

NR Group Discussion

Yesterday activities

- Continuing part 3 of the 5NR
 - Indicators: Presentation,
 - Indicator must provide trends
 - may be helpful if CBD provides a standard indicator
- Presentation on the last part of the 5NR: Summary
 - Summary must be concise and brief
 - Highlight significant information (major threats or achievements) being reported in parts I, II and III
 - No pages limitation, but suggest to have less than 5
- Annexes
- Country presentation and discussion

Annexes

- Annex I: Information relevant the preparation of 5NR
- Annex II: Other sources of information (References?)
- Annex III: Implementation program of work, cross-cutting issues and COP decision

Country presentation and discussion

- Presentation: India
 - Presented the progress of 5NR
 - Promising results and achievement e.g. increases in the forest cover over time, decreases in bird population
 - Consultation processes at other institutions in India
- Discussion/consultation
 - Each country with CBD

Thank you
