**ELEMENTS FOR THE EVALUATION OF THE STRATEGIC FRAMEWORK FOR
CAPACITY-BUILDING AND DEVELOPMENT TO SUPPORT THE EFFECTIVE
IMPLEMENTATION OF THE NAGOYA PROTOCOL**

A. Scope and objectives of the evaluation

1. It is proposed that the exercise focus on evaluating the relevance and effectiveness of the strategic framework in guiding the capacity-building and development efforts during the short and medium term (2014-2020) and offering recommendations that could be useful for the possible revision of the strategic framework beyond 2020. In other words, the objective of the evaluation will be to assess the framework's contribution in helping foster a strategic, coherent and coordinated approach to capacity-building and development for the effective implementation of the Nagoya Protocol.

2. Specific objectives of the evaluation will be threefold:

(a) To take stock and review progress made in the implementation of the strategic framework, including the main achievements by key area of the strategic framework, limitations and lessons learned since its adoption in 2014, based on the achievement of the objectives of the strategic framework;⁶

(b) To review the relevance and effectiveness of the strategic framework in guiding and facilitating capacity-building efforts while fostering coordination and cooperation in the short and medium term;

(c) To propose options and make recommendations for further capacity-building to support the implementation of the Nagoya Protocol that could be taken into consideration for the preparation of the long-term strategic framework for capacity-building and development beyond 2020 pursuant to decision XIII/23 of the Conference of the Parties.

B. Methodology and sources of information

3. The Secretariat will be responsible for carrying out the evaluation in 2019 with inputs from Parties, international organizations and other relevant stakeholders. Three main data collection methods will be used: (a) documentation review; (b) an online survey; and (c) interviews with representatives of key organizations working on capacity-building and development related to access and benefit-sharing.

4. To guide the review, the following set of questions and sub-questions is proposed:

(a) What progress has been made in the implementation of the strategic framework?

(i) What have been the main achievements relating to the implementation of the strategic framework?

(ii) What progress has been made in strengthening capacities in the five key areas⁷ identified by the strategic framework?

(iii) Are there any gaps (thematic and/or geographic) in the implementation of the strategic framework?

(iv) Have the measures and capacity-building activities proposed in appendix II of the strategic framework been used in capacity-building initiatives?

 - (i) To what extent is the framework being used as a reference to guide the policies and actions of Parties, organizations and donors in relation to capacity-building for access and benefit-sharing (ABS)? If so, how? If it has not been used as a reference, please explain why.
 - (ii) What have been the most useful mechanisms to facilitate coordination of the implementation of the strategic framework and how?
 - (iii) To what extent are Parties and relevant organizations cooperating on capacity-development?

 - (ii) Was the strategic framework used to guide resource mobilization by Parties and has it influenced donor financing?
 - (iii) To what extent was the strategic framework taken into account by eligible countries in the design of their ABS capacity-building projects submitted to the Global Environment Facility?
 - (d) Are the elements of the strategic framework (i.e. key areas, objectives, proposed activities) still relevant?
 - (i) Are the objectives of the strategic framework still valid? To what extent?
 - (ii) Are the key areas and indicative activities for capacity-building⁸ still consistent with the overall strategic goals, objectives and desired changes in capacity-building and development to support the implementation of the Nagoya Protocol?
 - (e) Recommendations for the preparation of the long-term strategic framework for capacity-building and development beyond 2020:

C. Expected output and outcomes

6. The strategic framework is a flexible and living document. From its inception, it was intended to be used, adapted and updated on the basis of emerging experiences and lessons learned. As per paragraph 44 of the strategic framework, the main output of the review will be a report to be used by the Conference of the Parties serving as the meeting of the Parties to the Protocol to review, and, as appropriate, revise the strategic framework for capacity-building and development in conjunction with the consideration and adoption of a post-2020 global biodiversity framework.
