1	1	Line 4. ... Adopt a the post 2020... a should be removed.
1	1	The second sentence seems too long. I would suggest a reformulation of this paragraph as: The current focus of activitiesthe Aichi Biodiversity Target. On the other hand , the fifteenth meeting of the conference of the partiesdecade. This should be done i) in the context of the 2050 Vision of the Strategic Plan for Biodiversity 2011-2020; ii) the 2030 Agenda for Sustainable Development and other relevant international processes; iii) the light of an assessment of progress in achieving the Strategic Goals and Aichi Biodiversity Targets of the Strategic Plan for Biodiversity 2011-2020 as well as of future scenarios of change
2	5	Last line: the “ ; ” after cooperation could be removed.
4	15, 16, 17	I don’t understand the expression “the follow-to” used every where on this page and above. I think it is “the follow-up of ” that is repeat on the entire
6	21	Ongoing works s strengthen both (the “ s ” is missing)
6	24	Line 6. A general view Should serve as..... not “server”
9	18	in light of this ; many The “ ; ” is missing
9	39	as detailed her, I don’t see the difference between a. participatory and b. inclusive . Inclusive seems to include the participation and I would suggest that the two paragraph are merged as a. Participatory/inclusive
10	39	I would suggest that the principle f. Iterative is entitled f. Adaptive/iterative
10	39	I would add another principle g. Cost effective . This principle is respected in the strategy of valorising other key events that may provide opportunities for consultation on the development of the post 2020 global biodiversity framework.
10	40	a- line 6.submission through.... As well as (well)... The “ well ” following the last as should be removed
10	40	b- Last line. “ Would ” should ne “ will ”
