

Information on National CHM

Cambodia

National CHM	
Web address (URL)	http://www.chm.gdancp-moe.org
Title	Cambodia Clearing House Mechanism
Brief description	<p>As a Party State to the United Nation Convention on Biological Diversity (UN-CBD), especially under the Article 18(3), the Kingdom of Cambodia is required to set up and operate Cambodia Clearing House Mechanism. Like other Clearing House Mechanisms in relation with United Nations Convention to Combat Desertification (UN-CCD) and United Nations Framework Convention on Climate Change (UNFCCC), Cambodia Clearing House Mechanism of CBD plays a crucial role in promoting and facilitating scientific and technical cooperation and exchange of information among all stakeholders.</p> <p>This on-line data center which contains UN-CBD related documents, events, decisions, policies and legislation is expected to significantly contribute to realization of the three objectives of the Convention: the conservation of biological diversity, the sustainable use of its components and the fair and equitable sharing of benefits arising from the use of genetic resources.</p> <p>In addition, it would serve as an information hub for the public, researchers and academic people.</p>

WWF	World Wide Fund for Nature	Project partner

Comments on national situation
Based on UNCBD, Cambodia established its National Clearing-House Mechanism (CHM) for Cartagena Protocol (BCH) and Nagoya Protocol (ABS) websites, but need to combine 3 CHM websites into one platform, update the contents and interface as well as data and information collection and enter all available data and information from UNCB, national biodiversity status by linking with GIS department (Geographical Information System) of MoE.

Strategic Vision
<p>VISION</p> <p>Our CHM vision is to share and promote relevant information for biodiversity conservation and management for sustainable development.</p>

Strategic Vision				
OBJECTIVE Our CHM objective is to promote and facilitate scientific and technical cooperation and exchange of information among all stakeholders widely for biodiversity conservation and management for sustainable development.				

Roadmap				
Priority	Objective	Activity	Responsible	Requirements
1	To improve CHM	Combine 3 CHM websites into one platform	DoB and related project partners	OK, ARR
2	To make CHM website more friendly use	Update the contents and interface as well as data and information based on Bioland tool	DoB and related project partners	OK, ARR
2	To update and share relevant data and information	Collect and enter all available data and information from UNCBD, national biodiversity status by linking with GIS department (Geographical Information System) of MoE	DoB and related project partners	CR, ARR
3	To promote awareness raising of CHM	More efforts and commitments are made to promote CHM by means of workshops, training sessions, environmental days, meetings etc.	DoB and related project partners	CR, ARR

Notes:

- Priority: 1=urgent, 2=high, 3=medium, 4=low; 5=very low
- Objective: challenge, issue, problem to resolve
- Responsible: organization or person in charge
- Requirements: Code + text
 - OK: Can be done with existing resources
 - DR: Decision required
 - CR: Collaboration required
 - ARR: Additional resources required (support, cooperation)

Comments on roadmap

Cooperation opportunities / Type of support needed
<ul style="list-style-type: none"> • Technical and financial supports from donors, CBD and ACB secretariats and other key stakeholders and partners

Thank you!
