**Subject:** SV: CBD Notification 2017-124 - Peer review - Proposals for a comprehensive and participatory process for the preparation of the post-2020 biodiversity framework

Dear Sir/Madam,

Please find below some comments on the draft document on proposals for a comprehensive and participatory process for the preparation of the post-2020 biodiversity framework.

Regarding the suggested amendment on page 13; when you read para 37 (page 9) there is a suggestion that SBI may wish to consider recommending that the COP invite Parties and other governments to begin considering their national commitments in advance of the formal adoption of the post 2020 global framework. But when? There is no suggestion about when in the timetable, therefore it is easy to misinterpret the text. We would therefore suggest an amendment to make the text more clear.

Yours sincerely,

Charlotta Sörqvist
