Second meeting  
Jakarta, 6-17 November 1995

**REPORT OF THE ASIAN REGIONAL MEETING PREPARATORY  
TO THE SECOND MEETING OF THE CONFERENCE OF THE PARTIES TO THE  
CONVENTION ON BIOLOGICAL DIVERSITY**

**Introduction**

1. Pursuant to decision I/11, on preparation for the second meeting of the Conference of the Parties to the Convention on Biological Diversity, adopted at the first meeting of the Conference of the Parties, held in Nassau, Bahamas from 28 November to 9 December 1994, and at the kind invitation of the Government of the Republic of Indonesia, the Asian regional meeting preparatory to the second meeting of the Conference of the Parties met in Jakarta, Indonesia, on 4-5 November 1995.

**AGENDA ITEM 1: OPENING OF THE MEETING**

2. The meeting was opened by Mr. Calestous Juma, Executive Secretary of the Secretariat of the Convention on Biological Diversity, who welcomed the participants and recalled that the Asian regional meeting was the third meeting convened by the Secretariat for the preparation of the second meeting of the Conference of the Parties. The African regional meeting was held in Pretoria, South Africa, on 9-10 October 1995 and concluded its work by adopting the Pretoria Declaration, a political platform highlighting the common position of the African Group on all the relevant issues on the agenda of the second meeting of the Conference of the Parties. The Latin America and Caribbean regional meeting took place in Buenos Aires, Argentina, on 18-19 October 1995 and adopted the Buenos Aires Declaration. The Executive Secretary stated that these regional meetings appeared to be very useful mechanisms in assisting the various regional groups in preparing and elaborating their common position on the major issues to be considered by the forthcoming Conference of the Parties. They also offered the opportunity to participants to share their experience and to exchange useful information related to the status of biological diversity in their region, as well as on the implementation of the Convention at the national level.

3. The Executive Secretary also indicated that the second meeting of the Conference of the Parties would mark the beginning of a new phase in the implementation of the Convention. The decisions expected from that meeting would translate the provisions of the Convention into operational form, thereby giving a new impetus to the implementation of the Convention. He expressed the hope that the Asian regional meeting would make its contribution to such an achievement.

**AGENDA ITEM 5: NATIONAL EXPERIENCE OF THE CONSERVATION  
AND SUSTAINABLE USE OF BIOLOGICAL DIVERSITY**

8. Under this item, a presentation of the status of the biological diversity and the implementation of the Convention at national level were made by the following countries: Indonesia, India, Oman, Japan, Republic of Korea, China, Thailand, Australia, Myanmar, Nepal, Sri Lanka, Mongolia and Viet Nam, and written texts were submitted to the Secretariat. 10. The Secretariat was requested to prepare a synthesis of these presentations.

**AGENDA ITEM 6: IMPLEMENTATION OF THE CONVENTION AT THE  
NATIONAL LEVEL**

11. Under this agenda item, the representative of UNEP made a presentation on the document entitled "National Biodiversity Planning: Guidelines based on early experiences around the world", prepared by UNEP, the World Resources Institute (WRI) and the World Conservation Union (IUCN), which would be officially launched during the proceedings of the second meeting of the Conference of the Parties.

12. The representative of UNEP stated that, recognizing that in many cases a national biodiversity strategy would be the centrepiece of a country's efforts to fulfill the Convention's obligations, UNEP, WRI and IUCN, with financial assistance from the Global Environment Facility (GEF), joined efforts in order to provide tools that would assist countries, developing countries in particular, to start the process of biodiversity planning. Eighteen countries in total, representing developed and developing countries, those with economies in transition and small island developing States, freely shared their experience which allowed the preparation of the document.
