## NOTIFICATION

### Video on the International Day for Biological Diversity: Biodiversity and Climate Change

Dear Madam/Sir,

This notification supersedes information provided with regards to the video in my previous notification dated 4 May 2007.

I have the pleasure to inform you that the video related to this year's celebrations of the International Day for Biological Diversity (IBD), under the theme "Biodiversity and Climate Change", is available online to view and download in MPEG format at the Secretariat's website at: <http://www.cbd.int/ibd>.

A full DVD version of the video in both PAL and NTSC formats is available to download via FTP at <ftp://ftp.biodiv.org/ibd-videos/>. Copies of the DVDs are also available upon request via regular post through [secretariat@biodiv.org](mailto:secretariat@biodiv.org)

Both versions are suitable for screening to audiences at your relevant events and I also encourage you to share the video with various television and media outlets in your country for broadcast.

Once again, the Secretariat wishes all a successful and memorable celebration of the International Day for Biological Diversity.

Please accept, Madam/Sir, the assurances of my highest consideration.
