NOTIFICATION

Funding opportunities for migratory species conservation

Dear Madam/Sir,

I would like to draw your attention to a notification issued by the Secretariat of the Convention on the Conservation of Migratory Species of Wild Animals (CMS), regarding funding opportunities within the Wildlife Without Borders programme of the United States Fish and Wildlife Service International Conservation Funds programmes and the Mohamed bin Zayed Species Conservation Fund, respectively.

The CMS Secretariat encourages its Parties and partners to submit project proposals that support the implementation of conservation activities on the ground. Taking into account the shared goals and objectives of the CMS and the Convention on Biological Diversity, I encourage you to take note of these funding opportunities and to consider projects that contribute to the objectives of both conventions synergistically.

Information on procedures to submit proposals and deadlines is available in CMS notification 2016/001 at: <http://www.cms.int/en/news/2016001-funding-opportunities-migratory-species-conservation>.

Please accept, Madam/Sir, the assurances of my highest consideration.

Braulio Ferreira de Souza Dias
Executive Secretary

To: CBD National Focal Points, SBSTTA Focal Points and relevant organizations
