

DIALOGUES ON BIODIVERSITY: BUILDING THE BRAZILIAN STRATEGY FOR 2020

Secretary of Biodiversity and Forests – SBF

Ministry of the Environment

BRASÍLIA

MARCH 2012

CBD STRATEGIC PLAN 2011-2020: Brazilian strategy for the internalization

Strategy objective:

Elaboration and proposition of national targets and effective legal instruments for the achievement of the Aichi Biodiversity Targets, in a participatory manner, and the update of the National Biodiversity Policy.

Engagement of the whole society required:

The strategy for the internalization of the CBD Strategic Plan 2011-2020 has involved the participation of different sectors of the Brazilian society in the whole process, as a way of obtaining the engagement and commitment of everyone for the achievement of the Aichi Biodiversity Targets.

CBD STRATEGIC PLAN 2011-2020:

Brazilian strategy for the internalization

Process
