

Biodiversity Day 2022 slogan in 6 UN languages

English

Building a shared future for all life

Note: This year's Biodiversity Day slogan is a shorter version of the COP15 slogan: "Building a shared future for all life on Earth". However, this short version does not translate very well into other languages. Therefore, the other five 5 languages remain unchanged COP15 slogans, as follows.

Arabic

بناء مستقبل مشترك لجميع أشكال الحياة على الأرض

Chinese

共建地球生命共同体

French

Bâtir un avenir collectif pour toute vie sur Terre

Russian

Построение общего будущего во имя всего живого на Земле

Spanish

Construir un futuro compartido para toda la vida en la Tierra
