Comments on national situation
Bangladesh is rich in biodiversity. But many of species are now under threat. For the human welfare we have to managed it properly. Bangladesh is a party of CBD. With the link of NBSAP we have to form a national CHM.

Strategic Vision
Develop & sustain CHM & make it user friendly.

Comments on roadmap

As a party of CBD we need to establish a national CHM. Stake holder analysis should also be done. Available fund also needed for establishing & maintaining a strong national CHM.

Cooperation opportunities / Type of support needed

There is opportunity for cooperation to develop project proposal to set up the CHM. Financial & technical support also be needed.

Thank you!
