Goal D. The gap between available financial and other means of implementation, and those necessary to achieve the 2050 Vision, is closed.

Objective:

The post-2020 global biodiversity framework will be implemented primarily through activities at the national and subnational level, with supporting actions at the regional and global levels. However, the capacity for implementing the Convention in terms of human, technical and financial resources is limited in many countries, especially in developing countries. Reaching the 2050 Vision for biodiversity will require that the necessary means of implementation are available to enable Parties and stakeholders to undertake the necessary actions. These means of implementation will be required throughout to 2050 at a level commensurate with the ambition of the other goals.

Milestones	Component	Indicators (Headline in bold)
<p>Milestone D.1 Adequate financial resources to implement the framework are available and deployed, progressively closing the financing gap up to at least US \$700 billion per year by 2030⁵.</p> <p>Milestone D.2 Adequate other means, including capacity-building and development, technical and scientific cooperation and technology transfer to implement the framework to 2030 are available and deployed.</p> <p>Milestone D.3 Adequate financial and other resources for the period 2030 to 2040 are planned or committed by 2030.</p>	<p>D.1 Close the US\$ 700 billion financial gap</p> <p>D.2 Avoid future costs and increase financial resources</p> <p>D.3 Other means are available and deployed</p> <p>D.4 Financial and other resources are planned or committed</p>	<p>D.0.1 Funding for implementation of the global biodiversity framework</p> <p>D.0.2 Indicator on national biodiversity planning processes and means of implementation</p>

Linkages

Objectives of the CBD – conservation of biological diversity, sustainable use of the components of biological diversity, and fair and equitable sharing of the benefits arising out of the utilization of genetic resources

GBF targets – all targets

Sustainable Development Goals

- Goal 3: Ensure healthy lives and promote well-being for all at all ages
- Goal 5: Achieve gender equality and empower all women and girls
- Goal 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
- Goal 9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
- Goal 10: Reduce inequality within and among countries
- Goal 12: Ensure sustainable consumption and production patterns
- Goal 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
- Goal 17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

GBO-5 pathways

Essential for the achievement of all transitions to sustainable pathways identified in GBO-5
