NOTIFICATION

Subject: Training course, workshops and guided tours for the participants to the twelfth Meeting of SBSTTA, on 1 July 2007, Muséum national d'Histoire Naturelle 57, rue Cuvier, Paris, 5th District

Dear Madam/Sir,

The Secretariat, in cooperation with the Muséum national d'Histoire Naturelle de Paris and its other partners of the scientific consortium, is pleased to announce the organization, on Sunday 1 July 2007, of a training course, in English or French, for the participants in the twelfth meeting of the SBSTTA. This training will be held from 9:30 to 17:00 in the *Grand Amphithéâtre* of the Museum located at 57, rue Cuvier, Paris, 5th District. The following items on the agenda of SBSTTA-12 will be addressed: the ecosystem approach, the Global Strategy for Plant Conservation and climate change.

Workshops will also be organized, on a range of other subjects, such as the Article 8(j), indicators and scenarios, inventories of biodiversity, taxonomic promotion, and access and benefit-sharing. They will be followed by guided tours of different collections and exhibitions of the Museum, in both English and French languages.

As space is limited, delegates are encouraged to register as early as possible, but **not later than 31 May 2007**. For the delegates whose participation in the SBSTTA-12 meeting is sponsored by the SCBD, it is strongly advised that you indicate your intention to participate in these trainings before your travel arrangements are finalized. Any additional costs associated with making changes to travel itineraries after they have been issued will be the responsibility of the participants.

I wish to encourage you to participate in these important training activities and to share this information with interested colleagues. Registration forms are attached and should be completed and returned to the Secretariat no later than **31 May 2007 for the training course, and to the Museum for the workshops and the guided tours**

Please accept, Madam/Sir, the assurances of my highest consideration.
