**ITEM 4. NATIONAL PROCESS OF PREPARING THE FIFTH NATIONAL REPORT - LINKING IT WITH UPDATING OF NATIONAL BIODIVERSITY STRATEGIES AND ACTION PLANS (NBSAPs)**

14. Under this agenda item, countries will be invited to briefly share the status of the updating of their national biodiversity strategies and action plans, and how this process is linked with that for preparing the fifth national report, considering that both processes are mutually supportive and should be linked. Participants will also have chances to share to what extent they are involved in the development or updating of national biodiversity strategies and action plans (NBSAPs) and preparation of national reports. A few countries will share their experiences in this regard.

**ITEM 5. PREPARATION OF THE PARTS AND APPENDICES OF THE FIFTH NATIONAL REPORT**

**(a) *Assessing the status and trends of, and threats to, biodiversity and implications for human well-being (Part I of the fifth national report)***

15. The Secretariat will present suggestions on the preparation of Part I of the fifth national report, including examples of graphics from the fourth national reports of the region. Before doing so, the Secretariat will make a general introduction of decision X/10 of the Conference of the Parties related to the fifth national report and other background information including supporting tools and materials developed to assist with the preparation of the fifth national report.

16. Following a question-and-answer session or plenary discussion, an expert from the region working on the economics of ecosystems and biodiversity may be invited to present methodologies employed in The Economics of Ecosystems and Biodiversity (TEEB) and key findings from TEEB and other relevant work and experiences in the region. This is intended to help countries include relevant results in Part I.

17. One or two countries will be invited to share their thoughts on what they plan to include in Part I of their fifth national report or a draft they have prepared. Following this, participants, with the support of the Secretariat and resource persons, will undertake a group exercise on analysis of the state of biodiversity and threats to biodiversity as well as implications for human well-being, with links to Aichi Biodiversity Targets 5 to 15. The results of such exercises could be used in Part I of the fifth national report.

**(b) *Implementation of national biodiversity strategies and action plans and mainstreaming of biodiversity (Part II of the fifth national report)***

18. The Secretariat will present suggestions on the preparation of Part II, including graphics or tools used in the fourth national reports of the region for analysis of NBSAP implementation. The Secretariat may also introduce findings from workshops on updating NBSAPs organized since the tenth meeting of the Conference of the Parties.

19. Following the question-and-answer session, the Secretariat will share reviews undertaken by some countries of implementation of NBSAPs, highlighting approaches used and findings obtained. One or two countries will be invited to introduce their reviews of implementation of NBSAPs undertaken while updating or revising their NBSAPs as well as their thoughts about the possible content of Part II or a draft they have prepared.

20. Participants will then be invited to work in small groups on analysis of actions taken to implement their NBSAPs and their effectiveness, by linking them with all Aichi Targets.

(c) *Assessing progress towards the Aichi Biodiversity Targets and relevant 2015 targets of the Millennium Development Goals (MDGs) (Part III of the fifth national report)*

21. The Secretariat will introduce suggestions on the preparation of Part III. Participants will then be invited to undertake group exercises on assessment of progress towards the Aichi Biodiversity Targets based on information drawn from Part II, identifying possible national targets that need to be developed and indicators or other information used to assess progress. Participants will be also invited to think about stakeholders that need to be involved in the implementation of the Strategic Plan for 2011-2020 and achieving the Aichi Targets.

(d) *Preparation of the executive summary and appendices*

22. Under this agenda item, the Secretariat will provide an introduction on the preparation of appendices, particularly appendix III, and how to write an executive summary of the report. Participants will then work in small groups to identify key points for the executive summary.

**ITEM 6. USE OF INDICATORS FOR MONITORING AND REPORTING**

**ITEM 7. PREPARATION OF THE FOURTH EDITION OF THE GLOBAL BIODIVERSITY OUTLOOK**

25. Under this agenda item, the Secretariat will highlight information needed for the fourth edition of the Global Biodiversity Outlook (GBO-4) and opportunities for Parties to contribute relevant information through the fifth national reports and other means, recalling decision XI/3, which encourages countries to submit information and/or cases that could be used in GBO-4.

**ITEM 8. INTRODUCTION OF THE PILOT ONLINE REPORTING SYSTEM - A TOOL TO MONITOR PROGRESS ON THE IMPLEMENTATION OF NBSAPS AND ACHIEVEMENT OF THE AICHI BIODIVERSITY TARGETS**

26. Under this agenda item the Secretariat will introduce the pilot online reporting system developed by the Secretariat to allow countries to report more regularly on progress towards achievement of the Aichi Biodiversity Targets and corresponding national targets. Participants will have an opportunity to test the system, provide feedback on its use and suggest options for its improvement.
