

TABLE 1 | Status and trends of biodiversity-related parameters according to the 2010 indicators

Based on the assessment in chapter 2 of *Global Biodiversity Outlook 2*. Arrows indicate the direction of trends (broad arrows indicate a high level of confidence about the trend; narrow arrows indicate low confidence; red arrows indicate a trend that is negative for biodiversity; green arrows indicate a trend that is positive for biodiversity). The quality of the data and indicators are shown by the stars at the right hand side.

- ★★★ good indicator methodology with globally consistent time course data;
- ★★ good indicator, but no time course data;
- ★ indicator requires further development and/or limited data.
