To ensure maximum flexibility in presentations, and to take into account the different resource capabilities of Parties, it will also be possible to mount a display for only some of the days of the COP/MOP. Participants will be expected to have a resource person on hand at the fair during the entire time of their display.

The Secretariat invites Parties, other Governments, development agencies, research institutions, and other relevant organizations and initiatives to register their interest to showcase their projects, activities and material with the Secretariat at their earliest convenience, but **no later than 27 March 2008**.

In order to facilitate the organization of the Fair, indications of interest should include a short description (one page maximum) of the proposed activities, presentations and/or material to be showcased, including any audio-visual requirements. The dates for display and/or presentations should also be indicated.

It is important to note that, due to restricted room capacity, only a limited number of exhibitors can be offered the opportunity to showcase their work. The Secretariat reserves the right to select the exhibitors. Also note that limited support will be provided for PC-based materials and will be allocated on a first-come-first-served basis. Parties are encouraged to provide their own laptops. Internet access will be made available. A large screen, with audio system, will also be available for the display of films and presentations.

Please accept, Madam/Sir, the assurances of my highest consideration.
