

## Islands and Protected Areas

- Target 1.1 of Island PoW is to protect at least 10% of each of the island ecological regions
- Island nations are critical to achieve 2010 targets on PA

### Global Island Partnership (GLISPA)

Engaging island leaders all over the world and helping create a network advancing island conservation and sustainable livelihoods

GLISPA Participants

**GLISPA was a key factor in facilitating major conservation commitments by island countries :**

- Micronesia Challenge;
- Caribbean Challenge;
- Coral Triangle Initiative;
- Phoenix Islands Protected Areas;
