| Cooperation opportunities / Type of support needed |
| <p>Cooperation is possible, but limited. Administrative frameworks are limited by managerial constraints. Modest professional interest to use web-based information. Inter-institutional information is limited. Law exists, but implementation modalities are not well defined.</p> <p>To Do::</p> <ol style="list-style-type: none"> 1. Conduct consultations on technical issues 2. Produce a simplified information guide in the form of a scheme or a cartoon 3. Conduct training sessions in Central Asia 4. Involve country into regional and global CHM projects and initiatives |
