“Unlocking solutions: PANORAMA helps to fill the implementation gap”  
23 June 2021**

Dear Madam/Sir,

I am pleased to inform you that the “PANORAMA: Solutions for a Healthy Planet” Initiative, in collaboration with its associated partners, is organizing the virtual information event “Unlocking solutions: PANORAMA helps to fill the implementation gap”, in the context of the post-2020 global biodiversity framework. The event will take place on **23 June 2021 from 15:00 to 16:30 CEST / 9:00 to 10:30 EST**.

The objective of the event is to highlight the importance of capacity development and knowledge management as means of implementation of the post-2020 global biodiversity framework and to showcase how PANORAMA could help to fill the implementation gap. Participants will learn about PANORAMA’s work and how they could contribute to and benefit from this partnership. A few Solution Providers will also share their success stories and experiences with PANORAMA and outline how the partnership could be used for concrete action and international collaboration to support the implementation of the post-2020 global biodiversity framework.

Those interested in participating are invited to join the event on 23 June 2021 at the following link: <https://panorama.solutions/en/news/join-us-panorama-side-event-unlocking-solutions-panorama-helps-fill-implementation-gap>.
