

**Training Workshop on Implementation of the
CBD POWPA
Second Meeting of the Ad Hoc Open-ended
Working Group on Protected Areas
Rome, Italy
10 February 2008**

**Sarat Babu Gidda
Programme Officer
Secretariat - Convention on Biological Diversity
Sarat.Gidda@cbd.int
www.cbd.int**

Substantive issues

3.1 Review of implementation of the POW

3.2 Options for mobilizing funding for implementing the POW

Agenda item 3.1

3.1.1 Assessment of progress

3.1.2 Obstacles encountered and ways and means

3.1.3 Progress report on scientific criteria classification systems of marine areas

Agenda item 3.1 contd.

Pre-session Document: UNEP/CBD/WG-PA/2/2

INF documents: UNEP/CBD/WG-PA/2/INF/1-7
and INF/9

Progress:

- Notable progress in Targets 1.3, 1.5, 3.1 & 3.2
- Since 2004, 2300 new terrestrial areas and 50 new MPAs covering 50 mi.ha.
- In other targets progress is limited.

Agenda item 3.1 contd.

Obstacles:

- Lack of political commitment
- Institutional & policy impediments
- Insufficient human resources & capacity
- limited funding
- lack of tools & suitable guidelines
- limited stakeholder awareness & involvement

Agenda item 3.1 contd.

Suggested ways & means:

- Designation of focal points
- Establishment of multi-stakeholder committees
- Organization of regional catalyzing workshops
- Creating technical support networks
- Coordination of funding & technical support.

Agenda Item 3.2

Four sub-items

3.2.1 Financial needs assessment

3.2.2 Options on innovative FMs

3.2.3 Options on PPP

3.2.4 Coordination of financial and tech. support

Agenda Item 3.2 contd.

Pre-session document : [UNEP/CBD/WG-PA/2/4](#)

INF Document : [UNEP/CBD/WG-PA/2/INF/8](#)

3.2.1 Financial needs assessment

- Very few countries in the process of completing country-level SF planning
- Information on FNA is available for only 19 countries
- Estimated annual funding gap in these countries ranged from Us \$ 3.28 to 142.25 million

Agenda Item 3.2 contd.

3.2.2 Innovative Financial Mechanisms

- A wide range of IFM exist with potential to raise PA financing
- Need for diversified financial portfolio of both traditional and IFM
- Sound financial planning, improved financial management capacity, transparency and accountability.

Agenda Item 3.2 contd.

3.2.3 Public-Private Partnerships

- PPP in the sectors of ecotourism, watershed services offer for improving economic sustainability of PAs and efficiently leveraging investment
- Creating markets for PA goods & services, government interventions through enabling conditions, introduction of tax system to correct market failure are some of the innovative mechanisms for developing PPP
