SUBSIDIARY BODY ON IMPLEMENTATION

First meeting

Montreal, Canada, 2-6 May 2016

Item 8 of the provisional agenda*

**SHORT-TERM ACTION PLAN (2017-2020) TO ENHANCE AND SUPPORT
CAPACITY-BUILDING AND TECHNICAL AND SCIENTIFIC COOPERATION FOR THE
IMPLEMENTATION OF THE STRATEGIC PLAN FOR BIODIVERSITY 2011-2020:
List of capacity-building and technical and scientific cooperation activities relating to the different
Aichi Biodiversity Targets and relevant operational objectives of the Strategic Plan for the
Cartagena Protocol on Biosafety 2011-2020**

Note by the Executive Secretary

I. INTRODUCTION

1. In its decision XII/2 B, paragraph 8 (d), the Conference of the Parties requested the Executive Secretary to undertake (i) an evaluation of the effectiveness of capacity-building activities that the Secretariat has supported and facilitated, including recommendations on how to further integrate the needs expressed by Parties using participatory approaches; (ii) a review of related partnership arrangements and opportunities for delivery; and (iii) an analysis of the gaps in capacity-building activities supporting the implementation of the Strategic Plan for Biodiversity 2011-2020, and, building on these elements, develop a short-term action plan to enhance and support capacity-building, especially for developing countries, in particular the least developed countries and small island developing States, and countries with economies in transition, and to convene an expert group to examine the proposed short-term action plan prior to its submission to the Subsidiary Body on Implementation for consideration at its first meeting.

2. Pursuant to the above decision, the Executive Secretary has prepared a short-term action plan (2017-2020) to enhance and support capacity-building and technical and scientific cooperation for the implementation of the Strategic Plan for Biodiversity 2011-2020, which is presented in document UNEP/CBD/SBI/1/6/Add.1. The annex to that document includes a list of cross-cutting activities aimed at providing general capacity-building and technical and scientific cooperation support tools and services. The present document contains a list of capacity-building and technical and scientific cooperation activities relating to specific Aichi Biodiversity Targets and relevant operational objectives of the Strategic Plan for the Cartagena Protocol on Biosafety. Those activities are based on the mandate given to the Executive Secretary in previous decisions of the Conference of the Parties and the Conference of the Parties serving as the meeting of the Parties to the two Protocols. The list may be updated in light of experience gained and any further guidance that may be provided by future meetings of the Conference of the Parties or otherwise as necessary.

* UNEP/CBD/SBI/1/1/Rev.1.

Annex

LIST OF CAPACITY-BUILDING AND TECHNICAL AND SCIENTIFIC COOPERATION ACTIVITIES RELATING TO THE DIFFERENT AICHI BIODIVERSITY TARGETS AND RELEVANT OPERATIONAL OBJECTIVES OF THE STRATEGIC PLAN FOR THE CARTAGENA PROTOCOL ON BIOSAFETY (TO BE CARRIED OUT DURING THE PERIOD 2017-2020)¹

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Target 1					
1. Develop tools and guidelines for CEPA and NBSAPs and encourage their use	XI/15, para. 5; XII/2 C	2017-2018	Guidance and best practices for communication are prepared and disseminated to stakeholders	Quality of guidance materials; Feedback from users	SCBD and several partners ³
2. Develop a revised CEPA toolkit and make it available through the CHM	XII/2 C; XII/10; VIII/6; IX/32, para. 12; VII/24; IX/32, para. 10; XII/2 C; para. 3; NP-1/9	2017-2018	A framework to guide global communications strategy is created; Framework for messaging for different target groups is created	Type and quality of materials produced; Feedback from Parties and other stakeholders	Same as above
3. Organize workshops on messaging within the framework of CEPA and the UNDB	XII/2 C; XII/10; VIII/6; IX/32, para. 12; VII/24; IX/32, para. 10; XII/2 C, para. 3; NP-1/9	2017-2018	Framework for a global communications strategy to be adapted by Parties is created; Framework for messaging for different target groups is created	Type and quality of materials produced; Feedback from Parties and other stakeholders	Same as above

¹ This list includes capacity-building and technical and scientific cooperation activities relating to the different Aichi Biodiversity Targets and the operational objectives of the Strategic Plan for the Cartagena Protocol on Biosafety. The priority activities are marked with grey shading. The list will be updated in light of experience gained and any further guidance that may be provided by future meetings of the Conference of the Parties or otherwise as necessary.

² Abbreviations and full names of the organizations and initiatives are provided at the end of the annex.

³ UNEP-DCPI, UN-DPI, UNESCO, IUCN, Biodiversity Liaison Group, Aichi Biodiversity Targets Task Force, ASEAN Centre for Biodiversity, GLISPA, Media Impact, Rare Conservation, WAZA, UEBT, United Nations University-Institute for Advanced Studies, NBSAP Forum, Informal Advisory Committee for CEPA, and others mentioned in paragraph 3 of decision XII/2 C.

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
4. Organize capacity-building activities for the youth to support their effective participation in the CBD meeting and the implementation the Strategic Plan for Biodiversity 2011-2020 and its Aichi Targets	XII/5, paras. 1 and 3 of annex; XII/9, paras. 3 and 5; XI/6, para. 26	2017-2018	Youth contribute effectively to Party-led efforts for the implementation of the CBD and its Protocols, and participate effectively in CBD meetings	Number of capacity-building activities organized for youth; Numbers of participants attending; Feedback from participants	Global Youth Biodiversity Network (GYBN), DIVERSITAS, UNESCO, FAO, UNEP
5. Develop and make available guidance on implementation of surveys to assess levels of public awareness	XII/2 C; XII/10; VIII/6; VII/24; IX/32, para. 10; XII/2 C, para. 3; NP-1/9	2017-2020	Parties and stakeholders have access to guidance on surveys to assess levels of public awareness	Number of Parties and stakeholders using the guidance; Feedback received	UNESCO, IUCN-CEC, UNEP, ACB
6. Facilitate the development of generic K-university biodiversity-related curricula for use at the national and regional levels	XI/15, para. 5; VII/6; IX/32	2017-2020	Generic K-university biodiversity-related curricula prepared and used at the national and regional levels	Number of institutions using the model biodiversity-related curricula; Feedback from users	Same as above
Aichi Biodiversity Target 2					
7. Develop a toolkit to guide the integration of biodiversity and ecosystem services into infrastructural development	XII/23; XI/15; XII/1; XII/2; XII/5; XI/30; XII/9; XI/6	2017-2018	Toolkit to guide the integration of biodiversity and ecosystem services into infrastructural development is developed	Number of people accessing and using the toolkit; Number of cross-sectoral policies and plans that integrate biodiversity considerations	ICLEI, cities and other subnational governments, and GPLSAB ⁴
8. Compile and make available examples (success stories) of mainstreaming biodiversity across subnational governments	XII/23; XI/15; XII/1; XII/2; XII/5; XI/30; XII/9; XI/6	2017-2020 Ongoing	Examples of success stories on mainstreaming biodiversity across subnational governments available through the CHM	Number of examples of success stories compiled; Number of persons accessing the success stories	ICLEI, nrg4SD, GPLSAB cities and other subnational governments

⁴ Global Partnership on Local and Subnational Action for Biodiversity (GPLSAB).

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
9. Develop e-learning material on ecosystem accounting	XII/4	2017-2018	An e-learning module on biodiversity valuation and accounting is available on CHM and being used by Parties and stakeholders	Number of participants that have completed the e-learning module on biodiversity valuation and accounting	UN-Stat, World Bank and the WAVES Global Partnership, EU, UNECE, and others
10. Organize introductory capacity-building workshops ecosystem accounting on the margins of CBD meetings	XII/4	2017-2020	Parties' capacity to understand and value ecosystem accounting	Number of countries that integrated biodiversity and ecosystem values into their national development policies and strategies and fiscal and sectoral plans	UN-Stat, World Bank and the WAVES Global Partnership, EU, UNECE, and others
11. Catalyse and support longer-term capacity-building, such as summer schools, on valuation and ecosystem accounting by academic institutions and other partners	XII/4, VIII/25, XI/30	2017-2020	Parties' capacity to take biodiversity and ecosystem values into account in national and subnational accounting systems is increased	Number of countries that integrated biodiversity and ecosystem values into their national development policies and strategies and fiscal and sectoral plans	UN-Stat, World Bank and the WAVES Global Partnership, EU, UNECE, CIRAD, and others
Aichi Biodiversity Target 3					
12. Develop guidance on the full implementation of Aichi Target 3 on incentive measures and the milestones for its adoption, including a set of good practice cases and lessons learned	XI/30, anticipated COP 13 decision on resource mobilization	2017-2018	Parties' capacity to implement Aichi Biodiversity Target 3 is increased	Number of countries implementing the milestones for the effective implementation of Aichi Biodiversity Target 3	UNCCD/GM, UNCTAD, UNDP, World Bank, WTO, OECD, IUCN
13. Based on the above, develop an e-learning tool on the full implementation of Aichi Target 3 on incentive measures and the milestones for its adoption, including a set of good practice cases and lessons learned	XI/30; anticipated COP 13 decision on resource mobilization	2017-2018	Parties' capacity to implement Aichi Biodiversity Target 3 is increased	Number of subscribers to the e-learning tool (output), countries implementing the milestones for the effective implementation of Aichi Biodiversity Target 3 (outcome/impact)	UNCCD/GM, UNCTAD, UNDP, World Bank, WTO, OECD, IUCN

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Target 4					
14. Organize technical workshops on business and biodiversity reporting	XII/10, para. 3 (b)	2017-2018	Reports developed on the progress of biodiversity mainstreaming by businesses; Greater uptake of reporting by businesses	Number of reports on business and biodiversity produced	Global Partnership for Business and Biodiversity, IUCN, WWF, WBCSD
15. Develop and disseminate capacity-building materials and information on business and biodiversity	XII/10, para. 3 (c)	2017-2018	Capacity-building materials on business and biodiversity made available; Greater awareness of biodiversity by business	Number of capacity-building materials on business and biodiversity developed/ compiled and made available	Global Partnership for Business and Biodiversity, IUCN, WWF, WBCSD
16. Support capacity-building activities for businesses with a view to mainstreaming biodiversity into business decisions	XII/10, para. 3 (c)	2017-2018 Ongoing	Businesses have the tools and capacity to better integrate biodiversity into their business models; businesses are consequently acting in a more sustainable manner	Number of tools and guidance disseminated; Number of requests for information and support from businesses to partners	Global Partnership for Business and Biodiversity, IUCN, WBCSD, Natural Capital Coalition, BirdLife, WWF, etc.
17. Organize and convene workshops on the development of guidance for business	XII/10, para. 3 (d)	2017-2018	Greater awareness of biodiversity/ Aichi Biodiversity Targets by business; Contribution of the business sector to the achievement of the Aichi Biodiversity Targets is enhanced	Number of business representatives in attendance; Number of business activities reflecting the Aichi Biodiversity Targets	Global Partnership for Business and Biodiversity, IUCN, WWF
18. Develop guidance on business and biodiversity by undertaking research and consultations with the Global Partnership for Business and Biodiversity and other partners	XII/10, para. 3 (d)	2017-2020	Guidance materials on business and biodiversity made available	Number of business stakeholders using the guidance	Global Partnership for Business and Biodiversity, IUCN, WWF

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
19. Develop and disseminate materials for use in relevant forums regarding biodiversity and business engagement with respect to, inter alia, Biodiversity Impact Indicators, commodity indicators and sustainable production and consumption	XII/10, para. 3 (e)	2017-2020	Cooperation and synergies with other forums are promoted; Biodiversity issues better reflected in procurement policies and other business practices	Indicators on commodities; Level of uptake and use of the indicators by business, government and other stakeholders	Global Partnership for Business and Biodiversity, IUCN, WWF, WBCSD
20. Support the development of the Global Partnership for Business and Biodiversity	XI/7 para. 5 (a); XII/10 para. 3 (c)	2017-2020 Ongoing	Businesses are more aware of the need to act sustainably and are better able to mainstream biodiversity into their processes; Additionally, different organizations working with businesses are cooperating more effectively	Number of national and regional initiatives; increased interest by Parties in creating such initiatives; further cooperation amongst members within the Global Partnership	IUCN, BirdLife, WBCSD, UNEP WCMC, FFI, etc.
21. Develop guidelines and capacity-building materials for urban-based biodiversity and ecosystems		2017-2020	Practical guidelines for assessment and design of urban based biodiversity conservation made available	Number of people using the guidelines	ICLEI, local authorities associations, GEF, AIIB, WB
Aichi Biodiversity Target 4 and others (1, 2, 3, 4, 5, 8, 9, 10, 11, 12, 14, 15, 18 and 20)					
22. Organize sustainable tourism training activities with partners	XII/11	2017-2020	Seminars, online courses and other activities on sustainable tourism organized	Number of training organized; Feedback from partners	UNWTO, UNEP, UNESCO, SPREP, ACB, FAS/SDSN, GPST, STCA ⁵
23. Promote technical and scientific cooperation on tourism development in sensitive coastal and marine ecosystems	XII/11	2017-2020	Technical and scientific cooperation on tourism development enhanced	Level of technical and scientific cooperation	UNWTO, UNEP, UNESCO, SPREP, ACB, FAS/SDSN, GPST, STCA

⁵ Sustainable Tourism Certification Alliance (STCA).

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
24. Review, publish and disseminate the new “User’s Guidelines on Biodiversity and Tourism Development”	XII/11	2017-2020	User’s guidelines reviewed and published	Number of downloads of the manual from the CBD website	UNWTO, UNEP, UNESCO, SPREP, ACB, FAS/SDSN, GPST, STCA
Aichi Biodiversity Targets 5, 14 and 15 (and indirectly Targets 7, 11, 12 and 13)					
25. Organize and facilitate regional capacity-building workshops on the design of national restoration assessments and plans to achieve Targets 5, 14 and 15	XII/19, para. 5; XI/16, para. 2; XII/1, paras. 13, 18 and 20 (c)	2017-2018	Five regional workshop organized; Recommendations for the FERI work plan 2017-2018 from global meeting	Number of countries participating in the workshops;	SCBD, GPFLR ⁶ and CPF members ⁷
26. Develop a training package for the restoration workshops	XII/19, para. 5; XI/16, para. 2; XII/1, paras. 13, 18 and 20 (c)	2017-2018	E-learning modules on ecosystem restoration developed Training materials produced, translated and delivered	Number of training materials produced, translated and delivered at relevant meetings	SCBD, GPFLR and CPF members, BirdLife, Bioversity
27. Identify and report on best practices and lessons learned in the design of national restoration plans	XII/19, para. 5; XII/1, paras. 13, 18 and 20 (c); XI/16, para. 2	2017-2020	Country experiences and best practices reported on in joint publications	Number of best practices identified on forest and landscape restoration; Number of countries and experts peer reviewing reports	SCBD, GPFLR and CPF members
28. Provide direct funding support to country pilot projects in the context of implementing the Forest Ecosystem Restoration Initiative	XI/16 para 5; XII/19 para 5	2017-2020		Number of pilot ecosystem restoration projects successfully implemented	SCBD, GPFLR and CPF members

⁶ GPFLR members currently include: SCBD, ARC, CARE International, CIFOR, FAO, FORIG, UNCCD-GM, ICRAF, IMFN, IUCN, IUFRO, ITTO, PROFOR, Tropenbos International, UNCCD, UNFF, UNEP, UNEP-WCMC, World Bank, WRI, Wageningen University and WWF (see: <http://www.forestlandscaperestoration.org>).

⁷ Members of the Collaborative Partnership on Forests (CPF) are: SCBD, CIFOR, FAO, GEF, ITTO, IUCN, IUFRO, UNCCD, UNDP, UNEP, UNFF, UNFCCC, ICRAF and World Bank (see: <http://www.cpfweb.org/en/>).

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Target 5 and other forest-related targets (1, 2, 3, 4, 5, 7, 9, 10, 11, 12, 13, 14, 15, 18, 19, 20)					
29. Develop capacity-building tools to support the implementation of forest related Aichi Biodiversity Targets	XII/6, XI/6, IX/5, X/36, XII/31	2017-2018	Joint training and guidance materials developed and disseminated	Number of joint tools and technical guidance materials produced	SCBD, GPFLR and CPF members
30. Develop and implement targeted capacity-building activities to streamline forest-related reporting	XII/6, XI/6, IX/5, X/36, XII/31	2017-2018	Capacities on forest biodiversity conservation, monitoring and reporting enhanced	Number of capacity-building activities organized	UNFF and other GPFLR other CPF members
31. Implement capacity-building activities to promote national forest restoration activities and identify measures to avoid further forest cover loss	XII/6, XI/6, IX/5, X/36, XII/31	2017-2018	Capacity for national forest restoration and prevention of further forest cover loss enhanced	Number of countries benefiting from GPFLR activities; Number of joint tools and technical guidance materials produced	SCBD, GPFLR members
32. Organize and/or facilitate South-South cooperation workshops on biodiversity and forests	XII/1, paras. 18 and 20 (c); XII/20, para. 7; X/33, para. 9; IX/5, para. 3 (b)	2017-2020	South-South cooperation workshops on biodiversity and forests organized	Number of countries participating in the workshops; Evaluations from the workshops	SCBD, GPFLR members
Aichi Biodiversity Targets 6, 10, 11					
33. Conduct regional capacity-building workshops on marine issues through the Sustainable Ocean Initiative (SOI) ⁸	X/29; XI/17; XI/18; XII/22; XII/23	2017-2020 Ongoing	SOI regional capacity-building workshops are convened	Number of stakeholders engaged in the regional workshops	SCBD, SOI partners ⁹

⁸ See www.cbd.int/soi, and further details can be found at the Action Plan for the Sustainable Ocean Initiative (2015-2020) (<https://www.cbd.int/doc/meetings/mar/soiom-2014-02/official/soiom-2014-02-actionplan-en.pdf>).

⁹ SOI partners comprise a wide range of global, regional or national institutions/programmes/initiatives, which share the vision of SOI and support or take part in various SOI activities. Previous financial support for SOI has been provided by the Government of Japan, through Japan Biodiversity Fund, the Government of France, through the French MPA Agency, and the Government of the Republic of Korea. In-kind contributions have been provided by China, Madagascar, Namibia, Peru, Republic of Korea, Samoa, and Senegal, through hosting the workshops/meetings; technical support provided by Australia (through Commonwealth Scientific and Industrial Research Organisation: CSIRO), Germany (through Blue Solutions – GIZ, GRID-Arendal, IUCN, UNEP), Monaco (through Monaco Blue Initiative), Republic of Korea (Korea Maritime Institute, Korea Environment Management Corporation), UNEP, FAO, UNDOALOS, Intergovernmental Oceanographic Commission-UNESCO, regional seas organizations/regional fisheries management organizations/other relevant regional initiatives (such as Abidjan Convention, Northwest Pacific Action Plan, Partnership for Environmental Management for the Seas of East Asia, South East Atlantic Fisheries Organisation, Secretariat of the

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
34. Conduct national level training and learning exchange workshops through the SOI	X/29; XI/17; XI/18; XII/22; XII/23	2017-2020 Ongoing	SOI national training and exchange workshops convened in selected countries	Number of stakeholders engaged in the national-level workshops	SCBD, SOI partners
35. Conduct global training of trainers workshops through SOI	X/29; XI/17; XI/18; XII/22; XII/23	2017-2020 Ongoing	SOI training-of-trainers workshops convened	Number of stakeholders engaged in the training of trainers workshop	SCBD, SOI partners
36. Convene global dialogues with regional organizations regarding means to accelerate progress towards achieving marine-related Aichi Targets	X/29; XI/17; XI/18; XII/22; XII/23	2017-2020 Ongoing	SOI Global Dialogues with Regional Seas Organizations (RSOs) and Regional Fisheries Bodies (RFBs) on accelerating progress towards achieving marine-related Targets	Number of regional organizations involved	SCBD, SOI partners, regional seas organizations, regional fishery bodies
37. Refine and enhance the SOI information-sharing mechanism https://www.cbd.int/soi/	X/29; XI/17; XI/18; XII/22; XII/23	2017-2020 Ongoing	Fully functional and robust SOI website (www.cbd.int/soi) and information-sharing mechanism in place	Number of scientific and technical information materials related to the achievement of Aichi Biodiversity Targets on marine biodiversity made available	SCBD, SOI partners
38. Conduct SOI Global Partnership Meetings	X/29; XI/17; XI/18; XII/22; XII/23	2017-2020 Ongoing	SOI Global Partnership Meetings convened in support of capacity-building and national implementation towards Aichi Biodiversity Targets	Number of partners engaged in the Global Partnership Meetings	SCBD, SOI partners
Aichi Biodiversity Target 7 (also Targets 8, 13, 14, 15)					
39. Conduct capacity-building workshops on sustainable food and agriculture	XII/6, XII/20, XI/23, X/34	2017-2020	Capacity built to mainstream/integrate ecosystem service solutions for sustainable agriculture	Number of persons trained	FAO, Bioversity and other CGIAR partners, IFPRI
40. Develop training materials and guidelines on sustainable food and agriculture	XII/6, XII/20, XI/23, X/34	2017-2020	Capacity built to mainstream/integrate ecosystem service solutions for sustainable agriculture	Number of capacity-building tools developed and made available	FAO, Bioversity and other CGIAR partners, IFPRI

Pacific Regional Environment Programme), IUCN Commission on Ecosystem Management-Fisheries Expert Group, Global Ocean Biodiversity Initiative, LifeWeb Initiative, Global Island Partnership, MedPAN, Brest-Metropole Océane, and many other partner organizations.

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Target 9					
41. Organize capacity-building workshops on management of invasive alien species (IAS), including pests and diseases	XII/16	2017-2018	Coordination of implementation of IAS (including pests and diseases) management plans improved; Improved national and regional capacity to implement phytosanitary measures	Number and quality of workshops organized; Number of individuals trained; Feedback received from participants	SCBD, IPPC, FAO, OIE, WTO, CITES, IUCN-ISSG, CABI, and IMO
42. Organize, in collaboration with regional partners, training workshops to build capacity of key actors in SIDS to design and submit good quality project proposals on IAS	XII/11 paras. 2, 4 (a) and 4 (c); XI/15, paras. 5 and 8	2017-2018	Capacity of relevant stakeholders (CBD and GEF focal points, NPPOs, etc.) enhanced	Number of GEF projects on IAS submitted by SIDS; Amount of funds mobilized from GEF and other sources for IAS management; Technical resources mobilized	SCBD, SPREP, SPC, CABI, IOC, UNEP, UNDP, GLISPA, Island Conservation, IUCN-ISSG, WTO, IMO
43. Organize workshops in SIDS to support implementation of Aichi Target 9 and operational objective 2.3 of the Strategic Plan for the Cartagena Protocol on Biosafety 2011-2020	XII/16 and all BS COP-MOP 7 decisions	2017-2020	Improved capacity in SIDS to conduct appropriate border controls for IAS and living modified organisms (LMOs) and take appropriate emergency measures	Number of individuals trained	SCBD, SPREP, CABI, IUCN-ISSG, FAO, IPPC, OIE, WTO, IMO, UNEP, UNDP, GLISPA, Island Conservation
44. Develop tools, information sharing mechanisms and e-learning modules on IAS	XII/17	2017-2020	Parties using official tools and CBD guidance to implement Article 8(h), at the national level	Number of Parties with improved border controls and border post management for IAS	SCBD, GIASIP
45. Organize training of trainers courses on the application of molecular technology for species identification	XII/16, XI/28	2017-2020	National officials trained in the application of molecular technology for species identification	Number of persons trained	International Barcode of Life, GBIF, Encyclopedia of Life, GTI-CM, CSPB, SANBI, University of Johannesburg

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Targets 10 and 11					
46. Develop and implement practical options to improve the process for the description of areas meeting the ecologically or biologically significant marine areas (EBSA) criteria, including by addressing scientific gaps	X/29; XI/17; XII/22	2017-2018 Ongoing	Proposal for scientific and technical improvements to the CBD work on facilitating the description of areas meeting the EBSA criteria; Activities supporting implementation of practical options to enhance description of areas meeting the EBSA criteria	Areas meeting EBSA criteria described and considered by COP; Scientific information related to EBSAs made available to Parties, other Governments and relevant organizations	SCBD, FAO, IMO, ISA regional seas organizations, regional fishery bodies), scientific institutes, non-governmental organizations and IPLCs
47. Conduct regional or subregional workshops to facilitate the description of areas meeting the EBSA criteria	X/29; XI/17; XII/22	2017-2018 Ongoing	Regional EBSA workshops are convened in North-East Indian Ocean, North-West Indian Ocean and Adjacent Gulf Areas, Black Sea/Caspian Sea, and East Asian Seas	Areas meeting EBSA criteria described and considered by COP; Scientific information related to EBSAs made available to Parties, other Governments and relevant organizations	Same as above
48. Develop and facilitate use of marine spatial planning tools and guidance, in collaboration with relevant partner organizations	XI/18; XII/23	2017-2020 Ongoing	Specific guidance on marine spatial planning developed and made available	Number of marine spatial planning tools and guidance materials developed	Same as above
49. Develop and facilitate use of global coral reef portal to facilitate information-sharing on scientific and technical issues related to coral reefs, inter alia, to achieve Aichi Target 10	XII/23	2017-2020 Ongoing	A global coral reef portal to facilitate information-sharing is developed and hosted on CBD website, and being actively used by Parties and relevant organizations	Number of information materials, databases and other sources of knowledge linked to the portal; Number of visits to the portal	Same as above
50. Develop, refine and facilitate use of ecologically or biologically significant marine areas (EBSAs) training manual and materials	X/29; XI/17; XII/22	2017-2020 Ongoing	EBSA training materials are further developed and technical training for EBSA carried out with key regional organizations	Number of stakeholders engaged with regards to the use of training materials regarding EBSAs	Same as above

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Target 11					
51. Develop technical guidance on the use of the term “other effective area-based conservation measures” and how to achieve elements of Target 11 (through meetings and consultations with partners)	XI/24	2017-2018	Parties provided with specific information and guidance on how to define “other effective area-based conservation measures” and able to apply it towards achieving Target 11	Number of Parties using the guidance provided, and report accordingly in sixth national reports	PoWPA Friends Consortium, UNDP, UNEP, IUCN, IUCN-WCPA, EU-JRC, UNEP-WCMC, BirdLife, AZE, WCS, regional partners
52. Produce and disseminate guidance on protected areas and integration of protected areas into the wider landscape and seascape and relevant sectors (e.g. tourism, agriculture, mining and infrastructure)	XI/24, X/31, IX/18, VIII/24	2017-2018	Parties receive technical guidance on protected areas and ecosystem services, governance, and integrating protected areas into the wider landscape and seascape and relevant sectors	Number of countries using the technical information provided	Same as above
53. Provide online learning courses on the elements of Target 11 (tailored to specific regions and gaps in implementation)	XI/24, X/31	2017-2018	Online learning courses provided; National capacities for achieving Target 11 strengthened	Number of online courses provided; Number of participants completing the online courses	Same as above
Aichi Biodiversity Target 14					
54. Co-convene targeted regional and subregional technical workshops on biodiversity and health	XII/21; XI/6, para. 29; X/20, para. 17	2017-2020	National capacities for integrating the biodiversity-health nexus are enhanced; Parties are provided with technical and scientific advice on the biodiversity-health nexus	Number of workshops on biodiversity and health conducted; Number of people from the health and conservation sectors trained; Number of capacity-building support tools developed; Number of countries adopting cross-sectoral biodiversity-health strategies and programmes	WHO, EcoHealth Alliance, Future Earth, FAO, OIE, Bioversity, WCS HEAL, UNU-IAS, UNU-HIGH, IUCN, FIOCRUZ, Biodiversity and Community Health Initiative (BaCH)

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
55. Develop, in collaboration with relevant organizations, training materials and mainstreaming tools to raise awareness of biodiversity and health linkages and One Health	X12/21; XI/6, para. 29; X/20, para. 17	2017-2020	Capacity built to mainstream/integrate biodiversity into health strategies/ programmes and investments (and vice versa)	Number of capacity-building support tools and awareness raising materials developed; Number of partnerships and new collaborative activities established	WHO, CGIAR centres, EcoHealth Alliance, Future Earth, OIE, UNU-IIGH, and Biodiversity and Community Health Initiative
Aichi Biodiversity Targets 14, 8					
56. Develop training materials and guidelines to improve the contribution of inland water biodiversity and ecosystem services to natural disaster risk reduction (DRR)	X/28, XI/23	2017-2020	Capacity built to mainstream/integrate ecosystem service solutions into water resources management/investments	Number of capacity-building support tools developed.	FAO, CGIAR centres, IFPRI, UNEP, UNESCO, WMO, IWMI, WWF, IUCN, TNC, CI, Oxfam, Ramsar
Aichi Biodiversity Targets 15, 14, 7					
57. Conduct capacity-building workshops to promote ecosystem-based solutions/approaches to climate change adaptation and disaster risk reduction (DRR)	XII/20	2017-2020	Capacity built	Number of persons trained	WMO, UNEP, FAO, UNESCO, IWMI, WWF, IUCN, CGIAR centres, IFPRI, TNC, CI, Oxfam
Aichi Biodiversity Target 15					
58. Organize training workshops on the integration of biodiversity conservation and sustainable use into national adaptation plans (NAPs) and the integration of climate change mitigation and adaptation into NBSAPs	XII/20; X/33, paras. 9 and 16; XI/21 para. 7	2017-2018	Biodiversity conservation and sustainable use are integrated into national adaptation plans, and conversely climate change mitigation and adaptation are integrated into NBSAPs, and relevant actions are being implemented	Number of NBSAPs integrating climate change concerns; Proportion of NAPs that integrate biodiversity, ecosystem services and synergies	UNFCCC, WRI, CI, IUCN, BirdLife International and SPREP

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
59. Develop technical notes and guidance to facilitate the integration of biodiversity considerations into national adaptation plans (NAPs) and the integration climate change mitigation and adaptation into NBSAPs	XII/20; X/33 paras. 9 and 16; XI/21, para. 7	2017-2018	Biodiversity conservation and sustainable use are integrated into national adaptation plans; Climate change mitigation and adaptation are integrated into NBSAPs, and relevant actions are being implemented	Number of NBSAPs integrating climate change concerns; Proportion of NAPs that integrate biodiversity, ecosystem services and synergies	UNFCCC, WRI, CI, IUCN, BirdLife International
60. Support countries to integrate dry and sub-humid lands concerns into NBSAPs and national development planning	X/35	2017-2020	Dry and sub-humid lands biodiversity concerns integrated into NBSAPs, and national development plans, and relevant actions are being implemented	Number of NBSAPs integrating dry and sub-humid lands concerns	UNFCCC, UNCCD, WRI, CI, IUCN, BirdLife International
61. Conduct/compile and disseminate case studies on how countries are practically working toward reaching targets 5, 11, 14 and 15 in a coordinated manner	XII/1	2017-2020	Parties and partners have a better idea of how countries are practically working toward reaching targets 5, 11, 14 and 15	Number of case studies made available	GPFLR members and SER
Aichi Biodiversity Target 16					
62. Compile information on existing ABS capacity-building tools and resources and make it available through the ABS Clearing-House (ABS-CH)	NP-1/8	2017-2018	Information on existing capacity-building tools and resources available through the ABS-CH	Number of capacity-building tools and resources available through the ABS-CH; Number of users accessing the resources in the ABS-CH	UNEP, UNDP, ABS-CDI, IDLO, IUCN, ACB
63. Develop training materials (including e-learning modules) to support capacity-building for the implementation of the Nagoya Protocol	NP-1/8	2017-2018	E-learning modules) on the Nagoya Protocol developed and made available online in English, French and Spanish Capacity of Parties and IPLCs to implement the NP enhanced	Number of e-learning modules on ABS developed and made available	SCBD, IDLO, UNSSC

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
64. Collaborate with partners in organizing trainings on various elements of the capacity-building strategic of framework, in particular the development of national ABS frameworks	NP-1/8	2017-2018 Ongoing	Government officials trained in the development/amendment of national ABS regulatory frameworks Capacity of NP and ITPGRFA national focal points to coordinate implementation of the two instruments is built	Number of countries that have in place, or initiated a process to put in place or revise their ABS frameworks and institutional structures	IDLO, ABS-CDI, UNEP, UNDP, IUCN, ITPGRFA, Bioversity International, ACB
65. Organize capacity-building activities (webinars, videos, presentations and on-demand technical support) on use of the ABS-CH	NP-1/2	2017-2020 Ongoing	Parties are able to participate in and effectively use the ABS-CH; Records are made available on the ABS-CH	Number of activities conducted and number of countries and individuals participating therein; Feedback from participants and users of the ABS-CH	SCBD
66. Develop training materials, including online tools, factsheets and an e-learning module on the ABS-CH	NP-1/2	2017-2020	Parties are able to participate and use the ABS-CH	Number and quality of training materials on ABS-CH developed; Number and type of records made available on the ABS-CH	SCBD, UNSSC
67. Facilitate coordination of capacity-building and awareness-raising activities for the implementation of the Nagoya Protocol through the ABS-CH	NP-1/2; NP-1/8; XII/2 B	2017-2020	Expert networks and online fora integrated into the ABS CH; SCBD e-learning platform accessible through ABS-CH; Databases on capacity-building needs, opportunities and activities, and resources established to facilitate coordination among actors	Number and type of records and functions made available through the ABS-CH for capacity-building and awareness-raising	SCBD, ABS-CDI, IUCN, ACB, UNU-IAS, IDLO, IIFB
68. Organize online discussion forums and expert networks to facilitate communication and exchange of experiences on ABS capacity-building and peer-to-peer learning	NP-1/8	2017-2020 Ongoing	Follow-up support provided to Parties through a Network of ABS legal experts Parties and relevant organizations are sharing information, experiences and lessons learned from ABS capacity-building activities	Number of institutions exchanging information and experience through online discussion forums and the Network of ABS legal experts	SCBD, IDLO, ABS-CDI
69. Identify, map and inter-link institutions that are assisting, or could assist, Parties and IPLCs in building their capacity to implement the Nagoya Protocol	NP-1/8	2017-2020	Various institutions and organizations involved in ABS capacity-building identified and linked up	Number of institutions involved in ABS capacity-building and development identified, mapped and linked up	SCBD

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
70. Inform Parties and capacity-building providers about existing capacity-building initiatives and areas where there are capacity-building gaps	NP-1/8	2017-2020	Information about existing capacity-building initiatives and areas where there are capacity-building gaps information made available through the ABS-CH	Level of information about existing capacity-building initiatives and gaps communicated	SCBD
Aichi Biodiversity Target 17					
71. Identify capacity-building needs regarding NBSAP revision and implementation on an ongoing basis using different methods	X/2	2017-2020 Ongoing	Capacity-building needs of Parties identified, categorized and grouped	Number of needs identified categorized and grouped; Number of needs matched with capacity-building activities	NBSAP Forum (UNDP, UNEP-WCMC)
72. Implement the second phase of the pilot project on the documentation of NBSAP development and revision processes in 5-10 additional countries	X/2	2017-2018	Capacity-building materials on NBSAP process developed and disseminated; Experiential learning and technical exchanges on NBSAP process promoted	Number of countries participating in phase 2 of NBSAP process project; Country monographs on NBSAP processes are completed	IUCN, UNEP-WCMC
73. Prepare capacity-building materials/tools on the NBSAP revision and implementation (second phase of the pilot project on NBSAP process)	X/2	2017-2018	Capacity-building materials/tools on NBSAP revision and implementation made available	Number of capacity-building materials produced	IUCN, UNEP-WCMC
74. Assess results from the pilot project for possible creation of capacity-building materials/tools on incorporation of spatial biodiversity data, and socioeconomic data, into the biodiversity planning process and NBSAPs implementation	X/2	2017-2018	Capacity-building materials on incorporation of spatial data and of socioeconomic data in biodiversity planning and implementation developed and disseminated	Number of countries participating in pilot project	IUCN, UNEP-WCMC
75. Assist Parties in planning NBSAP implementation by providing technical and capacity-building support	X/2	2017-2020 Ongoing	Necessary technical support provided to Parties on NBSAP implementation	Number of countries assisted by SCBD in planning NBSAP implementation; Number of detailed action plans for implementing NBSAPs developed	UNDP, UNEP-WCMC, IUCN, BirdLife, NBSAP Forum members

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
76. Enhance the capacity of local governments to adopt and implement NBSAPs	X/2	2017-2020 Ongoing	Pilot projects demonstrating how local governments can adapt and implement NBSAPs	Number of local governments that have adapted and implemented NBSAPs	SCBD, ICLEI, UCLG, nrg4SD
Aichi Biodiversity Targets 18 and 16					
77. Organize training of trainers' workshops for IPLCs and NFPs for TK/Parties (2015-16)	XII/12 A, paras. 7, 11 and 13	2017-2018	One global and four regional workshops are facilitated; Trainers have access to ongoing support from the Secretariat	Number of trained trainers providing high quality training to others	SCBD and several partners ¹⁰
78. Provide training grants to participants from each regional workshop to organize subnational workshops and continue to support them in these workshops	XII/12 A, paras. 7, 11 and 13	2017-2018	Up to 20 subnational workshops facilitated by the trained trainers; Ongoing support provided by SCBD to the trainers	Number of trained trainers delivering subnational workshops	Same as above
79. Develop and make available training materials in support of trainers	XII/12 A, paras. 7, 11 and 13	2017-2018	Training materials are available in support of the trained trainers	Number of training materials developed and made available	Same as above
80. Provide online and other support to the trainers trained	XII/12 A, paras. 7, 11 and 13	2017-2020	Trainers (trained at the workshops) have access to ongoing SCBD support	Number of trained trainers access accessing ongoing SCBD support	Same as above
Aichi Biodiversity Target 19					
81. Provide support to Parties in the establishment and maintenance of national CHMs through capacity-building workshops and other means	X/15; XII/2 B para. 18	2017-2020 Ongoing	Improved capacity of Parties for developing their national CHMs; Tools and guidance are available to assist Parties in establishing and maintaining their national CHMs	Number of Parties with operational national CHMs; Number and quality of tools and guidance provided; Number of capacity-building workshops and participants	SCBD, partners (EEA, Belgium and others)

¹⁰ Indigenous Forum on Biodiversity; Indigenous Women Network on Biodiversity-LAC; Indigenous Information Network; Indigenous Peoples of Africa Coordinating Committee; ILO; FAO; UNESCO; UNEP; Asia Indigenous Peoples Pact; Tribal Link Inc; National Indigenous Organizations, Intercultural Indigenous University (UII); Global Leadership School of Indigenous Women; ALADI's online training centre.

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
82. Organize “biodiversity knowledge fairs/Expos” to introduce relevant latest scientific and technological developments to biodiversity policy-makers and practitioners	XII/6	2017-2020	“Biodiversity knowledge fairs/Expos” are organized	Number and quality of Expos and other activities organized; Feedback from stakeholders	GUPES Network (UNEP), CSPB, ¹¹ SPREP, ACB, FAS/SDSN for the Amazon
83. Organize “science-to-policy” matchmaking workshops focusing on applying scientific research to policy-making and vice-versa on emerging and new issues	XII/6	2017-2020	Improved guidance to practitioners, researchers and academics on technical and scientific cooperation needs of CBD is provided through “science-to-policy” activities	Number of “science-to-policy” matchmaking workshops organized; Feedback from stakeholders	GUPES network (UNEP), IPBES, CSPB, SPREP, ACB, FAS/SDSN for the Amazon
84. Develop guidebooks on technical and scientific cooperation and pilot online courses based on the countries’ priority needs	XII/2	2017-2020	Cutting edge biodiversity science and knowledge is made available to Parties, partners, universities and relevant stakeholders	Number of guidebooks developed and disseminated; Number of online courses offered through the CHM	GUPES network (UNEP), CSPB, QCBS ¹²
85. Offer training to Parties on technical and scientific cooperation issues, using the online sourcebooks	XII/2	2017-2020	Cutting edge biodiversity science and knowledge is made available to Parties, partners, universities and other stakeholders	Number of CBD focal points trained on relevant issues related to technical and scientific cooperation	GUPES network (UNEP), QCBS, CSPB
86. Conduct regional workshops in the context of the Peace and Biodiversity Dialogue Initiative (PBDI) to establish priorities for transboundary conservation	VII/28 PoWPA Goal 1.3	2017-2020	Parties will cooperate across international borders for the conservation of protected areas and other effective area-based conservation measures in shared ecosystems	Number of regional PBDI priority-setting workshops conducted; Number of transboundary cooperative arrangements in transboundary ecosystems established or strengthened	

¹¹ The Consortium of Scientific Partners on Biodiversity (CSPB) (see details at: <https://www.cbd.int/cooperation/csp/>).

¹² See details about the Quebec Centre for Biodiversity Science (QCBS) at: <http://qcbs.ca>.

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Aichi Biodiversity Target 20					
87. Update the practical guidance for national financial reporting and implementation of the targets for resource mobilization	XII/3, paras. 27, 32 (b) and 33; XII/3, paras. 30, 31 and 32; XI/4 para. 11	2017-2018	An updated practical guidance document on resource mobilization made available through the CHM	Number of downloads of the guidance from the CHM	SCBD, OECD DAC, UNDP-BIOFIN, others
88. Cooperate with UNDP-BIOFIN to leverage BIOFIN technical support and capacity-building to non-BIOFIN core countries	XII/3; anticipated decision by COP 13 on resource mobilization	2017-2018	Parties' capacity to undertake resource mobilization and to develop national finance plans is increased	Number of resource mobilization activities; Number of national finance plans	SCBD, OECD DAC, UNDP-BIOFIN, others
89. Continue to operate help desk providing technical support for financial reporting to Parties	XII/3; anticipated decision by COP 13 on resource mobilization	2017-2020 Ongoing	Parties' capacity to compete financial reports is increased	Number of financial reports	SCBD, OECD DAC, UNDP-BIOFIN, others
90. Cooperate with GEF Secretariat to leverage capacity-building and synergy among conventions through the GEF expanded constituency workshops	XII/3, XII/30, anticipated COP 13 decisions on financial mechanism	2017-2020 Ongoing	Parties' capacity to undertake resource mobilization and develop pertinent activities exploiting practical synergies among conventions	Number of resource mobilization activities; Number of national finance plans	GEF Secretariat
Global Strategy for Plant Conservation (all Aichi Biodiversity Targets)					
91. Organise targeted capacity-building activities to support the implementation of the Global Strategy for Plant Conservation (GSPC)	XII/15 para 3, X/17	2017-2018	Technical and scientific capacity to carry out plant conservation activities built Workshops organized and training materials produced; Plant conservation considerations integrated in national development processes	Number of participants trained; Number of training materials produced	BGCI, GPPC, Bio-Bridge Initiative, Missouri Botanical Garden

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Gender mainstreaming (all Aichi Biodiversity Targets)					
92. Provide, in collaboration with relevant organizations, guidance materials to Parties on gender mainstreaming	XII/7 para.6; XI/9 para 3; X/2	2017-2018 Ongoing	Tools and methodologies to mainstream gender into biodiversity-related activities are developed/ improved and promoted	Number and type of tools produced and disseminated; Feedback from stakeholders	SCBD, IUCN, UNDP, UNEP, Indigenous Women's Biodiversity Network (IWBN)
93. Further disseminate the guidelines for mainstreaming gender into NBSAPs (CBD Technical Series No. 49)	XII/7 para.29	2017-2018	Dissemination of the guidelines for mainstreaming gender into NBSAPs (CBD Technical Series No. 49) is expanded	Number of Parties and other stakeholders accessing and using guidelines for mainstreaming gender into NBSAPs	SCBD, IUCN, UNDP, UNEP, IWBN
94. Organize further global, regional and subregional capacity-building activities for the exchange of experiences on issues relevant to the Gender Plan of Action	XI/9 para 8	2017-2018	Capacity-building activities and information shared at the global, regional and subregional levels related to the Gender Plan of Action	Types of activities undertaken Number and gender balance of participants, number of different roles represented Range of experiences shared Number of follow-on activities generated to advance gender mainstreaming objectives	SCBD, IUCN, UNEP, UNDP, IWBN
95. Carry out preparatory meetings and training for women, particularly indigenous women leaders prior to each meeting of the Conference of the Parties	XII/7 para. 46	2017-2020	Improved ability of women, particularly indigenous women, to engage in processes and decision-making under the Convention; Decisions that integrate gender considerations	Number of preparatory meetings and trainings held; Number of women participants; Number of processes and decisions that reflect gender considerations	SCBD, IWBN, UNEP, UNDP, IUCN
96. Collect and disseminate relevant information on gender and biodiversity, with a view to establishing a knowledge base to inform Parties' actions	XII/7 paras.7 and 23	2017-2020 Ongoing	Information on gender and biodiversity made available through CHM	Number of Parties and other users accessing information on gender and biodiversity	SCBD, IUCN, UNDP, UNEP, IWBN
97. Establish partnerships and networks to promote the mainstreaming of gender under the Convention	XII/7 para.32	2017-2020	Collaboration on mainstreaming of gender into biodiversity-related activities improved	Number of partners promoting the mainstreaming of gender into biodiversity-related activities	SCBD, IUCN, UNDP, UNEP, IWBN

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
98. Conduct a capacity needs assessment in collaboration with gender experts and women, particularly indigenous women	XII/7 para. 45	2017-2020	Improved understanding of and ability to plan for assessment of capacity-building needs for women and particularly indigenous women to participate in processes and decision-making under the Convention	Types and extent of capacity-building identified	SCBD, IWB, UNEP, UNDP, IUCN
99. Collaborate with the Biodiversity Indicators Partnership to develop and finalize a set of indicators on gender and biodiversity preliminarily identified by the Partnership	XII/7 para. 14	2017-2020	Indicators developed to monitor integration of gender considerations in implementation of the Aichi Targets; Monitoring of gender integration in the implementation of the Strategic Plan for Biodiversity 2011-2020 and its 20 Aichi Biodiversity Targets	Number and range of indicators developed	SCBD, BIP, IUCN, UNDP, UNEP
Strategic Plan for the Cartagena Protocol on Biosafety: Focal Area 1					
100. Organize regional and subregional workshops for Parties on integration of biosafety into NBSAPs and national development plans	BS-VII/5 para. 10; BS VII/1 para. 5	2017-2018	Parties provided with skills to better integrate biosafety issues into NBSAPs and national development plans and sectoral policies and programmes	Number of Parties and participants taking part in the workshops	SCBD, UNEP
101. Support pilot projects to develop and test practical measures for integrated national-level implementation of the Cartagena Protocol and the Convention	XII/29 para 9-11, BS-VII/5 para 12, 18 BS-VI/3 para 9	2017-2018	Pilot countries provided with support to develop and test practical actions to promote integrated national implementation of the CPB and the CBD	Number of countries that have piloted the integrated implementation of the CPB and the CBD and shares experiences and lessons learned	SCBD, UNEP
102. Publish case studies from Parties that have successfully integrated or are in the process of integrating biosafety into their NBSAP	BS-VII/5 para. 10; BS-VII/1 para. 5	2017-2020	Parties have the necessary tools and capacity to better integrate biosafety issues, including requirements under Article 23, into NBSAPs and national development plans and sectoral policies and programmes	Number of Parties that have integrated biosafety in NBSAPs; Number of Parties using case studies on integrating biosafety in NBSAPs; Number of Parties incorporating requirements under Article 23 in their CEPA frameworks	SCBD

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
103. Develop capacity-building materials on mainstreaming biosafety into NBSAPs	BS-VII/5 para. 10; BS-VII/1, para. 5	2017-2020	Parties have the necessary tools and capacity to better integrate biosafety issues into NBSAPs and national development plans and sectoral policies and programmes	Number of Parties using materials to promote the integration of biosafety into their NBSAPs; BCH page on biosafety mainstreaming providing relevant information	SCBD, UNEP
104. Compile and disseminate available guidelines and other materials to support Parties in the implementation of their NBFs	Strategic Plan for Biosafety; BS-V/16	2017-2018	Parties are supported in the development or updating of their NBFs	Number of guidelines and other relevant instruments collected and disseminated	SCBD, UNEP
105. Support the compliance committee in its efforts to assist Parties in developing and updating the National Biosafety Frameworks (NBFs)	Strategic Plan for Biosafety; BS-V/16	2017-2020	Parties are supported in the development or updating of their NBFs	Number of Parties that have an operational NBF in place; Number of Parties that have at least one instrument (law, regulation, or guideline) in place	SCBD, Compliance Committee
106. Organize capacity-building activities to enable Parties to implement the LMO identification requirements of paragraph 2 (a) of Article 18 and related decisions	BS-III/10	2017-2020	Parties are better equipped to take measures to ensure that shipments of LMOs intended for direct use as food or feed or processing (LMOs-FFP) are identified through accompanying documentation and to prevent and penalize illegal transboundary movements of LMOs	Number of Parties taking domestic measures to ensure that all LMOs-FFP shipments are identified in accompanying documentation; Number of Parties with domestic measures to prevent and penalize illegal transboundary movements	SCBD
107. Create, in the Biosafety Clearing-House, a webpage for the easy retrieval of the technical tools for the detection of illegal/ unauthorized LMOs	BS-V/9, para. 5	2017-2020	Technical tools for the detection of illegal/ unauthorized LMOs are compiled and made available; Sharing of information and experiences among Parties enabled	Number of Parties accessing tools for detecting illegal/ unauthorized LMOs; Number of downloads of the tools from the BCH.	SCBD
108. Organize online discussions through the Network of Laboratories on the detection and identification of LMOs	BS-V/9, para. 5	2017-2020	Technical tools for the detection of illegal/ unauthorized LMOs are compiled and made available to Parties	Number of Parties using tools for detecting unauthorized LMOs; Number of downloads from BCH	SCBD, Network of LMO Detection and Identification Laboratories

Activities	COP or COP-MOP decisions	Timeline	Expected output/outcome	Indicators	Responsibility/partners ²
Strategic Plan for the Cartagena Protocol on Biosafety: Focal Area 2					
109.Organize training courses in risk assessment using the latest version of the manual on risk assessment of LMOs	BS-VII/12, paras. 11-14	2017-2020	Improved capacity of Parties to conduct risk assessment of LMOs in accordance with the Protocol	Number of regional training courses successfully carried out; Number of people trained in risk assessment	SCBD, AHTEG on risk assessment
110.Develop e-learning modules based on the latest version of the manual on risk assessment of LMOs	BS-V/12, para. 9 (d)	2017-2020	Interactive e-learning modules made available to Parties as a more cost-effective way of delivering training	Number of e-learning modules available; Number of downloads and use of the e-learning modules	AHTEG on risk assessment
111.Organize capacity-building workshops on sampling, detection and identification of LMOs	BS-VII/10, para. 5 (d)	2017-2020	Parties are trained and equipped for sampling, detection and identification of LMOs; Parties are assisted in fulfilling the requirements under Article 17 of the Cartagena Protocol	Number of regional capacity-building workshops successfully organized; Number of participants taking part in the workshops	SCBD, EU-JRC, and reference laboratories in each region
112.Develop, in collaboration with relevant organizations, training materials on sampling, detection and identification of LMOs	BS-VII/10, para. 5 (d)	2017-2020	Parties are trained in LMO sampling, detection and identification	Number of collaborations established on the development of capacity-building curricula	SCBD, Network of LMO Detection and Identification Laboratories
113.Organize subregional workshops on public awareness, education, and public participation (PAEP) concerning LMOs	BS-V/13	2017-2020	Parties are assisted to promote and facilitate public awareness, education and participation concerning LMOs	Number of workshops successfully conducted; Number of individuals participating workshops	SCBD, Aarhus Convention
114.Establish/operationalize networks/ online forums to facilitate exchange of experiences and lessons learned on PAEP	BS-V/13	2017-2020	Parties are sharing experience and lessons learned on public awareness, education and participation	Number of individuals participating in discussion forums, networks and other mechanisms	SCBD, Aarhus Convention
115.Develop and facilitate exchange of training and guidance materials on PAEP	BS-V/12, BS-V/13	2017-2020	Training and guidance materials on public awareness, education and participation available through BCH	Number of guidance toolkits, best practices handbooks, and e-learning materials produced	SCBD, Aarhus Convention

List of abbreviations used in the table

ABS-CDI – Access and Benefit-Sharing Capacity Development Initiative (www.abs-initiative.info)

ACB – ASEAN Biodiversity Centre (www.aseanbiodiversity.org)
