Comments on national situation
Since 1996 Mongolia hasn't been establish own Clearing House Mechanism of CBD. Therefore immediately, to be establish National CHM website, and search to financial opportunity for it of donor organisations. Motivated and professional body should work on implementation CBD convention in National level Challenges: • CHM NFP isn't work sustainable • Many organisations work separately on Biodiversity

Strategic Vision
The establishment of National CHM is to promote the management and sharing of information relating to the country's biodiversity, which includes: • NBSAP (2015-2025) & Aichi Targets implementation, monitoring and reporting, • Information on-species (endemic, threatened and endangered species) and ecosystems, policies and legislations, biodiversity educational materials, biodiversity databases, important biodiversity related dates and events, protected areas (management plans, maps, reports), • Biodiversity related objectives of the the National Sustainable Development Strategic Plan (NSDSP), National Green Development Plan (NGDP) • Deliver understandings on genetic resource use and access benefit and sharing • National Invasive Species Strategy and Database, information • Education & awareness tool for the public use, reference • Links to: ○ Biodiversity related other conventions ○ Programmes and projects- Biodiversity conservation, Climate change, Climate adaptation and Forest etc ○ Community based natural resource management

Strategic Vision	
	○ Traditional Knowledge for Natural resource management ○ National Wetland Sites & Information ○ Eco-Tourism Sites and Information ○ Networking with relevant regional links/partners & Bioland Networks

Roadmap
