Draft decision submitted by the Chair of Working Group I

The Conference of the Parties,

Recalling its decision 14/21 of 29 November 2018,

1. *Invites* Parties to continue to take appropriate measures to address damage to biological diversity, including response measures, in accordance with relevant international obligations;

2. *Decides* to review the topic of liability and redress in the context of Article 14, paragraph 2, of the Convention on Biological Diversity³ at its eighteenth meeting, taking information on relevant developments into account, including progress in the implementation of the Kunming-Montreal Global Biodiversity Framework.
