

**ADDENDUM TO THE ORGANIZATION OF WORK OF THE CONTACT GROUPS ON AGENDA
ITEM 4**

NOTE BY THE CO-LEADS OF CONTACT GROUP 2

Ms. Teona Karchava (Georgia), Mr. Alfred Oteng-Yeboah (Ghana)

1. The present document complements the document that guides the organization of work of the four contact groups on agenda item 4.
 2. Contact group 2 has two sessions (a total of six hours) to conduct its work to address draft targets 1 to 8. The following approach is suggested:
 - First session: Discussions on targets 1 to 4;
 - Second Session: Discussion on targets 5 to 8.
 3. At the opening of the first session, the co-leads will introduce the intended work and outcome of the contact group. Each target will then be taken up sequentially. In introducing each target, the co-leads will present an oral overview of views expressed on this target through the statements provided in plenary. The following guiding questions will be used to structure the discussion on text of each target, and delegations will be requested to address these in the form of concrete text proposals:
 - Is the ambition and general orientation of the target adequate?
 - Are there elements of the target that should not be part of it or are missing? Please provide rationale.
 4. Please provide a text proposal to further develop that (those) element(s) or the target. Delegations are encouraged to prepare clear, focused and efficient interventions that allow them to address the guiding questions and where possible providing specific textual suggestions. Delegations should keep their interventions well within two minutes, as far as possible.
 5. Participants are invited to consider supporting a previously presented text proposal if it addresses the general interest/concern of their own delegation, rather than proposing similar language that does not vary greatly in substantive content/direction. Parties may express their support for proposals using the chat box but are discouraged from using it for the proposal of text unless invited by the co-leads to do so.
 6. To assist the deliberations, the text of the target being discussed, together with proposals made on text will be projected on screen.
