5	18	The sentence ".. and may need to be updated in the light of the follow-up plan." needs some additional information or should be rephrased in this document. The SDG-process is a separate process, with other decision-making bodies. Information on this process is relevant to be aware of for the SBI
5	20	The stepwise process to 2050 via 2020, 2030, 2040 should be mentioned, and also the possibility for COP15 to give some indicative lines to 2040.
6	22 bis	It would be useful if the document could indicate the links between the possible interim NDCs and the NBSAPs. (can also be addressed after para 35)
13	Aug-oct 2018	We question the timeline for this work as the COP14 is to adopt a decision on the process and not the content.
