11. At its fifteenth meeting, the Conference of the Parties elected 10 members of the Bureau for a term of office commencing upon the closure of the fifteenth meeting and ending at the closure of the sixteenth meeting. The Bureau for the sixteenth meeting of the Conference of the Parties comprises the following members, in addition to the President:

Khangeziwe Mabuza (Eswatini)²

Norbert Bärlocher (Switzerland)

12. At its sixteenth meeting, the Conference of the Parties to the Convention will elect Bureau members whose terms of office will commence upon the closure of the meeting, in accordance with rule 21 of the rules of procedure.

13. Regional groups are urged to submit their nominations at the opening of the meeting to enable the elections to take place at an early stage in the meeting and for the newly elected members of the Bureau to attend, as observers, the Bureau meetings to be held during the sixteenth meeting of the Conference of the Parties, thus ensuring a smooth transition between outgoing and incoming Bureau members.³

Election of officers of subsidiary bodies and other meetings

14. Rule 26 of the rules of procedure provides that the chairperson of any subsidiary body shall be elected by the Conference of the Parties. At the present meeting, the Conference of the Parties will

² In replacement of Hlobisile Sikhosana (Eswatini), who had been elected by the Conference of the Parties at the resumed second part of its fifteenth meeting.

³ Where necessary, substitute officers will be elected by the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol and the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol.

therefore need to elect the Chairperson of the Subsidiary Body on Scientific, Technical and Technological Advice and the Chairperson of the Subsidiary Body on Implementation, to preside over the respective bodies for a term of office commencing at the closure of the sixteenth meeting of the Conference of the Parties and ending at the closure of the seventeenth meeting. According to the established regional rotation, it is expected that the Chairperson of the Subsidiary Body on Scientific, Technical and Technological Advice will be elected from the African States and that the Chairperson of the Subsidiary Body on Implementation will be elected from the Latin American and Caribbean States.

15. Further information on the procedures for the election of officers will be provided in document CBD/COP/16/INF/2.

Adoption of the agenda

16. The provisional agenda was prepared by the Secretariat in accordance with rules 8 and 9 of the rules of procedure, with guidance from the Bureau and taking relevant decisions of the Conference of the Parties into account.

17. The Conference of the Parties will be invited to adopt the agenda of the present meeting, pursuant to the rules of procedure, on the basis of the provisional agenda.

Organization of work

18. In accordance with established practice, the Conference of the Parties may wish to establish two working groups to support the work conducted in plenary.

19. As decided by the Conference of the Parties in paragraph 3 of decision [XII/27](#), the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol in paragraph 1 of decision [BS-VII/9](#) and the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol in paragraph 1 of decision [NP-1/12](#), ordinary meetings of the Conference of the Parties are held within a two-week period that also includes the meetings of the Conference of the Parties serving as the meetings of the Parties to the Protocols.

20. Accordingly, the proposed organization of work of the sixteenth meeting of the Conference of the Parties, the eleventh meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol and the fifth meeting of the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol is set out in document CBD/COP/16/1/Add.2, common to all three meetings. The document also includes a division of responsibilities between the plenary and the two working groups. The organization of work has been prepared taking into account the experience gained since 2016 with the concurrent convening of the meetings of the Conference of the Parties to the Convention and the Conference of the Parties serving as the meetings of the Parties to the Protocols. It is thus envisaged that the two working groups will also address issues related to the Cartagena and Nagoya Protocols.

21. Organizational matters, reports of intersessional and regional preparatory meetings and reports on administrative and budgetary matters, as well as the consideration of draft decisions and final matters would be considered in plenary sessions.

22. The Conference of the Parties will be invited to consider and adopt the proposed organization of work.

23. If the two working groups are established, the Conference of the Parties would need to elect a chair for each.

24. Interpretation will be available for plenary sessions and sessions of the working groups.

25. A list of documents for the meeting is provided in the annex.

Item 3

Report on the credentials of representatives to the sixteenth meeting of the Conference of the Parties

26. Rule 18 of the rules of procedure states that:

The credentials of representatives and the names of alternate representatives and advisers shall be submitted to the Executive Secretary of the Conference of the Parties or the representative of the Executive Secretary if possible not later than 24 hours after the opening of the meeting. Any later change in the composition of the delegation shall also be submitted to the Executive Secretary or the representative of the Executive Secretary. The credentials shall be issued by the Head of State or Government or by the Minister for Foreign Affairs or, in the case of a regional economic integration organization, by the competent authority of that organization.

27. Rule 19 provides that the Bureau of any meeting is to examine the credentials and submit its report to the Conference of the Parties for decision.

28. In order to assist Parties in fulfilling the requirements under rule 18, the Acting Executive Secretary issued a notification⁴ that included information on requirements for credentials and a link to sample formats for appropriate credentials. Following previous practice, representatives of Parties to the Convention that are also Parties to the Cartagena Protocol and the Nagoya Protocol may submit a single set of credentials for the sixteenth meeting of the Conference of the Parties, the eleventh meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol and the fifth meeting of the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol.

29. The Conference of the Parties will be invited to consider and adopt the report on credentials submitted to it by the Bureau.

Item 4

Pending issues

30. At its first meeting, the Conference of the Parties adopted the rules of procedure for its meetings in decision I/1, with the exception of rule 40, paragraph 1, relating to the taking of substantive decisions, which was left in brackets. The Conference of the Parties has considered this outstanding matter at its subsequent meetings but without resolving it conclusively. At the third meeting, consensus was reached concerning some, but not all, of the text in brackets.

31. In its decision I/6, the Conference of the Parties adopted the financial rules for the administration of the trust fund for the Convention. Paragraphs 4 and 16 of those rules contain bracketed text. Paragraph 4 deals with the scale of assessments for the apportionment of contributions by Parties to the trust fund, while paragraph 16 deals with the adoption of decisions regarding the trust fund. The paragraphs have been considered at subsequent meetings of the Conference of the Parties but without reaching any agreement. The text therefore remains bracketed.

32. Since it is not expected that the matter can be resolved at the present meeting, it is suggested to postpone its consideration to a future meeting.

Item 5

Date and venue of future meetings of the Conference of the Parties

33. In accordance with paragraph 2 of rule 4 of its rules of procedure, the Conference of the Parties decides at each ordinary meeting on the date and duration of the next ordinary meeting. In accordance with paragraph 1 of rule 4, ordinary meetings are to be held every two years.

⁴ Notification No. 2024-038 of 26 April 2024.

34. In its decision XIII/33, the Conference of the Parties decided that its sixteenth meeting would be held in Türkiye and agreed that, in line with paragraph 1 of rule 21 of the rules of procedure, with respect to the rotation of the office of the President among the five United Nations regions, starting from the seventeenth meeting, the President of the Conference of the Parties should be elected from among the five regions in the following order: Eastern European States; Latin American and the Caribbean States; African States; Asia-Pacific States; and Western European and other States.

35. Accordingly, the Conference of the Parties invited Parties to undertake consultations on the hosting of the meetings of the Conference of the Parties that would follow the sixteenth meeting of the Conference of the Parties, with a view to nominating a president from among the Parties of their respective regions.

36. In its decision 14/38, the Conference of the Parties invited Parties from the Eastern European region to notify the Executive Secretary of their offers to host the seventeenth meeting of the Conference of the Parties, the twelfth meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol and the sixth meeting of the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol.

37. In its decision 15/35, the Conference of the Parties, noting the withdrawal by the Government of Türkiye of its offer to host the sixteenth meeting of the Conference of the Parties, owing to the challenges of recovery from the damage caused by the tragic earthquakes suffered by the country in February 2023, requested the Executive Secretary to expedite consultations with Parties on the date and venue of the sixteenth meeting of the Conference of the Parties, the eleventh meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol and the fifth meeting of the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol. Subsequently, an offer from the Government of Colombia to host these meetings was accepted by the Bureau of the Conference of the Parties.

38. An update on the matter, including any offer made by one or more Parties, will be provided to the Conference of the Parties for its consideration.

39. Elements of a draft decision prepared by the Secretariat will also be provided in the compilation of draft decisions.⁵

Item 6

Reports of intersessional and regional preparatory meetings

40. The President will inform the Conference of the Parties of the results of the meetings of the subsidiary bodies held during the intersessional period and of the corresponding reports, on the understanding that the substantive issues arising therefrom will be considered under the appropriate agenda item.

41. The reports that will be presented at the sixteenth meeting include the following:

(a) Reports of the Subsidiary Body on Scientific, Technical and Technological Advice on its twenty-fifth and twenty-sixth meetings;

(b) Reports of the Subsidiary Body on Implementation on its fourth and fifth meetings;

(c) Report of the Ad Hoc Open-ended Intersessional Working Group on Article 8(j) and Related Provisions of the Convention on its twelfth meeting;

Item 8**Progress on the preparation of targets and updating of national biodiversity strategies and action plans by Parties in line with the Kunming-Montreal Global Biodiversity Framework**

46. By its decision 15/4, the Conference of the Parties to the Convention adopted the Kunming-Montreal Global Biodiversity Framework. By its decision 15/6, it adopted an enhanced multidimensional approach to planning, monitoring, reporting and review, including national biodiversity strategies and action plans, revised or updated in alignment with the Kunming-Montreal Global Biodiversity Framework and its goals and targets, as the main vehicle for the implementation of the Framework. In the same decision, it requested Parties to submit their revised or updated national biodiversity strategies and action plans by its sixteenth meeting or, if they were not in a position to do so, to communicate their national targets by that time.

47. At its fourth meeting, the Subsidiary Body on Implementation considered progress to date in national target setting and the updating of national biodiversity strategies and action plans and adopted recommendation 4/1. The recommendation did not contain a draft decision for the Conference of the Parties.

48. At its fifth meeting, the Subsidiary Body on Implementation will consider progress by Parties in the preparation of national targets and the updating of national biodiversity strategies and action plans aligned with the Framework. The Subsidiary Body will have before it a summary of progress and an analysis of the information contained in the national biodiversity strategies and action plans

49. The Conference of the Parties will be invited to consider agenda item 8 on the basis of the work of the Subsidiary Body and to adopt a decision based on a recommendation to be adopted by the Subsidiary Body at its fifth meeting.

Item 9

Digital sequence information on genetic resources

50. In its decision [15/9](#), the Conference of the Parties agreed, among other things, that the benefits from the use of digital sequence information on genetic resources should be shared fairly and equitably and it established a multilateral mechanism for benefit-sharing from the use of digital sequence information on genetic resources, including a global fund. It also established a fair, transparent, inclusive, participatory and time-bound process to further develop and operationalize the mechanism, including through an ad hoc open-ended working group tasked with undertaking the further development of the mechanism and making recommendations to the Conference of the Parties at its sixteenth meeting.

51. The Ad Hoc Open-ended Working Group on Benefit-sharing from the Use of Digital Sequence Information on Genetic Resources held two meetings. It discussed the issues for further consideration set out in the annex to decision 15/9 and the development of the multilateral mechanism, including a global fund, taking into account a synthesis of views on the further development and operationalization of the multilateral mechanism, a compilation of lessons learned from other international funding mechanisms, studies commissioned by the Secretariat further to requests in decision 15/9 and information from informal intersessional activities undertaken between its two meetings.

52. The Conference of the Parties will have before it a note prepared by the Secretariat containing additional information on resource mobilization¹⁰ and will be invited to adopt a decision to operationalize the multilateral mechanism and its global fund on the basis of recommendation 2/1 of the Working Group, as reproduced in the compilation of draft decisions, taking also into account the outcome of the third meeting of the Advisory Committee on Resource Mobilization.¹¹ Agenda item 9 will be considered in conjunction with the corresponding item on the agenda of the Conference of the Parties serving as the meeting of the Parties to the Nagoya Protocol.

In its recommendation 26/1, the Subsidiary Body invited the Ad Hoc Open-ended Working Group on Benefit-sharing from the Use of Digital Sequence Information on Genetic Resources to develop options for the indicators on the sharing of benefits from the use of digital sequence information for possible inclusion in the monitoring framework. At its second meeting, the Working Group made a recommendation in this regard (recommendation 2/1, para. 1), which will be reflected in the compilation of draft decisions.

57. The Conference of the Parties will be invited to update and complete the monitoring framework on the basis of the draft decision arising from recommendation 26/1 of the Subsidiary Body and recommendation 12/4 of the Ad Hoc Open-ended Intersessional Working Group on Article 8(j) and Related Provisions, as reproduced in the compilation of draft decisions.

Enhanced multidimensional approach to planning, monitoring, reporting and review

58. In its decision 15/6, the Conference of the Parties identified further work required to develop or finalize elements of the enhanced multidimensional approach to planning, monitoring, reporting and review. Those elements included the concrete procedures for the global review of collective progress in the implementation of the Kunming-Montreal Global Biodiversity Framework, the development of the modus operandi for an open-ended forum for voluntary country review under the Subsidiary Body on Implementation, the reporting of commitments from non-State actors and the finalization of the template for the seventh and eighth national reports. To support this work, it established an advisory committee on resource mobilization that would report to the Subsidiary Body on Implementation and to the Conference of the Parties at its sixteenth meeting against terms of reference contained in annex II to the decision. In the same decision, it requested the Global Environment Facility (GEF) to establish a special trust fund to support the implementation of the Framework and decided to assess the progress of the Global Biodiversity Framework Fund at its future meetings.
