<b>Comments on national situation</b>
<p>Internet network is slow  NBSAP in process  5th National Reports is finished  Nagoya Protocol high level decision in process  Building capacity to develop strategic vision and roadmap.</p>

**Strategic Vision**

- To establish a financing mechanism for the Equatorial Guinea national fund for the CHM.
- Establish a system of compilation of information about the biological diversity in the environment sector.
- Create a database.
- Create necessary hardware and infrastructures to compile the information on the diverse components of biodiversity.
- Need the above considerations in the review process of the national NBSAP

**Roadmap**

Priority	Objective	Activity	Responsible	Requirements
1.-	Establish National CHM Database	Create adequate infrastructure	Environment Department	ARR

*Notes:*

- Priority: 1=urgent, 2=high, 3=medium, 4=low; 5=very low
- Objective: challenge, issue, problem to resolve
- Responsible: organization or person in charge
- Requirements: Code + text
  - OK: Can be done with existing resources
  - DR: Decision required
  - CR: Collaboration required
  - ARR: Additional resources required (support, cooperation)

**Comments on roadmap**

- establish national CHM
- official notification from CBD Secretariat about the important to create national database for biodiversity or CHM national portal.
- training and capacity building to national NBSAP
- environment indicator to integrate in information systems.

**Cooperation opportunities / Type of support needed**

- Strengthen scientific, technical cooperation, partnerships and national structure.
- Establish CHM-website in the environment Department is a cooperation opportunity.
- Mobilization of resources is type of support needed.

***Thank you!***
