

## Convention on Biological Diversity

Distr.  
GENERAL

UNEP/CBD/ABS/WS/2014/5/1/Add.1  
18 April 2014

ORIGINAL: ENGLISH

### WEST ASIA AND NORTH AFRICA SUBREGIONAL CAPACITY-BUILDING WORKSHOP ON THE NAGOYA PROTOCOL ON ACCESS AND BENEFIT-SHARING

Dubai, United Arab Emirates, 1 to 5 June 2014  
Item 2 of the provisional agenda\*

#### ORGANIZATIONAL MATTERS

*Annotations to the provisional agenda*

#### INTRODUCTION

1. In paragraph 1 of its decision XI/1 D, and paragraph 1 of decision XI/1 E, the Conference of the Parties to the Convention on Biological Diversity requested the Executive Secretary, in collaboration with relevant organizations and subject to the availability of financial resources, to continue carrying out awareness-raising and capacity-building and development activities to support the ratification, early entry into force and implementation of the Nagoya Protocol on Access to Genetic Resources and the Fair and Equitable Sharing of Benefits Arising from their Utilization.

2. Thanks to the generous financial support of the Governments of Japan and the Republic of Korea, the Secretariat is organizing the regional capacity-building workshop on the Nagoya Protocol for West Asia and North African countries, to be held from 1 to 5 June 2014 in Dubai, United Arab Emirates. The workshop will also include a one-day training session on the pilot phase of the Access and Benefit-sharing Clearing-House with financial support from the European Union.

3. The workshop aims to promote further understanding of the Protocol's requirements and strengthen the capacity of the participating countries to ratify or accede to the Protocol and prepare for its effective implementation with the view to contributing to the achievement of Aichi Biodiversity Target 16, i.e. "the Nagoya Protocol is in force and operational, consistent with national legislation, by 2015". The specific objectives of the workshop are:

(a) To further raise awareness and understanding of the core provisions of the Nagoya Protocol, including the main obligations of Parties under the Protocol;

(b) To facilitate exchange of information on the current status, experience and lessons learned regarding national processes towards ratification of/accession to the Protocol and development, as appropriate, of draft roadmaps and plans for the next steps;

(c) To discuss ways and means of integrating access and benefit-sharing measures into the national biodiversity strategies and action plans (NBSAPs) and other relevant national policies, plans and programmes;

---

\* UNEP/CBD/ABS/WS/2014/5/1.

(d) To facilitate exchange of information on existing domestic legislative, administrative or policy measures and preparation of draft roadmaps/action plans towards the development or amendment of such measures in light of the Nagoya Protocol requirements and the establishment of institutional arrangements and administrative systems to support the implementation of the Protocol;

(e) To promote understanding of the main features, modalities of operation and functioning of the pilot phase of the Access and Benefit-Sharing (ABS) Clearing-House and how to use it to find, retrieve, register and manage information related to access and benefit-sharing;

(f) To increase awareness of the requirements and procedures for accessing funding from the Global Environment Facility (GEF) and other sources to support the implementation of the Protocol; and

(g) To foster regional and subregional cooperation on the implementation of the Protocol through exchange of information on existing and potential opportunities for collaboration.

4. The workshop participants will comprise relevant government officials, representatives of indigenous and local communities, research/academic institutions and other stakeholders involved in, or likely to be involved in access and benefit-sharing activities and processes at the national and regional levels. A notification was sent by the Executive Secretary on 3 April 2014 inviting Parties, indigenous and local communities and relevant stakeholders to nominate participants for the workshop. The nominated participants are requested to undertake preparatory activities, as set out in annex III below, prior to the workshop.

5. The workshop will include a series of presentations and interactive group discussions/exercises to enable participants to learn and share knowledge, views and experiences on various topics. The workshop will also include a half-day field trip.

6. The documents for the workshop will be available on the Secretariat's website at: <http://www.cbd.int/doc/?meeting=ABSWS-2014-05>.

7. The workshop will be conducted in English with simultaneous interpretation into Arabic.

#### **ITEM 1. OPENING OF THE MEETING**

8. The meeting will be opened by a representative of the Government of the United Arab Emirates at 9 a.m. on 1 June 2014. A representative from the Secretariat will also deliver opening remarks.

#### **ITEM 2. WORKSHOP OBJECTIVES AND EXPECTED OUTCOMES**

9. Under this item, the Secretariat will introduce the objectives and expected outcomes of the workshop, and present the organization of work as contained in the annex to the present document. Participants will thereafter be invited to introduce themselves and indicate their expectations from the workshop.

#### **ITEM 3. INTRODUCTION TO THE NAGOYA PROTOCOL ON ACCESS TO GENETIC RESOURCES AND THE FAIR AND EQUITABLE SHARING OF BENEFITS ARISING FROM THEIR UTILIZATION AND UPDATES ON RECENT DEVELOPMENTS, INCLUDING PREPARATIONS FOR THE FIRST MEETING OF THE PARTIES TO THE NAGOYA PROTOCOL**

10. Under this item, the participants will watch a film entitled "*Peoples, plants and profits*", which was developed by the ABS Capacity Development Initiative. The film illustrates basic access and benefit-sharing principles and concepts using examples from real case studies from Africa. After the film, the Secretariat will give a presentation providing an overview of the core provisions of the Protocol and the obligations of Parties under the Protocol.

11. Following the presentation and a short question-and-answer session, participants will take part in a group exercise to consider a hypothetical case on access and benefit-sharing. The exercise is designed to further improve the participants' understanding of the provisions of the Nagoya Protocol.

12. Under this item, the Secretariat will also provide a brief update on the developments with regard to major initiatives taken to promote the entry into force of the Protocol and the preparations for the first meeting of the Parties to the Protocol. This will include the main outcomes of the three meetings of the Intergovernmental Committee for the Nagoya Protocol and other intersessional activities.

#### **ITEM 4. CURRENT STATUS, EXPERIENCES AND THE WAY FORWARD TOWARDS RATIFICATION OF/ACCESSION TO THE NAGOYA PROTOCOL**

13. Under this item, the Secretariat will give a presentation on the rationale and basic procedures for ratifying or acceding to the Protocol. The presentation will, *inter alia*, highlight key points to consider in the development of documents (e.g. policy briefs, cabinet memos and other documents) aimed to facilitate the national processes towards ratification of/accession to the Protocol, including possible elements of such documents and the justification for becoming a Party to the Protocol.

14. After the presentation, participants from countries in the region that have already ratified/acceded to the Protocol will be invited to share their experiences and lessons learned in their ratification/accession processes, including the steps/activities that were undertaken; the constraints and challenges encountered and how they were addressed; and the key considerations that were taken into account during the process. These will be followed by a brief question-and-answer session.

15. The participants will then be divided into small discussion groups in which countries that have not yet ratified/acceded to the Protocol will also be invited to make brief presentations on the steps taken so far, the challenges encountered and the planned next steps.<sup>1</sup> Participants in each group will also discuss follow-up strategies and actions, identify technical support needed and the potential sources of such support, and identify opportunities for subregional cooperation to facilitate ratification of/accession to the Protocol.

16. On the basis of the outcomes of the group discussions, participants from each country that has not yet ratified/acceded to the Protocol will be invited to develop a draft roadmap for the country's national process towards ratification/accession to the Protocol. Participants from countries that have already ratified/acceded to the Protocol will be invited to offer advice, as appropriate.

#### **ITEM 5. LAYING THE FOUNDATION FOR IMPLEMENTATION OF THE NAGOYA PROTOCOL**

17. Under this item, the Secretariat will make an introductory presentation on Aichi Biodiversity Target 16 and provide an overview of the broad fields of action relating to the implementation of the Nagoya Protocol. After a brief question-and-answer session, participants will then consider the following sub-items in detail:

---

<sup>1</sup> Prior to the workshop, participants will be invited to complete and submit a short questionnaire which, *inter alia*, requests respondents to identify the entity responsible for coordinating the process towards ratification/accession; entities that must be consulted; the steps taken or planned towards ratification/accession to the Protocol; the difficulties/concerns and obstacles encountered and how they have been, or could be overcome; general lessons learned and identification of the technical support needed to advance the ratification/accession process (see sample questionnaire in the Appendix to annex III).

**5.1. *Development of access and benefit-sharing policies and strategies and their integration into national biodiversity strategies and action plans and national development policies, plans and programmes***

18. Under this sub-item, the Secretariat will make a presentation on key points and elements that Parties may wish to consider in developing their access and benefit-sharing policies and strategies. Participants will then be invited to discuss how access and benefit-sharing issues and strategies for the implementation of the Nagoya Protocol could be taken into account in the ongoing update and revision of NBSAPs. This will include discussions on ways and means of incorporating access and benefit-sharing policies and strategies into relevant components of the revised NBSAPs.

19. Participants will also discuss the potential contribution of access and benefit-sharing to the broader sustainable development goals and examine how to integrate access and benefit-sharing into national development policies, plans and programmes.

**5.2. *Development or amendment of domestic legislative, administrative or policy measures to meet the obligations set out in the Protocol***

20. Under this item, a moderated panel discussion involving participants and experts from countries that have access and benefit-sharing regulatory frameworks in place will be held. The panelists will be invited to make short presentations highlighting key elements of their national access and benefit-sharing regulatory frameworks and share the experiences and lessons learned in the development and implementation of those frameworks. Presentations by the panelists will be followed by a question and answer session and a general plenary discussion.

21. After the panel discussion, participants will be divided into small break-out groups to exchange views on key points to consider in the analysis of the gaps in existing domestic measures relevant to access and benefit-sharing and in the development and/or amendment of their legislative, administrative or policy measures to meet the obligations set out in the Protocol, including the general principles and core elements of national access and benefit-sharing laws and regulations. Participants will also be invited to discuss possible follow-up steps and actions and develop, as appropriate, draft roadmaps/action plans towards the development or amendment of their domestic legislative, administrative and policy measures and identify the related capacity-building needs.

**5.3. *Establishment or strengthening of institutional arrangements and administrative systems for the implementation of the Protocol***

22. Under this item, the Secretariat will make a presentation on points to consider in the identification and mapping of relevant institutions and organizations and highlight the key elements of existing institutional arrangements and administrative systems for access and benefit-sharing including: (i) the roles and responsibilities of various entities (national focal points, competent national authorities, checkpoints and other regulatory bodies); (ii) examples of access and benefit-sharing administrative procedures (including existing permit systems); and (iii) examples of administrative tools being used (including access application forms, standard operating procedures, record management systems and databases, and other tools). The presentation will also highlight good practices and lessons learned in setting up and operationalizing such systems and mechanisms.

23. After the presentation, participants will be divided into break-out groups and invited to exchange views on the key points to consider in setting-up or reviewing/updating institutional arrangements and administrative systems for implementation of the Protocol, including: identification/mapping of relevant institutions and agencies; the roles and responsibilities of various entities; administrative procedures and mechanisms for handling applications for access to genetic resources (obtaining prior informed consent) and granting of access to genetic resources/issuing permits or other forms of evidence of the decision to grant prior informed consent and of establishment of mutually agreed terms); mechanisms for promoting compliance, including the designation/establishment of checkpoints; mechanisms for obtaining prior

informed consent or approval and involvement of indigenous and local communities; mechanisms for coordination across different agencies and institutions; and mechanisms for encouraging and facilitating the participation of indigenous and local communities and other stakeholders in relevant access and benefit-sharing processes.

**5.4 *Development or strengthening of measures and mechanisms for implementing the Nagoya Protocol's provisions on access to, and the fair and equitable sharing of benefits arising from the utilization of traditional knowledge associated with genetic resources***

24. Under this item, the Secretariat will give a presentation on the provisions of the Nagoya Protocol regarding access to and fair and equitable sharing of benefits arising from the utilization of traditional knowledge associated with genetic resources. After the presentation participants will be invited to identify and discuss key points that relevant authorities may wish to consider in developing, as appropriate, measures for implementing the Protocol's provisions on traditional knowledge associated with genetic resources, including policies, laws, rules, procedures and guidelines for ensuring that such knowledge is accessed with the prior informed consent or approval and involvement of local and indigenous communities and that mutually agreed terms are established to secure fair and equitable sharing of benefits arising from the utilization of such knowledge.

**5.5 *Measures for promoting synergy and mutual supportiveness in the implementation of the Nagoya Protocol and other relevant international agreements and instruments.***

25. Under this item, a resource person will make a presentation on the International Treaty on Plant Genetic Resources for Food and Agriculture (ITPGRFA) and the experiences and lessons learned in its implementation at the national level. After the presentation, participants will be invited to discuss possible strategies and mechanisms for promoting synergy and mutual supportiveness in the implementation of the Nagoya Protocol and the Treaty and other relevant international agreements and instruments at the national level, drawing from relevant national experiences and lessons learned.

**ITEM 6. HANDS-ON TRAINING ON THE PILOT PHASE OF THE ACCESS AND BENEFIT-SHARING CLEARING-HOUSE**

26. Under this agenda item, participants will be introduced to the pilot phase of the ABS Clearing-House, including its role, structure, functionality and operation modalities. Article 14 of the Nagoya Protocol establishes the ABS Clearing-House as part of the clearing-house mechanism of the Convention on Biological Diversity to serve as a means for sharing information related to access and benefit-sharing and in particular to provide access to information made available by Parties relevant to the implementation of the Protocol.

27. The Secretariat will give a presentation providing a conceptual overview and an introduction to the core functions and main features of the ABS Clearing-House. The presentation will describe how to find and register information in the central portal of the ABS Clearing-House; the proposed modalities of operation, including the workflow and publishing procedures and the roles and responsibilities of national authorities (national focal points, publishing authority and national authorized users) with respect to the ABS Clearing-House; and the different types of records in the ABS Clearing-House, including "national records" (i.e. records created and managed only by national authorities, including mandatory information required under the Protocol) and "reference records" (i.e. non-mandatory information relevant to the implementation of the Protocol).

28. After the general presentation, participants will take part in hands-on training on how to use the search function to find and retrieve information and how to register and manage (modify or delete) records in management centre of the ABS Clearing-House central portal. The Secretariat will introduce the following common formats for registering information which have been developed so far: National focal points and/or publishing authorities (ABSCH-NFP); competent national authorities (ABSCH-CNA);

/...

legislative, administrative and policy measures on access and benefit sharing (ABSCH-MSR); permits or their equivalent constituting an internationally recognized certificate of compliance (ABSCH-IRCC); checkpoints (ABSCH-CP); checkpoint communiqué (ABSCH-CPC); national ABS website/database (ABSCH-NDB) and a Virtual Library Record (ABSCH-VLR). Following the introduction of each common format, participants will be invited to undertake practical exercises to register their national information (if available) as test records. In this regard, participants are urged to bring their own computers/laptops and bring along available national information relating to the various common formats. The records registered during the workshop will be only for training and testing purposes. They will not be published on the official website of the ABS Clearing-House.

29. At the end of the session, participants will be invited to provide feedback, through a questionnaire and an open discussion, to facilitate the further development and adaptation of the ABS Clearing-House to national circumstances and users' needs and to improve future training on the ABS Clearing-House.

## **ITEM 7. THE WAY FORWARD**

### ***7.1. Mobilization of resources for implementation of the Protocol***

30. Under this item, the Secretariat will make a presentation on potential opportunities and strategies for mobilizing resources to support the implementation of the Protocol. The presentation will, among other things, describe the requirements and procedures for accessing funding from the Global Environment Facility Trust Fund and the Nagoya Protocol Implementation Fund and highlight potential opportunities to mobilize funding from other sources. After the presentation, participants will be invited to discuss ways and means of improving access to GEF funds during the GEF-6 funding cycle, taking into account the previous experiences and lessons learned. The participants will also be invited to explore other potential opportunities for mobilizing resources (including financial, human and technical resources) from various sources, and discuss how resource needs for the implementation of the Nagoya Protocol have been or could be incorporated into the national resource mobilization plans currently being developed as part of the NBSAP revision process, taking into account decisions IX/1 and XI/4 of the Conference of Parties regarding the global strategy for resource mobilization in support of the achievement of the three objectives of the Convention on Biological Diversity.

### ***7.2. Roadmaps/action plans towards ratification of/accession to the Protocol and the development or amendment of domestic legislative, administrative or policy measures***

31. Under this item, participants from each country will be invited to present their draft roadmaps for the national processes towards ratification/accession to the Protocol, if applicable, and for the development and/or amendment of their legislative, administrative or policy measures to meet the obligations set out in the Protocol. The participants will be invited to provide feedback and advice on each other's draft roadmap and identify potential sources of technical support to implement the roadmaps.

### ***7.3 Regional and subregional cooperation on the implementation of the Protocol***

32. Under this item, organizations that have regional and subregional capacity-building projects and activities on access and benefit-sharing will be invited to share their experiences and lessons learned. They will also be invited to identify areas or activities in the roadmaps presented by the participants that they could potentially assist countries to implement. Participants will then discuss possible strategies and mechanisms to promote regional and subregional cooperation on the implementation of the Nagoya Protocol in West Asia and North Africa, including potential regional and subregional opportunities for collaboration. The participants will also explore the possibility of developing a capacity-building strategy and establishing a regional technical support network for the implementation of the Nagoya Protocol in the sub-region.

**ITEM 8. CLOSURE OF THE WORKSHOP**

33. Under this item, participants will be invited to share what they have learned from the workshop and how they would apply and/or transfer to others the new knowledge and skills acquired. They will also be invited to complete a workshop evaluation form.

34. After the above exercise, a representative of the Secretariat will give closing remarks and a representative of the host government will officially close the workshop.

*Annex I***PROPOSED ORGANIZATION OF WORK**

<b>DATE AND TIME</b>	<b>SESSION/ITEM</b>
<i>Sunday, 1 June 2014</i>

### *Annex III*

#### **PREPARATORY AND FOLLOW-UP ACTIVITIES TO WORKSHOP**

1. In preparation for the workshop, participants are requested to undertake the following activities:
  - (a) Prepare a short report (2-3 pages) about the process and current status of ratification/accession of the Nagoya Protocol of your country and the lessons learned based on the questions in the appendix below. Participants will be invited to share their experiences during the workshop;
  - (b) Review your country's national biodiversity strategy and action plan and summarize the elements making reference to access and benefit-sharing, if any, or identify areas where access and benefit-sharing issues could be integrated;
  - (c) Identify key stakeholders (individuals and institutions/entities) in your country who are involved, or should be involved, in the ratification process;
  - (d) Identify the entity or individuals in your government who are/would be responsible for drafting the legal framework for implementing the Protocol.
2. During the workshop, participants will be invited to prepare:
  - a. A draft roadmap or action plan towards ratification/accession to the Nagoya Protocol;
  - b. A roadmap towards the development or amendment of domestic legislative, administrative or policy measures and establishment of institutional mechanisms to support the implementation of the Protocol.
3. After the workshop, participants will be urged to carry out consultations with relevant stakeholders and finalize their roadmaps/action plans.

#### ***Appendix*** **Questionnaire**

1. What is the legal process for ratification/accession to international treaties in your country?
2. What steps has your country taken, or is planning to take, towards ratification/accession to the Nagoya Protocol?
3. What entity is responsible for initiating and spearheading the national process towards ratification of/accession to the Protocol (including development of the necessary policy briefs/cabinet memos or their equivalent and providing briefings to the Cabinet or parliament)?
4. What entity is responsible for taking the final decision (Cabinet or Parliament)?
5. Who are the other key stakeholders that have been, or need to be, involved/consulted in the ratification process (e.g. Parliamentarians, officials in different ministries, local governments, indigenous and local communities, etc.)?
6. What steps have you taken to identify and involve various actors in the ratification process (e.g. have you set up inter-ministerial committees, organized stakeholders consultations, etc.)?
7. What are some of the challenges or difficulties, concerns and obstacles that your country has encountered in the process towards the ratification of the Nagoya Protocol?
  - a. At a practical level (e.g. lack of capacity or poor coordination)
  - b. At a legal/technical level (e.g. conflict with existing domestic rules or lack of clarity of responsibilities)
  - c. At a political level (e.g. low priority given to the Nagoya Protocol)
8. How have, or could, those difficulties, concerns and obstacles be addressed?

9. What lessons have you learned from the national process for ratification/accession to the Nagoya Protocol that might be useful to other countries?
10. What technical support would you need from the Secretariat and other partners to facilitate the ratification of the Nagoya Protocol by your country?
11. Are there legislative, administrative or policy measures already in place in your country that need to be revised/updated in order to meet the obligations set out in the Nagoya Protocol?
12. What type of new/additional legislative, administrative or policy measures need to be developed in your country in order to meet the obligations set out under the Nagoya Protocol?
