

COP 14 decisions containing requests related to NBSAPs

Decision	Title	Relevant Text
14/1	Updated assessment of progress towards selected Aichi Biodiversity Targets and options to accelerate progress	<p>7. <i>Invites</i> Parties that have adopted their national biodiversity strategies and action plans as whole-of-government policy instruments to share, including through the clearing-house mechanism of the Convention, their experiences and best practices in doing so, including challenges encountered;</p> <p>8. <i>Urges</i> Parties to significantly accelerate their efforts to implement the Strategic Plan for Biodiversity 2011-2020, in particular by addressing any gaps between the aspirations included in their national biodiversity strategies and action plans and the actions taken to implement them;</p> <p>20. <i>Further requests</i> the Executive Secretary, in collaboration with Parties, to keep the analysis of national biodiversity strategies and action plans and national targets up-to-date and to make this information available through the clearing-house mechanism of the Convention;</p> <p>22. <i>Requests</i> the Executive Secretary, in consultation with Parties, the Secretariat of the Global Environment Facility, the United Nations Development Programme and the United Nations Environment Programme, to analyse the status of adoption of national biodiversity strategies and action plans by eligible Parties and to continue to monitor the integration of biodiversity into sustainable development plans and poverty eradication strategies;</p>
14/3	Mainstreaming of biodiversity in the energy and mining, infrastructure, manufacturing and processing sectors	<p>13. <i>Encourages</i> Parties, and invites other Governments and relevant stakeholders, notably public and private entities engaged in the energy and mining, infrastructure, manufacturing and processing sectors, as relevant, in accordance with their national capacities and circumstances, priorities and regulations:</p> <p>(r) To promote the formulation of policies, work plans and concrete actions among ministries, agencies and other bodies responsible for biodiversity and the sectors of energy and mining, infrastructure, manufacturing and processing, to facilitate the mainstreaming of biological diversity in these sectors, within the framework of the Strategic Plan for Biodiversity 2011-2020 and the 2030 Agenda for Sustainable Development, and to include such policies, work plans and concrete actions in their national biodiversity strategies and action plans, as appropriate;</p>

14/4	Health and biodiversity	<i>Invites</i> Parties and other Governments to consider integrating One Health policies, plans or projects, and other holistic approaches in their national biodiversity strategies and action plans, and, as appropriate, national health plans, and other instruments including those under the United Nations Framework Convention on Climate Change and the International Strategy for Disaster Risk Reduction, to jointly support the implementation of the Convention, the 2030 Agenda for Sustainable Development and other relevant global commitments;
14/5	Biodiversity and climate change	4. <i>Encourages</i> Parties, pursuant to decisions IX/16 , X/33 , XII/20 , XIII/4 and XIII/5 , to further strengthen their efforts: (b) To integrate climate change issues and related national priorities into national biodiversity strategies and action plans and to integrate biodiversity and ecosystem integrity considerations into national policies, strategies and plans on climate change, such as nationally determined contributions, as appropriate, and national climate change adaptation planning, in their capacity as national instruments for the prioritization of actions for mitigation and adaptation;
14/6	Conservation and sustainable use of pollinators	3. <i>Encourages</i> Parties, other Governments and relevant organizations and networks to support and implement relevant activities of the International Initiative on the Conservation and Sustainable Use of Pollinators through, among other things, the integration of appropriate measures into the implementation of national biodiversity strategies and action plans, as well as subnational and local biodiversity strategies and actions plans, as appropriate, and relevant policies, legislation, and programmes;
14/7	Sustainable wildlife management	3. <i>Encourages</i> Parties, other Governments and relevant organizations, including other biodiversity-related conventions and conservation agreements, where applicable, and in accordance with national circumstances and national legislation, to make use of the voluntary guidance for a sustainable wild meat sector, as well as the Plan of Action on Customary Sustainable Use of Biological Diversity and the Sustainable Development Goals, when developing, revising and implementing governance approaches on wildlife and when developing and updating national development plans and national biodiversity strategies and action plans
14/17	Integration of Article 8(j) and provisions related to indigenous peoples and local communities in the work of the Convention and its Protocols	4. <i>Encourages</i> Parties to engage with indigenous peoples and local communities in the implementation of the Convention, including by recognizing, supporting and valuing their collective actions, including their efforts to protect and conserve their territories and areas, for the goals of the Convention, and, fully engage them in the preparation of national reports, the revision and implementation of national biodiversity strategies and action plans, and the process for developing the post-2020 biodiversity framework for the Convention;

14/21	Liability and redress (Article 14, paragraph 2)	2. <i>Invites</i> Parties to continue to address the issue of liability and redress in the context of Article 14, paragraph 2, including restoration and compensation for damage to biological diversity through, as appropriate, national policy, legislation, national biodiversity strategies and action plans;
14/30	Cooperation with other conventions, international organizations and initiatives	<p>17. <i>Encourages</i> Parties to the Convention that are also Parties to the United Nations Framework Convention on Climate Change or the United Nations Convention to Combat Desertification to consider, as appropriate, the relevance of their actions to implement the Convention on Biological Diversity, including their national biodiversity strategies and action plans, with actions for the achievement of their nationally determined contributions to the Paris Agreement¹ and their national action programmes, respectively, and to also consider, where appropriate, ecosystem-based approaches to adaptation, aiming to reduce human vulnerability to climate change;</p> <p>18. <i>Invites</i> Parties to the Convention that are also members of the United Nations Forum on Forests to consider, as appropriate, the relevance of their actions to implement the Convention on Biological Diversity, including actions under their national biodiversity strategies and action plans, in the design of their voluntary national contributions towards achieving one or more global forest goals and targets of the United Nations strategic plan for forests 2017-2030;</p>
14/34	Comprehensive and participatory process for the preparation of the post-2020 global biodiversity framework	11. <i>Invites</i> Parties and other Governments to consider developing, as appropriate to the national context, individually or jointly, and on a voluntary basis, biodiversity commitments that contribute to the achievement of the three objectives of the Convention, strengthen national biodiversity strategies and action plans, facilitate the achievement of the Aichi Biodiversity Targets and contribute to an effective post-2020 global biodiversity framework, without prejudging the outcomes of the process to develop this framework, and contribute to achieving the 2050 Vision for Biodiversity and to share information on these commitments through the clearing-house mechanism and other means;
