Subregional Workshop
for Arabic-speaking Countries
on the Clearing-House Mechanism
(CHM)

5-9 March 2018
Cairo, Egypt

- **CHM Network**
 - Decision XII/2 B reiterated the importance of national CHMs
 - Only 50% of Parties have a national CHM
 - Many countries use the European Portal Tool Kit (PTK)
- **Experiences from workshops**
 - Guidance is not sufficient
 - Barriers to the establishment of a national CHM
 - Lack of capacity to establish and maintain the CHM
- **CHM expert meeting at EEA (December 2014)**
 - European Portal Tool Kit (PTK) based on obsolete platform (Zope)
 - Should be based on popular open-source content management system
 - Consideration of various options
 - Proposal by Belgium to offer web-hosting if Drupal CMS

Advanced Features

Demos

- **Phase 1 - New tool**
 - Targeted at Parties without a national CHM
 - Ideally turn-key solution to overcome known barriers
 - Development of new Drupal-based tool
 - Offered to interested Parties
- **Phase 2 - Migration of European Portal Tool Kit**
 - Targeted at Parties using the PTK
 - Integration with Bioland tool
 - Gradual migration of interested Parties
- **Maintenance and evolution**
 - Managed by CBD Secretariat
 - Hosted by Belgium
