## NOTIFICATION

### **Regional Workshop on Resource Mobilization for Central and Eastern Europe and Central Asia 26 to 28 May 2014 - Isle of Vilm, Germany**

Dear Madam/Sir,

I am pleased to inform you that a regional workshop on resource mobilization for Central and Eastern Europe and Central Asia will be held on the Isle of Vilm, Germany, from 26 to 28 May 2014. The workshop is being organized by the Secretariat of the Convention on Biological Diversity, the United Nations Development Programme, through its Biodiversity Finance Initiative, the United Nations Environment Programme, through its World Conservation Monitoring Centre. It will be hosted by the Government of Germany, through its International Academy for Nature Conservation, with financial support provided by the European Union.

The workshop is one of a series of resource mobilization workshops, convened pursuant to paragraph 27 of COP decision XI/4, on the review of implementation of the strategy for resource mobilization, including the establishment of targets. Pursuant to this request, the workshop seeks to contribute to achieving the following outcomes:

- (a) Enhanced capacity of participants to apply pertinent methodologies, frameworks and tools for identifying, assessing, and reporting existing biodiversity finance, in order to develop robust financial baselines and for developing national finance plans, including financial targets, for effective implementation of revised National Biodiversity Strategies and Action Plans (NBSAPs).
- (b) Enhanced understanding of participants of the importance, for effective mobilization of financial resources, of identifying relevant biodiversity values and incorporating these values in policy planning, including in revised NBSAPs; and of existing case studies and good practices on pertinent approaches and measures for such identification and incorporation.

In this connection, I am pleased to invite your Government to nominate a resource mobilization expert who will participate in this workshop, preferably the official in charge of resource mobilization and/or the development of national finance plans for the implementation of the revised National Biodiversity Strategy and Action Plans. The nominees proposed should be in a position to translate the capacity and insights gained from the workshop into concrete actions for the effective mobilization of resources for the implementation of the revised NBSAPs.
