFB) and builds on the first Dialogue, which was held on 17 and 18 November 2019. For the report of the first Global Dialogue, see [CBD/POST2020/WS/2019/12/2](#).
3. The purpose of the second Dialogue is to provide an opportunity for indigenous peoples and local communities to reflect on the post-2020 global biodiversity framework process, including the zero draft and the proposed draft monitoring framework. The discussion will focus on the following matters:
 - (a) Key messages from indigenous peoples and local communities concerning the zero draft global biodiversity framework and the proposed draft monitoring framework, to be considered under item 3 of the agenda of the twenty-fourth meeting of the Subsidiary Body on Scientific, Technical and Technological Advice;
 - (b) Promoting dialogue and building bridges among indigenous peoples and local communities, and the Co-Chairs of the Open-ended Working Group on the Post-2020 Global Biodiversity Framework, and the Bureau, as well as regional and Party representatives.
4. Expected outputs of the Dialogue include main messages that could be conveyed, as appropriate, to the following bodies:
 - (a) The Subsidiary Body on Scientific, Technical and Technological Advice;
 - (b) The Subsidiary Body on Implementation;
 - (c) The Open-ended Working Group on the Post-2020 Global Biodiversity Framework;
5. The Dialogue will provide an opportunity to consider the current zero draft of the global biodiversity framework and the proposed draft monitoring framework (targets and indicators) in order to prepare for the next steps in the global biodiversity framework process at the twenty-fourth meeting of the Subsidiary Body on Scientific, Technical and Technological Advice (first quarter of 2021).

6. The Dialogue will be held online from 1 to 3 December 2020. It is open to representatives of indigenous peoples and local communities. The opening session, on 1 December 2020 from 8 to 9.30 a.m., and the final session, on 3 December 2020 from 9.05 to 10 a.m., will be public sessions. Governments and stakeholders are invited to follow the Dialogue via the Convention's public YouTube page at www.cbd.int/live.

ITEM 1. OPENING OF THE MEETING

7. The Dialogue will be opened at 8 a.m. with an indigenous prayer to welcome participants. The Executive Secretary and a representative of IIFB will make opening remarks. Additionally, the National Focal Point of China for the Nature and Culture Summit, which is to be held as a major parallel event during the fifteenth meeting of the Conference of the Parties to the Convention, will invite representatives of indigenous peoples and local communities to be partners in conducting the Summit. Finally, a representative of the Government of Mexico will present the outcomes of the Indigenous Peoples' Dialogue on Climate Change, Biodiversity and Desertification, which was co-organized by the Governments of Canada and Mexico, and held during September and October 2020.

ITEM 2. ORGANIZATIONAL MATTERS

8. The IIFB co-chairs will preside over the meeting, including the adoption of its agenda and the organization of work. Regional representatives of indigenous peoples and local communities will be nominated to serve as rapporteurs. The regional rapporteurs and co-chairs of IIFB will form a drafting committee to draft the main messages, which will be adopted by the participants representing indigenous peoples and local communities by consensus on the morning of the last day. The main messages will be annexed to the report of the Summit, so they can be conveyed to the Subsidiary Body on Scientific, Technical and Technological Advice at its twenty-fourth meeting, the Subsidiary Body on Implementation at its third meeting and the Working Group on the Post-2020 Global Biodiversity Framework at its third meeting. The Secretariat of the Convention will provide secretariat services, including the drafting of a procedural report.

9. The participants in the second Dialogue will be invited to consider the provisional agenda (CBD/POST2020/WS/2020/5/1), prepared by the Executive Secretary in consultation with the International Indigenous Forum on Biodiversity.

10. The work of the Dialogue will take place in two-hour sessions over three days. The Dialogue will be conducted in English with informal interpretation in Spanish, French and Russian. A proposed organization of work is contained in annex I.

11. A list of documents is contained in annex II below.

ITEM 5. INDIGENOUS PEOPLES, LOCAL COMMUNITIES AND THE POST-2020 GLOBAL BIODIVERSITY FRAMEWORK DIALOGUE

14. To facilitate the preparation of documents for the twenty-fourth meeting of the Subsidiary Body on Scientific, Technical and Technological Advice, participants were invited to participate in the peer review

The updated zero draft takes into account the outcomes of the second meeting of the Open-ended Working Group on the Post-2020 Global Biodiversity, which was held in February 2020, and the submissions received.

16. In the plenary session, participants will consider the submissions of indigenous peoples and local communities to date, discuss possible gaps and improvements, and identify key messages on the post-2020 global biodiversity framework, with a focus on the following:

- (a) Updated zero draft on the post-2020 global biodiversity framework;
- (b) The monitoring elements for the post-2020 global biodiversity framework.

17. To assist the discussions, a representative of IIFB will present their most recent submissions concerning the global biodiversity framework and any perceived gaps that could be addressed.

The drafting team will report back to the plenary on Tuesday, 2 December, with a view to adopting the main messages on Wednesday morning between 8 a.m. and 8.55 a.m. in order to convey them to the Co-Chairs of the Open-ended Working Group on the Post-2020 Global Biodiversity Framework and the Chairs of the twenty-fourth meeting of the Subsidiary Body on Scientific, Technical and Technological Advice and of the third meeting of the Subsidiary Body on Implementation.
